ork this year will have to admit that this the banner season of his wonderful record.

of the Golden Fleece, over here, but the latter's speedy veto of the move decided Jake, and he coorduded expeditionally to do American turf ever knew made their debut what traveling is pecessary himself. He that year, and what is more, they were knows of the Victoria sculler's indolent western horses at that. It is true that character, and that if he wanted a race he must bend to the latter's will in the matter, inve been as good, and, perhaps, better which he has done, and now we are to have hare been as good, and, perhaps, better an aquetic event that will prove the most as a whole, nli ages considered, ho season interesting since Searle and O'Connor since has shown up as many good horses mensured blades in 1889. Without a question the two Jays-Jake and Jim-are the two best carreness of the times, and a bout between them will awaken a lively en-thusiasm in a sport that for years has been in a moribuid condition. England has not reconced a fraining, or available to recalled. Taking them all in all this country has never seen many produced a first-class sculler for nearly twenty years. Trickett, the Australian, was the first to relieve the mother country of the honor, and Searie and Stanbury both proved themselves worthy successors to the big fellow, who was compelled to sur-render to Hanlan. All other classes of sport are constantly developing phenome, but in professional rowing, all the givery seems to be fading in the wanting days of the heroes of a former day. Where is the young sculler making a bid for the car of any of the
