Some one saw them leave the place suddenly and com-municated a suspicion that they might have stolen something to Detective Beswick. He got on their track and half an hour later found them in the Rock Island yards ready to leave town. They were taken to the sta-tion with the bundle of clothes still in their possession. Machan was given the first intimation that he had been raided when he was asked to come to the police station and identify the clothes. The suit proved to be the property of an ex-police officer who hat left it to be cleaned, and was valued at \$35 Isam Irvington and Agustus James were the names given by the thieves.

Pure blood, strong nerves and muscles, firm, healthy flesh can only come from wholesome food well digested. "Blood purifiers" and "nerve tonics" do not reach the cause of the mischief. The stomach is the point to be looked after. The safest and surest way to cure any form of indigestion is to take after each meal some harmless preparation which will of itself digest food. There is an excellent preparation of this kind composed of vegetable essences, pure pepsin, Golden Seal and fruit salts, sold by druggiots under the name of Stuart's Dyspepsia Tablets, and these tablets, taken after meals, assist digestion wonderfully because they will digest the food promptly before it has time to ferment and sour, and the weak stomach, relieved and assisted in this way, soon becomes strong and vigor

It was reported among the attorneys around the court house yexterday that Paul's absence seriously compromised his attorney and crippled his argument for a number of exhibits that were to be used. It was also stated that his attorney was so chagrined at his client's conduct that he was on the point of abandoning the argumen and letting it go to the jury without the strong plea he had prepared and made. Recovered Jacquemin's Watch

Officer Murphy yesterday recovered the gold watch that was snatched from a tray on the showcase of C. B. Jacquemin & Co.'s tore Tuesday afternoon. It was found in an Omaha pawnshop, where the thief had pledged it for several dollars. The police were able to recognize the thief by the description given by the pawnbroker. His were able to recognize the thief by the de-scription given by the pawnbroker. His home is in St. Joseph, where his mother keeps a disorderly house. He has made frequent visits to this city and Omaha and is well known to the gambling fraternity and to the police of both towns. He came o Council Bluffs Monday, and Tuesday morning was ordered out of town. The watch was of sufficient value to make the crime of felony, and it is likely that the fellow will e arrested and brought back.

Association Not Weakening. Freight Traffic Manager Munroe of the Union Pacific, who returned Wednesday from New York City, said that he knew nothing of the reported weakening and probable dissolution of the recently organized Trans continental Freight association. He said that it was not certain when the new schedule of rates would go into effect on the ciation, as the date on which those rates would become operative had been indefinitely postponed. He said the postponement was due to the enormous amount of work in-cident to such a change and not because there was any achism within the association

Cut by the Transmissouri Lines to Utah Common Points Shuts Out the Dealers Across the Sterra Nevadas.

SAN FRANCISCO, May 14.-San Francisco merchants propose to retallate upon the railroads composing the Transmissouri Traffic association unless they recede from the attitude assumed by them on the subject of westbound freight rates into Utah. For some time past these roads, the Santa Fe, Celorado Midland, Rio Grande Western, Union Pacific, Union Pacific, Denver and Guif, Missouri Pacific, Chicago, Rock Island and Pacific and the B. & .M. have been carry ing on an active rate war from Missouri river terminals, whereby San Francisco merchants would have been excluded from Utah territory but for the active opposition of the Southern Pacific. Various attempts have been made to adjust the matter of these rates without success, with the results that San Francisco merchants have been quietly boycotting the roads comprising the associ-

The roads are beginning to realize that their antagonism of San Francisco shippers was not a profitable enterprise and have called a meeting of the Transmissouri association to take place in Denver May 21 to consider the question of westbound rates

At a meeting of the executive committee of the California Traffic association it was decided that Secretary Curtis should attend the meeting of the Transmissouri association and there present the claims of the California shippers.

