

NO OPPOSITION TO MERCER

Nothing but Harmony and Enthusiasm in the Congressional Convention.

HE IS NOMINATED BY ACCLAMATION

Republicans in Convention Select a Candidate to Represent the Second District in Congress During the Next Two Years.

When the congressional convention of the Second district met at Washington hall yesterday afternoon there was no feature left to emphasize the proceedings save enthusiasm for the candidate to whom the vote of every delegate had already been pledged. The contest was over and all differences had been adjusted in the county convention of the previous day, so the convention had nothing to do except to formally ratify the unanimous choice of the voters as expressed at the primaries.

"Fellow Republicans: This is a business campaign. You will remember at the opening words that the primary was a political party. Politics is business and business is politics, spoken by our next president, William McKinley.

There is only one great party left in this campaign, and that is the republican party. It is backed by the voters, workmen and business interests of the country, regardless of party.

The democratic party in its national convention now assembled at Chicago is seriously considering the surest way to political dissolution and suicide, and is seemingly hearing the desired end.

It is our duty to vote for the republican party, and it is our duty to vote for the republican party, and it is our duty to vote for the republican party.

GIVEN AWAY—KNIVES and RAZORS. In exchange for Coupons with Mail Pouch. JACK KNIVES and PEN KNIVES of first quality, American manufacture.

TALK MARKET HOUSE AGAIN

Corporation May Be Formed to Construct Such a Building.

PAY THE CITY FOR THE FRANCHISE

Plans Contemplate Stalls for Dealers and an Immense Auditorium Capable of Seating Thousands of Persons.

The market house project, which has bobbed up in various forms during the past year or two, is again being discussed by city officials and there is a possibility that a company will be formed some time this summer to ask for a franchise.

Several members, among whom Councilman Prince is especially active, are quietly working on the scheme. Prince says that during the past week he has been assured by one or two heavy property owners that they would be willing to form a company to build a suitable market house and auditorium in case a satisfactory franchise could be procured.

WHEELMEN ARE NOW IN EARNEST

They Will Go After the National Meet of 1908.

The local wheelmen after the meeting of the National League of American Wheelmen for the exposition year, and they are full of hope that when they come back from this year's meet at Louisville they will bring back the meet of 1908 in their little grips.

A meeting of some of those who intend to go was held in Dave O'Brien's office last night, where they organized a club. Dave O'Brien was elected president and W. A. Messick secretary.

One of the first matters accomplished was the adoption of a uniform, which consists of white duck knickerbockers, military jackets and caps adorned with the Ak-Sar-Bon colors and black golf stockings with Ak-Sar-Bon trimmings.

This uniform is expected to make an impression upon the other going after the meet, as a headliner will be established at the Louisville hotel, where wheelmen will be entertained in all manner of ways.

It has not been decided what road will be traveled from here to Chicago. The Monon will be used from Chicago to Louisville. It is expected that a one-day race for the round trip will be obtained, starting at 9:10 a. m.

In order to raise enough money to properly meet the expenses of advertising the city, a blue ribbon meet will be given next Thursday night.

BABIES SUFFER.

Cholera Infantum Makes July the Dreaded Month.

Physicians Tell Mothers the Ideal Summer Infant Diet.

Nothing Equals Lactated Food for Weaning and Teething.

The least experienced mother soon learns the dread significance of cholera infantum. One-fifth of all the babies born die of this or some other acute disease.

At the mere thought of baby going from her to the nursing mother draws him closer and tries to shut her eyes to the horrible possibility. Physicians know in how many cases a mother's love for her child exceeds her knowledge of how to keep the little one well during the hot summer.

Bowel troubles, which cause more deaths among children than any other disease, are more common in hot weather, and are directly traceable to improper feeding.

Diarrhea is brought on by indigestible, burdensome food that fails to nourish and thus leaves the child weak and easily prostrated by the first hot spell.

Lactated food is all this is avoided when lactated food is used. In all cases where it is not desirable to use the mother's milk—and such cases are many—an infant food that closely resembles healthy breast milk is the only food that is safe to give the child.

Lactated food is an ideal substitute for healthy breast milk. Babies like it; they take it when they turn away from every other food; it agrees with them and they grow strong and lose that fretful, unhappy condition that teething, and especially weaning time, brings with it.

Lactated food is an ideal substitute for healthy breast milk. Babies like it; they take it when they turn away from every other food; it agrees with them and they grow strong and lose that fretful, unhappy condition that teething, and especially weaning time, brings with it.

A SPECIAL FAVOR

Less than four weeks ago we placed on our tables two thousand Washable Summer Suits for little lads 4 to 8 years of age.

We thought they would last all the season, but the shrewd shoppers from Shoppersville "got onto" 'em and today they are all gone. Some of them went to Kansas, some to Colorado, some to Dakota, Wyoming, Montana and some even went away out to Utah.

The most of them, however, were sold right here in Omaha where mothers found out by criticism and comparison that they were stylish, better made up, kept their color better and were better value in every way than other stores sold for double our price.

25c, 35c, 50c, 75c and \$1.00. Those who missed getting some of the last lot should hurry to get some of these. We can't possibly get any more this year. Wash pants to go with them too.

Nebraska Clothing Co. CO. DOUGLAS & 14TH STS.
