It is quite conservative to say that fully half of those in attendance were republicans. The speakers clicited very fittle applause even from men of thein away party. They had intended to organize a Heyan club, but the meeting would not warrant the attempt. A few of the free silver advocates caused some little disturbance at the republican meeting last night and finality withdrew, or-ganized a Bryan club coasiding mostly of boys and returned to the fault of the half to yell for the "boy orange of the Platte." YORK, Neb. Aug. 2.--(Special)--A Bryan rally was held hat night we this place. A fair ened crowd listened to C H. Polhemus of Aurora and E. A. Gilbert, the speakers of the occasion. Polhemus quoted extracts from the speeches of dead statesmen. Gilbert told why he is now a populist, and the

old why he is now a populist, and the rowd yelied to make up for the absence of a brass band. It had been given out before the meeting that a Bryan club was to be organized after the rally, but no action

was taken with regard to it. BELEVUE Neb. Aug 2.-(Special)-The silver men of this precinct met last even-ing and organized a Eryan and Sewall club with twenty three members. John ub, with twenty-three members. John Q oss was chosen president; William Bets

WAVERLY, Neb., Aug. 2 .- (Special.) -- The hottest campaign ever witnessed in this village is now on in carnest. The McKinley club, which was recently organized with less than seventy-five members, was increased to last night. The spacious hall was filled to its utmost limit with people who are anxious to learn more of the issues of county are making superhuman efforts to arouse enthusiasm among the rank and file, and to that end are going to make their dresses by Hon. H. H. Wilson and Paul Clark of Lincoln. Mr. Wilson's address was filled with cold, hard facis, sound reasonnext Saturday, a sort of a rally, and will ing and irresistible conclusions, delivered Brander's story and released him, pending cago convention before the enthusiasm has and appreciate. Mr. Clark was well then attempt to ratify the action of the Chi- in such a manner that all could understand cago convention before the enthusianm has and appreciate. Mr. Clark was well re-time to cool. The apathy of the otherwise chronic office scekers is something ludierous and the unprecedented occurrence in that party of the nomination hunting for the man has transpired and the county nominations are going begging. The fact of the matter is that the republican county licket is such a strong and sound one that not even any of the democratic "forier heating to the result.

Look Around and see the women who are using Pearline. It's easy to pick them out. They're brighter, fresher, more cheerful than the women who have spent twice as much time in the rub, rub, rub, of the old way. Why shouldn't they be? Washing with Pearline is easy.

And look at the clothes that are washed with Pearline. They're brighter, and fresher, too. They haven't been rubbed to pieces on the washboard. They may be old,
