THEY WERE NOT A MARRYING SET OF MEN

Gaps Left in the Social Ranks Will Soon Be Filled by the Boys of the Twenty-Second.

The departure of the Second Infantry will leave several gaps in the ranks of the men who have been doing duty in Omaha society circles. The bachelor officers, eligible for social functions have not been at any time very numerous, but they have always been admitted to the households of the best familles and have been in constant demand at all formal entertainments. The personel of not always been the same, having changed during the ten years that the Second has been stationed here by the addition of newly praduated West Pionters and the departure ing the past winter have been Lieutenants Hines, Wells, Penn and Hutton, although several others have shown themselves from

Matrimonially speaking, the officers of the Second have not done well by the Omaha young women, or perhaps, as this is leap year, it should be said that the Omaha young women have not done well by the officers. There have been army weddings galore, but in the whole ten years, only one was solemnized in the home of an Omaha bride, although it is now announced that another Omaha bride is to claim one of the departing gilt-tasseled soldiers. Whether the coming Twenty-second Infantry, with its reputed even dozen of marketable bachelor

officers will do better, will not develop until a season or two shall have passed. Among the social entertainments that will be missed along with the soldiers will be the weekly military hops that have regularly drawn a large number of the younger set out to Fort Omaha. They will doubtless be supplanted by similar functions at Fort Crook, but the distance of the new fort from town will be against the heavy attendance of towns-people. The dance music of the Second Infantry band will also be missed, but here, too, we have the consola-tion of the coming of the Twenty-second Infantry band that is said to have an orchestra unrivalled in the whole United

Beautiful weather has favored those giv-ing social functions during the past week and it has greatly added to the enjoyment of nearly all the affairs, for there have been but few that have not been more or less of an open-air character. The bright sunshine has been especially pleasing to the numerous brides, for it has augured much happiness to them throughout their mar-ried lives. Many porch parties and garden parties have been a feature of the week. Several of them have been given after the guests have returned from rides on their mounts. Such have been most agreeable, the cyclers saying that ices are never more

refreshing than upon such occasions. As hinted, society has been unusually busy during the week, properly gowning itself and attending weddings. In fact, such ceremonies have been wonderfully frequent throughout the month of roses. Along with the weddings of the week have come several series of teas and receptions, at which the prospective brides and grooms have been the principal guests. The wedding of Miss Nash created more stir among members of the swagger set than any event for a long time and they reveled in the delights of such an occasion to their hearts' content. There were several other weddings, too, that were scarcely less notable because of the

and there has been a lively flutter in many Omaha homes in consequence. It may be said that she is as fair as any of her sisters who have preceded her, and that her plane sales and because the sales are the sales and the sales are the sales and the sales are the sales and the sales are the sales piano solos and her essays on the financial question have been as well received as here-tofore. The combination of the wedding season and the commencement season has been of real benefit to Omaha's trade, and the tradesfolk have rejoiced at the double bill offered quite as much as society itself. The modistes have had plenty of new gowns to make and old ones to make over while the florists and the booksellers and the jewelers have sold numerous presents.

Bicycle parties have been numerous and he last concert at the post was listened to by a large crowd. These concerts have been of great delight to the fair cyclers and their escorts and they will be sadly missed. It's a considerably longer run to Fort Crook, and some of the wheelwomen are not anxious to ride that far to hear a band concert. Runs to Florence are as popular as ever and many continue on to Calhoun, where the liberal hospitality of several Omaha fami-lies, having summer residences there, acts

The college boy is back from his campus to spend his vacation with "the family." and his dear sister has actually broken away from the other girls at boarding school for a few months. Both have long stories of their pranks to tell, many more stories to keep from their parents, but to tell their chums, and confidences to exchange with each other. The college girl, not that she has ever seen the place, but that she has a fondness for one of the college's sons, has watched the scores of the deciding base ball games and the results of the boat races with as keen interest as her brother. And as victory or defeat has attended the college whose cause she champions she has been rejoiced or grieved. rejoiced or grieved.

Crofoot-Nash. On Thursday at noon was celebrated one of the prettiest home weddings that has occurred in Omaha for many years, the bride, being Miss Mary Nash, second daughter of Mr. and Mrs. E. W. Nash, and the groom, Mr. Lodowick F. Crofoot, both being leaders in society. Miss Nash made her debut only last winter and is a highly accomplished and charming young woman, and Mr. Crofoot has for sev eral years been considered one of the most prominent young attorneys in the city. The ceremony was performed at the home of the bride's parents. The improvised altar was placed in front of the large stained glass window and here Bishop Scannell, clad in churchly vestments, took his station with the assisting priest, Father Colaneri, and awaited the bridal party, who advanced to the notes of a sweet and joyous welding

They expect to be absent until autumn, when they will return to the charming new home which Mr. Nash is building for them. Among those who assisted at the reception besides the members of the wedding party were: Mrs. Graves of Kearney, Mrs. Allison, Mrs. George Mercer, Miss Chandler and Miss Mc-Kenna. Mrs. Nash were a handsome gown of pale yellow striped silk, with a bodice of lace over American beauty red. Mrs. Henry Cartan was lovely in her wedding gown. The whole house was fragrant with the perfume of the roses, scattered in artistic pro-fusion throughout all the rooms. Mr. and Mrs. Crofoot will be at home to their friends after October 15.