Freight Traffle Manager Munroe of the Freight Traffic Manager Munroe of the Union Pacific, on being shown the feregoing telegram, smiled and said; "Yes, there will be a meeting of the Transmissouri at. Denver on May 21. Among other subjects to be taken up is the discussion of rates from California into Utah. The meeting was not called, however, for that purpose was not called, however, for that purpose with Southern alone. We shall confer with Southern Pacific representatives on the matter. UNION PACIFIC'S NEW TIME CARD. Several More Towns Placed Within

Shopping Distance of Omaha. Last Sunday there was a change of tim on the Omaha & Republican Valley division of the Union Pacific that is working to the great interest of Omaha merchants. A new freight train, No. 56, north of Beatrice, saving twenty-four hours between territory south of Beatrice and Omaha, was put on This insures the early morning delivery of stock at South Omaha. There is also a new passenger train between Lincoln and Stroms-burg, connecting at Valparaiso with the pas-senger train for Omaha. By this change copie living on the Stromeburg branch can eave their homes in the morning, come diectly through to Omaha, where they can three or four hours for shopping and be at their respective homes on the evening of the same day.

The freight train leaving Stromsburg at ight now connects with the freight from Steatrice at Valparaiso, giving the people on the Stromsburg branch an opportunity to reach the South Omaha markets early in the morning. The mixed train on the Kansas City & Omaha line between Stroms burg and Fairfield has been changed so as to connect with the Omaha & Republican Valley freight train at Stromsburg, giving to that territory good, quick service to South Omaha, and also giving to Omaha merchants a chance for early delivery of merchandise which can now be sent from Omaha at night nd be in Fairfield and in Fairbury by the

BICYCLES IN THE BAGGAGE CARS

Roads in the Central Passenger Committee WIII Carry Wheels Free. CHICAGO, May 14.—It is probable that all the roads in the central passenger committee will follow the lead of the Pennsylvania road in carrying bicycles free charge. The Lake Shore is preparing to follow suit and it is expected that all the competitors of the Pennsylvania and Lake Shore will soon join the procession. The western roads will not at the present time take any action in the matter. They have had for a long time a provision in their agreement that a charge should be made for carrying the wheels and some of the roads declare bey will continue to make a charge no mat-ter what the other roads do. The general objection seems to be that the bleycle is too unwieldy an article to carry in the baggage ars. Some railroad officials say that if they are to carry all the wheels that will be thrust upon them, once they begin to carry them for nothing, they will have to run more bag-gage than passenger cars upon their trains.

MILWAUKEE WINS ON AN APPEAL Chairman Caldwell Passes

Troubles of the "Low Joints."

Secretary Munn of the local passenger as

There were two counts to the case brought before the "low joints" by the Northwestern and against the Milwau kee. Before that body the Milwaukee was declared innocent on the first count and guilty on the second. The Northwestern immediately appealed from the decision of the association on the first count, and the Milankee appealed on the second count. appeals were taken to Chairman Caldwell arbitrator and he has sustained the de-sion of the "low joints" on the first counand reversed their decision on the second count.

Company Will Not Pay the Costs. General Manderson was asked yester-day merning if the B. & M. road would agree to pay all the costs inl should the government dismiss land grant suits against the 3,500 Nebraskans who have acquired their property through that road, that being the condition of Attorney General Harmon or which the government would agree to a dismissal of the cases. General Manderson re-piled that although his company was exseedingly anxious to have the cases against the settlers dismissed, the thought it hardly fair that the company should pay the costs. He said he should not agree to that condi ion, and that he was at present engaged in telegraphic communication with the authorities at Washington as to what other basis of settlement could be reached.

Promises to Be a Record Breaker. A prominent official of the Union Pacific who keeps in touch with the agricultural interests along that road said yesterday morning that of if a straight line were drawn between Omaha and Kearney not an inch of ground would be found that had not been pretty thoroughly saturated with water by the recent rains. Continuing, he said: "Since the beginning of March this strip of land his received more moisture than during any corresponding period for the last twenty

The city council met last evening in special session to hear protests in the liquor license cases, all members being present. Vangant, for the committee on license, reported in favor of granting licenses to fortyeight applicants and overruling the protests. Hyland seconded the motion to grant the licenses.

