pire: Carss.

tion since 5 o'clock in the afternoon. The report of the damage to the bridge and the estimates of the number of dead, he said, were not confirmed with any accuracy and the report of the destruction of the Rola'y in East St. Louis also lacked corroboration.

2

MANY LARGE BUILDINGS WRECKED.

Destruction in the Center of the City is Most Appalling.

ST. LOUIS, May 27 .- Death and destruction reign supreme in St. Louis and vicinity as a result of the most terrible storm that ever visited this section of the country. So widespread is the destruction in both St. Louis and East St. Louis that it is impossible to even estimate the amount of the damage and loss of life. Buildings of every description are in rulns and as a result hundreds of people are reported dead and injured, but until day ight comes and order is restored it will be impossible to make any definit statements. Reports are in circulation that the East St. Louis side of the river have been sunk with all on board. The city is nearly in darkness, as the electric lights and trolley wires are down. With one or two exceptions all thes treet car lines in the city are at a standatill and thousands of are compelled to remain down town or walk

The storm broke out about 5 o'clock yes terday afternoon, after a most oppressively not day, and rain began to fall. It soon developed into a flerce thunder storm, with wind from the cast. A little later the wind gained a velocity of eighty miles an hour, driving the rain before it and lear-ing loose signs, cornices, chimneys and everything in its way. Many buildings of every description were demolished and others set on fire by lightning and crossed fourteen alarms. The streets were full of people going hom from work and a pante ensued as soon as the storm broke. Mer were picked up and hurled against toe mildings, horses and carriages were sent flying here and there and falling wire full of deadly fluid added to the borror of the scene. Suddenly the wind vecred around to the west and completed the destruction.

It is asserted by some of those who have traversed the down-town part of the city that there are but few buildings in St Louis that have not suffered in some way from the storm. Tonight the streets are in complete darkness and travel in any didangerous because of fallen live wires and debris lying everywhere.

The wagon way of the Eads bridge or the East St. Louis side is a crumbling mass of mortar and stone and parts of the tower and pler No. 1 were also torn away. Thou sands of dollars will not cover the wreckage. An outbound accommodation train of the Chicago & Alton road was wrecked by a broken rail, but fortunately nobody amon fifty passengers was hurt. A trolley car loaded with passengers bound for the to the railroad track below, but with what result is not known. The roof of the publican convention hall was blown off. re

A twenty-four foot section of the western wall of the city jail was blown clear down exposing the interior. It was during exer cise hour and 200 prisoners were exercising in the building. They were panic stricken. They were too frightened to try to escape. Jaller Wagner was on the scene in a mo-ment, and with the aid of a number of detectives and pollcemen, the prisoners were placed in their cells.

The tanks of the Waters-Pierce Oil com pany, on Gratiot street blow up, spreading destruction on every hand. Three stories of the Wainwright brewery were blown, down. The summer high school, Eleventh and Spruce, McDermott's saloon, Eleventh and Chestnut, the Central Emigrant of the opposite corner, Jere Shehan's livery stable, Eleventh and Walnut, were unroofed. The engineer of the Aetna Iron works. Twenty-first and Papan streets, was almost instantly killed. The walls blew in and he was scalded to death by steam. The consolidated wire works, Twenty-first and Papar streets, were almost totally wrecked. Sever people are known to have been injured seri ously by this wreck and many more are said to have been hurt by falling walls. The two e C. H. Sawyer Manufac story building of the turing company, 1819 Choteau avenue, was demolished. John Sawyer, a member firm, and Emma Cheney and Isabella Hamden, typewriters, were crushed to death un-der the walls. H. H. Sawyer, a member of

the firm was injured fatally. The St. Louis Refrigerator and Wooden-

St. aPtrick's church, at the corner of Sixth and Biddle streets. One thing that hinders the work of tak-Ing out the dead and rescuing the injured is the fact that every electric light and tele-phone wire is down. This prevents commu-nications between the various parts of the city and the town being in absolute darkness, the work of rescue is going on with agonizing slowness. To add to the dismal situation the rain which ceased shortly after the tornado paysed began again about 7.30 o'clock and is now coming down in torrents.

It is impossible to get reports from the police stations, where many of the dead and injured have been taken, and consequently all statements in regard to the dead and wounded up to the present time are the merest conjectures, but there is no doubt that the loss of life is greater than any-

thing the country has known since the diaster at Johnstown. Venice and Mamicki, villages just outside of St. Louis, were totally destroyed and a great loss of life is reported from them.

