VISIBLE SUPPLY SHOWS AN INCREASE

Corn Was Weak and Prices Suffered n Further Decline Longs Sold Freely and There Was Selling for Short Account.

CHICAGO, July 27.-The Influence Thomans' crop report, showing a material reduction in the conditions of both spring and winter wheat, caused September wheat to regain a sharp loss caused by profit tak-ing and final figures for that cereal show no change. Corn was decidedly weak and closed the lower. Oats closed about the higher. Provisions made new low records and closed the lower.

Wheat was nervous all day, with trade active and seemingly broadening. The early strength was principally due to the continued rains which are reported to have inflicted more damage on wheat in stack or in the shock. This, with moderate world's shipments and rather small wheat receipts, gave the market a strong and decidedly higher opening. But the bulge started the longs to selling to realize profits, and while the market took the offerings well for a time this gradually caused a good deal of weakness and there was a steady drop of Pic from the high point early. Thomans' crop report was the factor during the midday trading and its bullish character caused a gradual recov ery. It reduced the estimate of both spring and winter wheat, the former from 90 per cent a month ago to 73% per cent now. The total production in Minnesota and the two Dakotas is estimated at only 110,000,000 bu, against 185,000,000 bu, last year, and the total crop at only 147,000,000 bu, or \$3,000,000 bu, less than a year ago. Winter wheat which in the last days of June promised 271,000,000 bu, is reduced to 259,000,000 bu, the lightest during the last ten years. This indicates a total crop, spring and winter, of 100,000,000 bu, against 457,000,000 bu. Inst year. The visible supply figures, which showed an increase of 40,000 bu, was expected caused another relapse in prices, some of the loss being recovered later, however, on the high quotations for new red wheat and a good country milling demand. September opened irregular and about be higher at from 59% to 50% c. declined to 55% c. advanced to 55% c, sold of to 55% c. and closed steady at from 59% to 56% c. ery. It reduced the estimate of both spring

Corn was weak and prices suffered a further decline. Reports from the country were most favorable for an enormous crop and local receipts were large. Longs sold freely, and there was good selling for the short account, prices ruling lower from the start. September opened 'se lower at from 25%c to 25c and gradually declined to 25%c, closing weak at 25%c.

Cats, influenced by continued unfavorable crop reports, the early market was active and strong, with prices ruling higher. Later, in sympathy with the weakness in corn, prices declined somewhat. September opened 4%c higher at 18%c, sold between 18%c and 17%c, closing steady at from 17%c to 18c.

Provisions were dull and steady. The steadlness of the live stock market had a favorable effect for a time, but sympathy with corn and free offerings gradually reduced prices, lard and ribs making new low records. The closing feeling was rather weak. September pork closed 10c lower at \$3.17%, September ribs 10c lower at \$3.17% and \$3.20.

Estimates for Tuesday: Wheat, 200 cars; corn, 1,655 cars; oats, 240 cars; hogs, 12,000 head.

Movement of Prices Was Irregular and a Heavy Tone Prevailed. NEW YORK, July 27.—The story of today's tock speculation can be briefly summed up. The volume of business exceeded by only a few thousand shares the half holiday record of Satur-The movement of prices was irregular and a heavy tone was evident throughout. and a heavy tone was evident throughout. The dealings were almost entirely professional, the traders taking their cue from the lower London prices. There appeared to be a dearth of commission orders and the market made only an indifferent raily on the news that the committee of foreign exchange houses had submitted a plan for controlling the exchange situation for the next numery days, which had been formally approved by all of the representative banking interests. The attitude of London as a seller was reported to be partly due to the unfavorable of the south of the partly due to the unfavorable of the south of the partly due to the unfavorable of the south of the partly due to the unfavorable of the south of the partly of the rate situation in the south of the partly of the rate situation in the south of the partly of the rate situation in the south of the partly of the rate situation in the south of the partly of the rate situation in the south of the partly of the rate situation in the south of the partly of the rate situation in the south of the partly of the rate situation in the south of the partly of the rate situation in the south of the partly of the rate situation in the south of the partly of the rate situation in the south of the partly of the partle of the partly and extent of fluctuation. If the partle of the featings were almost entirely professional, the traders taking their cue from the lower London prices. There appeared to be a dearth of com-

CATTLE-There was a pretty decent run of cattle, the arrivals being the largest since Wednesday. The most of the cattle were westerns and very largely feeders. Only about three loads of corn-fed steers were on sale, and they brought about steady prices. Cows and heifers also sold at about last

week's prices, and the eight to ten loads offered-soon changed hands, Stockers and feeders were in liberal supply and the demand was sufficiently active to clean up the cattle in first hands in

CHICAGO LIVE STOCK.