At this point an additional remonstrance against granting a license to M. Wellstein & Co. was filed on the following grounds:

& Co. was filed on the following grounds:

1. That there is no such newspaper published in Douglas county as the Omaha Daily World-Heraid.

2. That the notice was not published for two weeks as provided by law.

Objection was raised by Mr. Simeral to the application of Pat Brosnihan, as the proof of publication furnished by the World-Herald showed that the applicant's advertisement had been published only from tisement had been published only from to May 2, and not two weeks, as onired by law.

Upon a vote, the report of the committee was adopted unanimously.

J. A. Tucker was appointed official stenographer for the council in the hearing of he cases.

Simeral suggested that the council ske up the point of publishing, he content ing that the statutes provide that the first day of publication be excluded, and the last included. It was suggested that one case be chosen, and the point taken up to cases to be held open until the district court decides the matter.

Mr. Simeral stated the supreme court had decided this matter several times, and has always declared that applicants must adver-

tise fourteen days.

Mr. Hitchcock, for the World-He ald, asserted that the computation of time, as laid lown in the statutes, relates only to the forfeiture of property and had no bearing on liquor license notices.

Simeral said the statute was general and

referred to all cases where time was to be computed. City Attorney Lambert gave as his opinion that, as far as the section of law went in regard to computation of time, it referred to infector courts, such as city councils. Mr. Lambert said he understood the council wanted to be right, and he saw no reason why an exception should be made in Mr. Hitchcock's favor. He suggested that the World-Herald amend its affidavit of proof of publication, providing the council would

Mr. Hitchcock said the World-Herald would not amend its affidavits. "We know we are right," he said, "and are willing to go ahead."

Mayor Ensor thought the question should be passed on. Vansant moved that Simeral's objection as to computation of time be overruled, and the motion was carried.

Mr. Simeral gave notice of an objection and ordered a transcript of the Wollstein case in order to appeal to the district court. Vansant then moved that the protests filed against Wollstein be overruled and all members voted in favor of it.

An effort was made to reach an agree

neat between the attorneys that the decl eion of the district court in regard to the computation of time carry all the esses with it. Hitchcock refused to assent to the agreement unless the other points in the protests were to be decided at the same Simeral insisted that the computation of time was all he wanted decided at this

After a long wrangle it was finally decided o go on and hear the rest of the protests n the Wollstein case. The affidavit of publication was offered; also the remonstranc which objects to a license being granted be cause the applicant published his notice in the Omaha Daily World-Herald, there being no ruch paper; and also for the reason that the notice was not published for two weeks as provided by law.

The applicant rested his case. Vansant moved that the protest be overruled and the license be granted. Motion carried. Notice of an appeal to the district court was given.

Who Found Miss Pitzer. GLENWOOD, Ia., May 13 .- To the Editor of The Bee: There seems to be considerable controversy in regard to the reward paid for the discovery of Miss Pitzer, and as yet have seen fit to put my name into the mat-ter in today's paper, I will give the true facts in the case. I obtained information incidentally through a friend of mine, Mr. Reader (in the employ of the Mercer hotel in Omaha), who said he had seen Mis-Pitzer in the park on Sunday, May 3, hu at the time he did not know we were want ing her. He had been acquainted with her at Tabor, where they attended school to-gether. I went to Omaha May 6, and was fully convinced that Miss Pitzer was in Omaha, and so informed the police, also notified the different railroad offices, leaving a description and picture with them. Among others, I left one with Mr. Jones at the Union Pacific depot. Thursday I received a message from Mr. Jones that Miss Pitzer was being held at Fremont, Neb., by Mr Scanlon, who had been instructed by wire by Mr. Jones, and Mr. Jones also informed me by letter that they claimed the reward was to be divided between them

equally.