RAILROAD TRAFFIC SUSPENDED. Street Cars Stopped and Trains Or-

dered Held Until Daylight. LITTLE ROCK, Ark., May 27 .- The telegraph operator as Carondolet, four miles

south of St. Louis, says all street car communication between St. Louis and the suburbo is entirely cut off and the streets are almost impassable. But little is known there oncerning the tornado. The railroad tracks between Carondolet, Oak Hill and St. Louis are blocked with debris and many treatles have been torn away and in many places the tracks have been twisted out of line. The readbed was washed out in places and the track is under water. From persons who have made their way to Carondoist the operator learns that the storm did the great est damage in the weetern part of the city Little damage is said to have been done north of Choteau in the western part of the city. The Missouri Pacific has sus pended all trains between De Soto and St Louis and will not start envthing in that direction until daylight. Several landslide are reported. Southbound passenger trains are being held at St. Louis and northbound

passenger trains are being held at De Soto for further developments. From reports received at Carondolet, the Missouri division will be open by Thursday. Little or nothing definite is known at Car-ondolet of the damage done. The storm is very heavy in Bismarck, Mo. Rain is falling in torrents at Carondolet.

TORNADO ALSO STRUCK MOBERLY.

Ten Killed at Labaddie and the Town of Renick Destroyed. KANSAS CITY, May 27 .- A tornado is reported to have atruck Moberly, Mo., situated in Randolph county in the center of the state, late this afternoon. The extent of the damage is unknown. Wires east of here went down chortly after the storm struck. Specials to the Times state that ten pe

ple were killed in a tornado which struck the village of Labaddie, Franklin county, this evening, and that the tows of Renick, ten niles from Moberly, in Randolph county, was completely wiped out. Nothing been recured from either place. Nothing definite has Weather Observer Connors' prediction issued today was for severe thunder storms

ecompanied by southerly spualls for this aftoon and tenight in castern Kansas and estern Missouri. The eignal service Western Missouri. definition of a squall is a wind of varying velocity, at times reaching a high rate in an instant and dying out with equal suddenness A special to the Times from Mexico, Mo., reports that the storm swept across Audrain

county this evening, doing great damage to crops and wrecking many buildings. The correspondent reports that seven people have been killed in the county and probably twenty-five injured, but is unable to give any details.

SCHOOL HOUSE IS DEMOLISHED.

Eighty Children Are Reported to Have Perished at Drake, III. KANSAS CITY, May 27 .- The train dis-

patcher of the Alton here has a report from the operator at Roodhouse that at Drake, Ill., just south of Roodhouse on the Alton road, a tornado at a late hour this afternoon demolished a big school house and that eighty children perished in the confirmation of the report can ruins. be obtained.

At the Alton headquarters the reports that Mexico and Rush Hill, Mo., were swept by the storm are discredited. The Falls; secretary, S. Warren Hobbs, State

IOWA COLLEGE FIELD GAME Association Field Day Exercises to Be Held

at Marshalltown. MUCH INTEREST FELT IN THE EVENT

Seven Members of the Organization Have Many Ambitious Representatives in the List of Entries.

MARSHALLTOWN, Ia., May 27 .- (Spe cial.)-The state field meet of the lowa inter-Collegiate Athletic association will be held here on Friday. The colleges reprecented in the association are the lowa State

ollege, Ames; State University of Iowa, Iowa City: Drake University, Dog Moines, Upper Iowa University, Fayette; Iowa Chilege, Grinnell; State Normal School, Cedar Falls and Cornell College, Mt. Vernon. These colleges are united by a strong sentiment of rivalry and emulation. There is a cup given to the college winning the greatest number of points. This cup, prized by all coilege athletes, has as a rule alternated between Iowa City and Grinnell. Who will be the winner this year is a problem hard to solve. as Grinnell's bike riders have been thrown out for violating the rules of the League of American Wheelmen, Iowa State College

also expects to figure more prominently this year than heretofore. The last state field meet was held at Grinnell. The meet this year was given to the Iowa State College at Ames, but this Institution not having the facilities for accommdating the event, it was transferred to Mar-shalltown, where it will be held under the management of the Iowa State College. It is expected that the delegation of col-lege men which will be in attendance will

be the greatest which has ever attended in the history of the association. The athletes will begin to arrive the day previous to the meet and will be given their stalls at the grounds and their location in the city the silver, black and gold of the Though Iowa State College must predominate in the colors used in decorating the judges' stand

and the amphitheater on the grounds, the colors will be about evenly distributed among the spectatore, with perhaps a slight predominance of the colors of the State University of Iowa and Grinnell.