Cattle Prices Were Stronger for Destrable Lots.
CHICAGO, July 27.—Cattle prices were stronger for desirable lots, with an advance of 10c in tor desirable lots, with an advance of lot in choice grades. Sales were on a basis of from \$1.20 to \$2.50 for common dressed beef steers, up to from \$4.25 to \$4.50 for choice to fancy spring cattle, with the bulk of the sales at from \$2.50 to \$4.20. A large proportion of the cattle \$2.90 to \$4.20. A large proportion of the cattle were course, heavy and gransers, and stock of that kind moved off slowly, the call being mainly for nice. Handy, killers weighing from 1,200 to 1,350 lbs. Today 8 cattle were fairly animated at easy priors and high western rangers were active and first.

In hogs there wall-h food demand at about last week's closing-prices and the supply was well taken, sales 160 grans largely at from \$3 to \$3.25. Heavy sold at from \$2.65 to \$3.30; medium weights at from \$3 to \$3.25; mixed at from \$1.10 to \$3.60, and his at \$1 from \$3.20 to \$3.35. Light hogs again sold the sheet and heavy closed weaker.

In sheep an unusualty large run resulted

hogs again sold the suest and heavy closed weaker.

In sheep an unisualty large run resulted in a weak market atoday, with a further reduction of from 10c to lee Sheep moved off slowly at from \$1.75 to \$2 for food to mmon, up to from \$3 to \$2.25 for good to close, while westerns sold at from \$2.45 to \$1.15 and lambs at from \$2.75 to \$5.60. Few sheep \$200 above \$3 and lambs sold largely below \$2.75 the average quality being poor.

Receipts: Cattle, 14.60 head; hogs, 28.600 head; sheep, 27,000 head. Kansas City Live Stock.

WILLIAM HENRY SMITH IS DEAD. Famous Literary Journalist Succumb to the Drend Pneumonia. CHICAGO, July 27 .- William Henry Smith

died at his home in Lake Forest at 3:30 this morning. He had been sick for several days, having had pneumonia. He was born in Columbia county, New York, December 1, 1833.

His parents moved to Ohio, where he had the educational advantages the state afforded. He was a school teacher for a time and a tutor in Western college. Later he became the assistant editor of a weekly newspaper in Cincinnati. At the age of 22 Mr. Smith had risen to the position of ed tor. At that time he was also doing work for the Literary Review. At the beginning of the civil war he was engaged on the Cincinnati Gazette and took an active part in raising troops and forwarding supplies, and through the medium of the press did much to strengthen the government. He largely instrumental in making John Sough governor of Ohio. He afterwards became the governor's secretary and later was elected secretary of state, being reelected in 1866.

Mr. Smith retired from office and became the managing editor of the Evening Chron-He was obliged, however, to desist from such exacting work on account of ill-health. In 1870 he became manager of the Western Associated press, having headquar-ters in Chicago. Several years later, upon the personal request of President Hayes, he accepted the office of collector of customat Chicago. During his term of offi at Chicago. During his at Chicago. Instrumental in was instrumental in reforms i bringing many needed reforms in the cus-house. In 1883 he became actively toms house. engaged in Associated press work and in January of that year he effected a consoli-dation of the New York Associated press,

taking the managership of the united sys Mr. Smith was a student of historical subjects and was the author of "The St. Clair papers," two volumes. Cincinnati, 1882. He was also the author of "The Biography of Charles Hammond," wrote several pamphlets and had contributed frequently to American periodicals, secretary of state of Ohio he fo a department of archives, a matter which had been wholly overlooked since the admission of the state, and he succeeded in recovering many valuable papers, which are now on file in the state house at Co-

lumbus. By his investigation in the British mu eum he brought to light many unpub-ished letters of Washington to Colonel Henry Bouquet and has shown that those Henry Bouquet and has shown that those which were published by Jared Sparks were not given correctly. Mr. Smith wrote a political history of the United States and a life of the late President Hayes as the literary executor of the dead president. Mr. Smith retired from the management of the Associated press in March 1892 and the Associated press in March, 1892, and since that time until his illness had em-The funeral will take place at 3:15 Wed-

The funeral will take place at 3:15 Wednesday afternoon.

LONDON, July 27.—Mrs. Mahlon Sands formerly of New York, died at her residence in this city on Friday of fatty degeneration of the heart. Mrs. Sands bore a striking likeness to the princess of Wales, with whom she was on very friendly terms. She will be buried in New York by the side of her hustand, who was killed a few years ago by being thrown from his horse in Hyde. ago by being thrown from his horse in Hyde Park.

NOT AN ECONOMICAL MOVE

Allison Jail Proposition an Expensive One for the City.

COST OF STRUCTURE OVERESTIMATED

Figures Prove Conclusively that Omnba Will Lose Money by Aes cepting the Proposal Made to the Conneil.

