PLATFORM NOT DISCUSSED.

No discussion of the national platform or of the selection of a national committee was had. It is probable, however, that C. A Walsh will succeed J. J. Richardson on the

Ex-Governor Boles spoke briefly to the delegates, congratulating them on the success of the free silver movement, and expressing satisfaction with the action thus far taken by the Iowa delegation. His remarks, however, embodied nothing new. While he did not discuss the use of his name as a presidential candidate, his presence at the conference and his active part in its de-liberations must be taken as indicating that he is in the race.

The executive committee will have general charge of the future work of the delegation. The sime Chicago headquarters will be oc-cupied at the Palmer house, which were had by the Boies delegation four years ago, and they will be open about July 1. Chainers Evans who as the lows repre-

Chairman Evans who, as the Iowa representative of the National Bimetal ic league has had a leading part in the organization of the lowa silver forces, said: "Boles will have 500 of the 947 delegates to the national convention, and he may have 550. For the first time in years the democratic party is divorced from railroads, corporations and trusts and is able to do its best for the country and the people. Boles is strong in the south and west. Nearly every southern state is for him, with the exception of Missouri, which is for Bland. We are not antagonizing any other candidate, and if an-

other man is as strong as Boles, we will support him heartily." Secretary Waish sold that if nominated Boles would carry lowa by 40.000, and that he would carry lilinois, Indiana and Ohio. besides the south and west.

The members of the conference today were opposed to any dickers with the populist leaders, but they predicted that the rank and file of the populists would support Boles. No second choice candidate for president discussed, but there were private suggestions of United States Judge Caldwell as a good man,

THE GREAT HUXLEY.

What Huxley, the Great English Scientist, Considered the Best Start in Life.

The great English scientist, Huxley, said the best start in life is a sound stomach. Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids (lactic and hydrochloric) and peptogenic products; the most sensible rem-edy in all cases of indigestion is to take after each meal one or two of Stuart's Dys-pepsis Tablets, because they supply in a pleasant and harmless form all the elements that weak stomachs lack. The regular use of Stuart's Dyspepsia

Tablets will cure every form of stomach trouble except canter of the stomach. They increase flesh, insure pure blood.

Kansas Republican Delegates Declare

Their Financial Views. TOPEKA, Kan., June 6 .- The fact that

the Kansas republican convention to elect delegates to St. Louis, held the same day as the Ohio convention, adopted no resolution on the money question, has created much interest. Kansas has not been included in any of the published estimates of the vote Louis. To show how the Kansa at St. delegation stands on the silver question, the Topeka Capital will publish tomorrow letters from nineteen of the twenty delegates. Sev-enteen declare themselves emphatically against the free coinage of silver and in favor of the preservation of the present monetary standard, while one is in favor of favor bimetallic standard, and one in favor of the greatest possible use of silver, but "w every dollar as good as every other dollar with

The delegates were instructed for McKinunanimous vote in the state and district conventions.

HULL AND BEVINGTON FIGHT. Congressional Candidates Divide the

Honors on First Contest.

WINTERSET, Ia., June 6 .- (Special Tele gram.)-This county held its republican convention today and fought out the contest between Hull and Bevington for control of the delegation to the Seventh district congressional convention. Hull had control of the convention, with sixty-six votes to thirtytwo for Bevington, Bevington being the "favorite son" candidate. The convention lasted all day and long into the evening, the time being devoted to the fight over the question of unit rule on the delegation. The Bevington men demanded that the delegation Bevington men demanded that the delegation be divided pro rata between the two can-didates. The Hull men insisted on a straight Hull delegation. The Bevington faction in-cluded all the politicians in the county, and won the day. They got four votes for Bev-ington and leave Hull seven. The result is

a great disappointment to the Hull men. Morrison Will Run on Silver.

CHICAGO, June 6 .- Congressman William Foreman of East St. Louis, the political lieutenant of Colonel William R. Morrisson, attended the conference of sound money demo-crats at the Wellington hotel today and urged the organization to abandon the idea of holding i state convention separate and distinct from Governor Alige'd's silver meet-

ing at Peorla. The meeting was called for the purpose of gathering together the prom-inent gold leaders of the party in Illinois and deciding on organization. Mr. Foreman deciared it to be his firm conviction that it was an ill-advised plan and would do the party no particular good, but, on the con-tary, meant political suicide to many party leaders. Mr. Foreman also intimated Mr. Morrison will accept the presidential nomination on a silver platform.

