"The Wizard," By RIDER HAGGARD.

To Begin August 2d and Run 12 Weeks.

IN this story Mr. Haggard relates the terrible experiences of the Reverend Thomas Owen, who, persuaded that Faith, if strong enough, could accomplish all things even to the performance of miracles, gave up a comfortable living in the Church of England to practice his preaching among the Children of Fire.

He went knowing that this savage African tribe, under the spell of the Wizari Hokosa, had put to death the last "White Messenger" because he could not prove his religion by raising from the dead his companion whom they had slain before his very eyes. This he learned through a third missionary whom they sent back to his people with this message:

"Tell them that having proved you to be fiars they dealt with you as all honest men seek that all liars should be dealt with. Tell them that they "desire to hear more of this matter, and if one can be sent to them who has no false tongue, who in all things, fulfills the promises of his lips, that they will harken to him and treat him well; but that for such as you they keep a spear."

It was this challenge that the Reverend Thomas Owen accepted; and in this serial is told the wonderful story of his single-handed conflict with the Children of Fire and his almost miraculous success in baffling their prophets and confounding their Wizardry-converting first the king and then the great body of his people; among others his son and rightful heir to the throne.