The action of the city council in directing the city attorney to enter into a contract with Irving Allison to build a city jail at Sixteenth and Leavenworth streets in accordance with his last proposition is being cordance with his last proposition is being the communication sent in by the company, extensively commented upon by property The only information we have is obtained owners and city officials. The bulk of the comment is very adverse to the proposition and in some cases the councilmen who voted for the scheme are severely criticised. It is asserted by those who are against the proposition that if the contract is executed it will prove one of the worst bargains that the city has made during the present administration. Briefly stated, the Allison proposition is to

erect a two-story brick fail building on the

site mentioned, which the city is to lease for five years, paying \$3,600 rent for the first year and \$4,200 for the other four. This would make the aggregate rental during the term of the lease \$20,400. The representa-tive of Mr. Allison is W. B. Taylor, brother of Councilman Taylor, and Councilmen Tay-lor and Kennard constituted the steering committee for the proposition in the council. When the matter was under discussion in the council, W. B. Taylor stated that he figured that he would have to pay \$25,000 for the lot and expend \$30,000 on the building. This would make the total cost \$55,000 and the rental asked would amount to but little more than 6 per cent after all expenses were deducted. According to the estimates of local experts these figures are very far out of the way. A number of local architects were asked to give an estimate of the cost of the building and the highest estimate was more than \$10,000 less than the sum named by Mr. Taylor. by Mr. Taylor. The estimates ranged from \$16,000 to \$18,000. As an illustration of the error in Mr.

Taylor's figures the Davidge building at Eighteenth and Farnam streets was cited. This building is 132x66 feet, exactly the size of the proposed jail. It is three stories nigh, the interior construction is much more expensive, and the plate-glass front and other items which add materially to the cost do not figure in the fail building. Nevertheless, its entire cost was under \$27,000.
Estimates on the value of the lot, as obtained from the best posted local real estate experts, show a corresponding difference. The estimates ranged from \$15,000 to ence. The estimates ranged from \$15,000 to \$20,000. It was said that if the property was in great demand it might bring the latter figure, but that it could scarcely be sold for more than the minimum named

All agreed that the price named by Mr.
Taylor was ridiculously high and that
\$18,000 would be a liberal estimate of the
present value of the lot.

If the opinions of the experts are correct, they show that the proposed contract is a very remunerative one for Mr. Allison and his associates. Taking their estimates as a basis, the city would pay \$21,000 for five years' use of property worth \$36,000. This would be an aggregate interest of 57 per cent on the investment for the owners of the property. They would receive a rental equal to 10 per cent on their investment during the first year and 12 per cent thereafter.

The councilmen against whose protest this The councilmen against whose protest this proposition was endorsed maintain that the proposition of Hamilton Bres. was much more favorable to the city. This contemplated a jail at Fifteenth and Davenport streets, very similar to the one proposed by Mr. Allison. In this case the rental was fixed at \$1.195 per quarter, or \$4,780 per year. This would amount to \$23,900 in five years, or about \$3,000 more than would be years, or about \$3,000 more than would be paid under the proposition which was ac-cepted. But Hamilton Bros. proposed to accept the small lot now owned by the city at Fifteenth and California streets for \$5,000 of this amount and at the end of five years turn over the jall property to the city. Councilmen contend that under this proposition the city would have paid out

ess money than will be paid under the Allison proposition, and at the end of five years would have been the sole owner of a jail. Under the other plan \$21,000 will be paid out and at the end of the lease the city will have nothing to show for it except the privilege to continue this exorbitant rent for another five years. Councilman Taylor maintains that while

the Allison proposition may not be as favorable to the city as he would like to have had it, it is by far the best that was obtainable. He said that the matter had hung fire month after month, and he looked on the Allison proposition as the best way to settle it. The city had been paying nearly as much for the present quarters to settle it. as would be paid for the new fail, and there was no comparison between the value of the two buildings. Moreover, the city would be able to derive a revenue from the proposed building which would materially reduce the cost. It would have the rental of two stor-rooms on the first floor, which would not be required for jail purposes. One of these rooms had already been spoken for at \$696 a year, and the other would probably rent for \$400. This would reduce the rental by \$1,000 a year.

The present jail quarters, at Fifteenth and Jackson streets, are costing the city \$200 per month, or \$2,400 per year, and are adequate for all purposes.

DATES SET FOR HORR'S SPEECHES.

Other Eastern Men to Participate in the Nebraska Campaign. The dates and places at which Roswell G. Horr will speak in Nebraska have been decided upon and were vesterday made public The only change that is likely to be made is to add one more to his list of meetings and if this is done he will speak in Omaha August 11. His first address will be at Lincoln, August 5, when he will address the state convention of Republican League clubs August 6 he will speak at York, August at Hastings, August 8 at Kearney, Augus

10 at Norfolk.