Favorable to McKinley,

DEADWOOD., June 6 .- (Spc :ial Telegram.) -The republicans of Lawrence county met in convention yesterday at Spearfish and selected delegates to the state nominating convention. Kirk M. Phillips of Deadwood received the unanimous endorsement of the convention for state treasurer. The action of the late state convention, which selected delegates to the St. Louis convention, in declaring for sound money and McKinley, was endorsed.

ENDEAVOR CONVENTION CONCLUDED Christian Workers at Tecumseh

Finish a Profitable Meeting. TECUMSEH, Neb., June 6 .- (Special Tele-

gram.)-The second day's session of the place, has been an interesting and profitable one. Eighty delegates are in attendance and they all appear to be filled with the spirit of enthusiasm. A sunrise prayer meeting was the first thing on the program today and later in the morning interesting addresses were made, one of special interest being rendered by Rev. A. D. Harmon of Sabetha, Kan. His subject was, "Deepening Our Spirituality." The greater part of the aftermoon was devoted to the reports of the dele-gates and to an address by W. R. Dawes, state recretary, of Beatrice. In the evening the last named favored the delegates with a second address, on "Character in Citizenship." The day's session ended with a musical program of great merit. The following officers have been elected: President, L. W. Harring-ton, Pawnee City; vice president, L. P. Bush,

Tecumsch; secretary, Mies Emma Gillispie, Beatrice; treasurer, Jennie Spivey, Stella. Badly Bruised by a Runaway. A burr on the buggy of Charles Oriman fell off while he was driving on Leavenworth street near Eighteenth last evening and the horse becoming frightened ran away. Mr. Ortman and his sister-in-law, Mrs. Jennie Ortman, were thrown from the vehicle and badly cut and bruised around the head and

shoulders. They were removed to home, 1635 South Thirty-third street. to their LOCAL BREVITIES.

City Treasurer Edwards has called in abcut \$11,660 of outstanding warrants. They are distributed between the fire, police, curb-ing, guttering, cleaning and health funds. There will be a basket picnic at the grove on Twenty-sixth street, between Marcy and Mason streets on Sunday, June 7. Preaching by Reva. J. Smith, W. W. Everts and J. Jones.

The twenty-eighth annual commencemen of Brownell hall will be held next week with graduation day one week from tomorrow. The exercises will be held at the hall as usual. The graduates are Helen Morgan Burnham, May Alice Hetzel and Mary Isabel

November 3 last Charles W. King rented a b cycle of A. L. Undeland, near Fourteenth and Dodge strests. He failed to return the machine at the expiration of the time specified and the wheel is still an absent quan-tity. Friday night King was arrested as a vag and Undeland has identified him as the man who bereft him of his wheel. King admits that he rented the bicycle but refuses to state what disposition he made of it. A charge of grand larceny has been

. One of the most interesting contest cases ever tried before the United States land office ever tried before the United States land once in this city is that of Frank L. and William C. Spaulding against Clyde E. Kinney and James W. Sanford, involving a triffe over 320 acres of very valuable land on the Mis-souri river in the southern part of Lyman county. The fact that there is a mainmoth natural artesian spring on the land, furnish-ing sufficient water for irrigating a large portion of it, adds interest to the struggle for possession of the land. The tract was formerly embraced in the allotment of a

Sloux Indian named Willie Knee, but was relinguished by him, and, in accordance with instruction from the commissioner of the general land office, was cancelled upon the records of the local office January 29, Sanford and Kinney made entry of the land on that day, and a few days later contest, of that day, and a few days later contest, proceedings were commenced. As the re-sult of a hearing in the case the local officers have decided that the entries of the defendants should remain intact, basing the decision upon the ground that although the contestants alleged to have posted notices. on the land December 29, 1895, and on Jan-uary 7, hauled a load of logs there for the construction of dwelling houses, they failed to show that their settlement was followed by occupancy of the land, as required by the settlement laws; that neither established residence upon the land, or made improve-ments of a character cufficient to segregate

Young People's Society of Christian Endea-vor convention, which is being held at this place, has been an interesting and profitable entry January 29. The case will undoubtedly be appealed to the commissioner of the general land office. At a depth of \$30 feet Nettle Bros., artesian

well contractors, struck a fine flow in an artesian well just completed on the farm of Mike Gales in Aurora county. The well is four and one-half inches in diaroter, and the pressure forces the water to a height of nearly six feet above the top of the casing. The point where the well is located is much higher than the surrounding ground, and Gales will be able to irrigate over 200 acres of his farm, besides giving a great deal of surplus water to his neighbors. The drilling machine used in sinking the well is perhaps the only one in use in the state that is run by gasoline power, and it worked so satisfactorily that in time gasoline may be substituted for coal in the running of many of the smaller artesian well drilling machines now at work throughout the machines now at work the artesian belt of South Dakota.