The day will be opened with an exhibition ball game between Grinnell and Ames. These teams are old rivals and each is con fident of defeating the other on neutral grounds. Last year Grinnell won; this year they were defeated by a score of 3 to 2. The Iowa State band, in conjunction with the Woodmen of the World band of Mar-shalltown, will furnish the music for the collego men, both at the ball game in the

In the evening they will assist the atternoon. In the evening they will assist the athletes of the Iowa. State College in giving an entertainment in the Odeon, the opera house at Marshalltown. The program will be diversified; the athletes will give exhibitions o tumbling, club ewinging, horizontal bar work etc., while the soloists of the band of World's Fair fame will render music unexcelled. The program will end with the presentation

of the cup and medals by Ed Sherman of Ames, president of the association. BUSINESS OF THE MEETING. The day following the athletic sports the association will hold its annual convention

in Marshalltown. Each of the seven colleges will be represented by three dele-gates. Penn College of Oskaloosa has applied for admission, and its case will be passed upon at this convention. The most important question which this convention will be called upon to settle will be the ques-tion of location for the next annual meet.

It has been proposed that the meet be made a permanent thing at some one place. A point centrally located would be the most point centrally located would be the most desirable. Iowa City, Grinnell, Des Moines, Marshalltown and Cedar Rapids have each been suggested as meeting all requirements

been suggested as meeting an retinemeasure Th following gentiemen are the present officers of the association. President, Ed Sherman, Iowa State College, Ames; vice president, H. J. Honeywell, Upper Iowa University, Fayette; second vice president,

Indianapolis and Milwaukee Play

Twelve-Inning Tie Game. INDIANAPOLIS, May 27.-Indianapolis and Milwaukee fought for twelve innings today, when darkness interfered. Score:

was boaten by Hill in the championship

match. Eaves, who beat Larned at Dublin, is champion of Wales. He came within a single stroke of winning the English cham-ponship from W. Bradley at Wimbledon. He ranks third in the English rating for 1985. Martin is also a ranked man, but is near the foot of the list. In other matches today Mahony beat Durl-acher, W. Baddeley beat Martin, Boyd beat Ball-Greene and H. Baddeley beat Cassalet. Larned then played a game of doubles with Goodbody as a partner and they de-fonted Durlacher and Frey by a score of 6.6, 6-2, 7-9 and 6-4. Larned and Goodbedy are thus qualified for the second round of the doubles.

ware company's factory was completely destroyed by fire caused by lightning. The loss is estimated at \$300,000. A rumor was widely circulated that the gas tank near the Con solidated wire works at the south end of the Twenty-first street viaduct had been blown over and fallen in on the wire works building, killing four men to a certainty and possibly more.

DIED IN EAST ST. LOUIS.

A. W. Becker of the big firm of J. P. Becker & Co. of East St. Louis was among the first persons to cross the Eads bridge after the storm abated. His family was in St. Louis and in his eagenessu to uget to them he climbed over the debris of the bridge on his hands and knees, over wrecked care, dead horses and a mass of other de-bris. He informed a reporter that the condition of East St. Louis is almost beyond de-scription. The town is a wreck for blocks around and the loss of life in that region

alone is estimated at from 200 to 250. The Vandalla freight house, near the east end of the Eads bridge, was completely demolished, a number of persons having gone down in the ruins. When Mr. Becker left the scene men were engaged in d gging out the dead and dying, and several bodies had already been removed. Meintze's grocery store and a whole row of brick buildings adjoining it were razed to the ground, but no person was injured. Another building wrecked was that of the East St. Louis Journal, the whole middle portion of it being blown out. About \$10,000 worth of clothblown out. ing was scattered over portions of East St. Louis. The city hall, which had just been repaired, was completely wrecked. Court was is session when the storm came, but everybody got out in safety. Another build-ing demolished was that of Philip Strickler, on the corner of St. Louis and Collinsville avenues. Mr. Strickler, his wife and several children perished in the falling structures demolished other were the National hotel at the stock lards, the Klippell restaurant, the old Relay depot and the Dublin house, an old brick building near

. None of these entailed any loss of life. The storm appears to have extended far the south and westward. The city of Bowling Green, Mo., is represented as being wrecked. The tornado broke in St. Louis at fifteen

minutes after 5 o'clock, coming directly from the west, destroying first in the city proper, then crossing the Mississippi to East St. Louis, and there, after raging for an hour, disappeared in the direction of Alton. There was little warning for the helpless people in the streets, the thousands neipless people in the streets, the thousands on their way home from work or the in-mates of the great mercantile establish-ments of the city who had not yet left their posts of duty. Temporary hospitals abound in every part of the city. The Armory at Seventeenth and Pine streets has been opened for the care of the wounded and many injured have been taken into private houses. houses

city authorities at midnight were sending mounted pol co through the city in an effort to accertain as near as possible what the loss of life and the number of injured really it. So far as absolute facts are concerned, little definite information can be learned for some hours. Among the houses known to have been destroyed are the furniture store Frederick Otteneds, at the corner of storms. Broadway and Soulard street, in the southern part of the city, where six men are reported killed; a saloon at 64 South Seventh street, where nine men are reported in the rulna;

railroad wires through these places are working and no reports of sprious damage QUINCY, Ill., May 27.-A report has reached here that at Drake, Il., near Roodhouse, Ill., the tornado struck a school house,

uttrely demolishing it, killing eighty childre and injuring nearly as many more. Nearly every house in the village is wrecked, and though no other fatalities are reported it is more than probable that other lives have been lost.