This will be only the first installment o addresses by prominent eastern orators who will visit the state during the campaign. Among these are Senator Burrows of Michi gan, Senator Foraker of Ohio, W. E. Maso of Chicago, Benjamin Butterworth of Ohio

and possibly Senator Sherman. Senator Thurston has plenty of work laid out for himself during the campaign. He will address the Chautauqua at Madison, Wis., July 31, and will open the campaign in Wisconsin at Milwaukee August 5 at the meeting of the republican state convention. The latter part of August he will go to Vermont, where he is billed for two speeches He will also speak at some point in Maine in Boston, New York City, Baltimore, once each in Kentucky, West Virginia and Tennessee, and from two to four times each i Ohio, Indiana, Michigan and Illinois. Th last week of the campaign he will be in Ne-braska and give his whole attention to the campaign in this state.

TERRIBLE RACE WAR IN FLORIDA

Four Whites and Two Negroes Re ported to Have Been Killed. JASPER, Fla., July 27 .- It is reported that race war has occurred about fifteen miles east of here, in which six men were killed and seven seriously wounded. Those reported killed are: Amos Campbell, Henry Jackson, Albert Sullivan and Edward John son, white; Tom Mitchell and James Solo mon, colored. The tragedy is said to have taken place at Haggard's turpentine still where many negroes are employed. It is said that the colored men gave a party, and while it was in progress a number of white men intruded, and the shooting resulted A posse of white men left here last night for the acene of the tragedy, and if the re-ports are found to be true, further trouble

Engaged in the Harness Trade. Richard Rice, a rough character about town, has been known to have disposed of several sets of harness of late, and the 

sweat box and, after considerable pressure was brought to bear, admitted that he had sold a set of single harness to an expressman named E. Hicks, living near Twenty-seventh and Indiana avenue. The detectives having charge of the case found the property. It was taken to the station and will be held till some party claims it. Several people living in the northern part of the city have notified the police during the hist fortnight of the loss of harness and the recovered booty will undoubtedly be identified by some of them.

TWO REPORTS NOT IN HARMONY.

Disagreement as to Cause of Hitch in Street Railway Mail Service. Secretary Goodrich of the Street Railway company says the company received no communication from the postal authorities at Washington concerning the continuation of the street car mail service. "The department," he says, "has not even signified its willingness to continue the service at the resent compensation, much less replied to from the newspapers and the local postal officials."

The postmaster at South Omaha has been Instructed to advertise for bids for tempo-rary service between the two cities, four trips per day.

There appears to be a misunderstanding out somewhere which is likely to work to the detriment of the people of this city and south Omaha. The postal authorities at Washington say they are waiting for an an-swer from the street railway people, and the latter say there has been no communication to answer.

BURIED UNDER TONS OF DEBRIS. Dozen Laborers in Chicago Carried

Down with a Falling Building. CHICAGO, July 27 .- A dozen laborers engaged in clearing up the wreckage of the recent fire at the Diamond Match company's building, were buried under tons of debris early this morning. The men were working on the second floor, when, without warning, the roof and second floors fell, carrying the men to the first floor and burying them in a mass of water-scaked matches and smouldering timbers. All of the men were extricated alive, but more or less seriously injured. None of them will die.

Plans for Stopping Gold Exports. NEW YORK, July 27 .- The committee of seven appointed at the recent meeting of the exchange bankers to devise a plan for the prevention of gold exports during the

next ninety days today presented a complete report to the full body at a meeting held at the offices of J. P. Morgan & Co. The plan was pronounced effective and was unani-mously adopted and the committee dis-charged. The plan will take effect immediately. A member of the firm of J. P. Morgan & Co. said that no public statement could be made at this time. Deposits by local banks in the subtreasury foot up \$375,000 and swell the grand aggregate to \$18,150,000.

Vanderbilt Will Recover Rapidly. NEWPORT, R. I., July 27 .- Dr. McLane, who came on from New York with Cornelius Vanderbilt, states this morning that the patient was resting very comfortably, and there were no signs of any ill effects as a result. of his trip. Dr. McLane asserts a belief that Mr. Vanderbilt's improvement will now berapid

Year of Continuous Berenvement. NEW YORK, July 27 .- After a year of continuous bereavement, Charles F. Mc-Guire of Newark has just added to his cupof grief the news that his sister and her four children perished in Colorado last Fri-day, victims of the cloudburst near Morrison and Golden in that state.

Killed by a Gas Explosion. ASHLAND, Pa., July 27 .- An explosion of gas occurred at West Bear Ridge colliery today instantly killing William Quinn, a fireboss, and Michael Bazzle. Two laborers were also injured. The cause of the explosion is unknown.
