DENVER, July 26.—The terrible effect of the cloudburst in Clear Creek canyon above Golden, last Friday are still coming to light. Tonight four more bodies were found among the debris several miles below.

There is also a report of eight men employed in a Denver brewery, who passed through Golden a few hours before the storm, en route to Idaho Springs for a outing. They have not since been heard from, and parts of what is believed to be their wagon have been found. Colonel H. C. Merriam, commandant of the United States troops at Fort Logan, has detailed 100 of his men to assist in searching the wreckage for bodies.

of workmen began the repairing of the Guadalupe road at Clear Creek canyon today. Frank Trumbull, receiver and general manager, and other officials of the road, came up this morning. They said they could not give even an approximate estimate of the damage, but that the road will probably be able to carry traffic through the canyon in two weeks. One hundred and seventy-five men are now at work repairing and 100 more will be put on very soon. The road, for about seven miles, must be almost wholly rebuilt, as the bed is washed out or buried under great masses of rock and dirt.

People at Central City and Black Hawk express their sympathy for the victims of the

Specials from southern Colorado say that the Denver & Rio Grande will be running trains on its lines by Monday, and advices from Florence say the Florence and Cripple Creek road will be open for traffic by the end of the week.

OHIO RIVER IS VERY HIGH.
CINCINNATI, July 26.—Though the sky is clear here tonight the change of temperature rushing the mercury high up in the eighties causes apprehension of more rain, and an accession to the flood in the Ohio. Reports from all points above here in the Ohio river, as far as Wheeling, show that the stream is rising. At Cincinnati

At 10 o'clock tonight the river stood thirty-five feet one inch above low water, having risen thirteen inches in four hours, or three and one-quarter inches per hour. The rate of rise is increasing hourly.

The Ohio River railway in the vicinity of Parkersburg, and the Baltimore & Ohio from Parkersburg east, have about resumed traffic. Great forces have been employed repairing washouts in Ohio, and it is fair to presume that all the roads embarrassed

the vicinity of Mannington, the damage estimated at \$150,000, the South Pennsylvania Oil company being the heaviest loser. The Ohio Valley railroad over the river will not be open to traffic for three weeks.

DETROIT, July 26.—A special to the Tribune from Homer, Mich., says: A terrible wind storm struck this village this evening. Roofs were lifted, houses partly blown away, barns tipped over and half of the fine maple trees about the town were blown over. The plate glass windows in Linn & Co's store

were blown in. The worst part of the storm seems to have passed a little to the north west of the town, and many of the fine farm houses in the vicinity lie in its path. There were several narrow escapes of persons caught out in this storm, but as y

MEMPHIS, Tenn., July 26.—The heat for the past two days has been intense, the mercury ranging near the 100 mark. One fatality was reported to the police today. John A. Cooper was overcome by the excessive heat and died.

IRON MILLS TO RESUME AT ONCE
At Least Ten Thousand Men Go
Work at Higher Wages.
PITTSBURG, July 26.—The resumption

iron mill, which will soon put to work at least 10,000 idle men, will begin tomorrow. It is estimated that at least that number are interested in the settlement of the wage scale with the Ohio manufacture at Youngstown Saturday night. The su-

cess of the Amalgamated association making the wage settlement it has effected means, too, that the men employed in no union mills will get an advance in the wages and that their employers will sign agreements to pay them the union price.

This comes as near a recognition of the union as the men are contending for at the present time. The conference was with the Ohio association, but plants in several other states will be started under the agreement.

The firms which signed the scale are

follows: Andrews Bros. & Co., Hazlet, O.; Brown, Bonnell & Co., four plants Youngstown, O.; Union Iron and Steel company, two plants at Youngstown, one Warren and one at Girard; Mahoning Valley Iron company, two plants at Youngtown; Falcon Iron and Nail company, Niles.

GUEST IS SHOT AS A BURGLAR
Chicago Real Estate Dealer Makes a Terrible Mistake in His Home.
CHICAGO, July 26.—Daniel Shroyer, well known resident of Park Ridge, was shot

and killed early this morning by his son-in-law, George E. Pottinger, a prominent Chicago real estate dealer, who mistook him for a burglar. The shooting took place at Pottinger's home in Ingleside avenue. Mr. Shover had been a guest of the Pottingers.

homestead for several weeks. Mr. P. tinger was aroused at 3 o'clock this morning and, thinking burglars were abroad, took his revolver and started to investigate. He was about to enter the kitchen when he saw the form of a man approach

The man gave vent to a startled exclamation, and Mr. Pottinger recognized his father-in-law's voice. The bullet struck Shroyer in the groin, and he died in an hour. The greatest excitement followed the shooting. Mr. Pottinger is almost d