CITY HOSPITAL A TOTAL WRECK.

Report that Every Patient in the Building Was Probably Killed. MEMPHIS, Tenn., May 27 .- Word reaches here by way of Carondolet, Mo., that sixty

dead bodies have been taken from the St Louis city hospital, which was completely wrecked, and every patient has probably been killed. The buildings of the Refrigerator and Wood Cutter company were molished and caught fire and are burning. molished and caught here and are burning. The loss of life in these buildings is be-lieved to be very heavy. The United ele-vator was blown down. Ligett & Meyers' big manufactory, the largest in the west, was totally wrecked and the loss of life there was great. Twenty dead bodies and many wounded have been recovered from this building. The scene in the river was appalling. Steamboats moored at their landings were torn away, turned over and sunk, drowning all on board. Many people were seen clinging to floating wreckage and pite-

ously appealing for help. SEVERE STORM AT PLATTSMOUTH.

Several Streets Flooded and Some Property Damaged.

PLATTSMOUTH, May 27 .-- (Special.)-This section was visited by a storm this morning which, while it was quite brief, was of extraordinary violence. The rain fell for about a half hour in seemingly solid sheets, while the play of the lightning was simply awful. The north side main sewer became clogged and the water backing up from the entrance inundated Washington avenue, Vine, Sixth and Main streets to the depth of a foot or more and for a distance of several blocks. Lots were overflowed, sidewalks washed away and cellars filled. the damage amounting to quite a round sum. The residence of F. H. Steimker, on the south side, was struck by lightning and the roof damaged. The -rainfall was nearly an inch and a half in about an

TRAIN BLOWN INTO THE RIVER

Report that Two Hundred Lives Were Lost Off the Bridge.

CHICAGO, May 27 .- It is reported the imited train from Chicago to St. Louis over Ingleb the Alton was blown into the river with a section of the bridge and 20 lives lost.

High Wind at Creston. CRESTON, Ia., May 27 .- (Special Telegram.)-Predictions received here this afternoon from the government weather service

warned the inhabitants of heavy wind storms. The report was exaggerated locally and a cyclone reported which created onsternation. On the strength of the prediction the public schools were dismissed. Late in the atternoon the wind attained a high velocity and many sought shelter in caves and cellars, but no damage was done.

Last night a violent wind storm north of the city wrecked sheds and outbuildings. The The temperature has fallen quite perceptibly within the past few hours.

Several Buildings Disturbed. SIOUX CITY, May 27.-(Special Tele gram.)-A heavy wind storm was reported

here today from Pierson, this county. No one was hur:, but several buildings were unroofed and a few completely demolished. The Methodiat church, the best building in town, was twisted on its foundation and ren-dered unsafe for occupancy. Much Rain in Iowa

JEFFERSON, Ia., May 27.-(Special Tele-

gram.)-Three inches of rain has fallen here today upon the already maked earth. Grain in low places has been washed out and reads are almost impassable.

University of Iowa, Iowa City, Among the officials of the meet will be the Starter, Ed Smith of the Chi-

cago Athletic association; referee, Fred Stone of the Chicago Athletic association; judges of finish, John V. Crum, Bedford; of finish, John V. Crum, Bedford; V. W. directors and a treasurer, with some treasure

gow.

with F. H. Smith as manager, a board of directors and a treasurer, with some treasure to start on. The treasure was secured by the board of directors levying a tax on all male citizens having an income or earning a salary. The tax was immediately puid without question as to its legality, but Treas-urer Jenks informed the prospective con-tributors that he would have the mayor pro-nounce sentence of banishment upon all who refused to be guided by patriotic impulses. The caynelty of the grand stand has been doubled and separate seats arranged for the cranks and rooters. Avoca has always had one of the best ama-teur teams in the west, and it is proposed to keep that reputation intact. There was a street parade at 2.30, headed by the Avoca hand, and followed by the Carson and Avoca nines, the cr.wds and 713 small boys, al. bent on making a Roman holiday. Proceed-ing to the Statium the mayor opened the game by pitching the first ball across the plate with the same care and dignity that he would use in bitching a bag of three dozon eggs across his grocery counter. Director Barton made alweeth of welcome, Umpire Hogan called "yiay dal" and the game was on. Beymer and Riley, the Avoca invincible battery, were at the points for Avoca and Carson presented Whited and Hageebeck. The Carson pitche wis a puzzle o ine Avoca hows, and if he bad been properly supported in the field, the result might have been dif-ferent. As it was the game was one-sided from start to fingh, as a glance at the score ferent. As it was the game was one-sided from start to finish, as a glance at the score cago at once. will show
