There Was an Irregular Wheat Market All Day.

THAT CEREAL WAS ACTIVE AND HIGHER

In Corn There Was a Pretty Good Trade and Rather Unsettled Conditions All Ont Crop News Was Bullish.

CHICAGO, Aug. 5.- There was an irregthat wheat market today. September opened strong, renoted and closed weak at 38%c, or 4c below yesterday. Corn gained the and oats were unchanged. Hog products

closed stendy and lower. Wheat was active and ranged higher at the start and during the early part of a the session, after which an easier tone prevailed, and the carly advance was lost, final figures showing a 446% loss. The early strength was due in a measure to bulge on pork, lighter northwestern receipts, firmer cables and continued poor quality of the arrivals. Early Liverpoo quality of the arrivais. Early Liverpool advices quoted that market 1/2 higher and northwestern receipts were 143 cars under those of list week. The world's shipments to Europe as reported by the board were smaller and possibly cut some figure. On the advance there was free selling by professionals, several of the more prominent operators selling freely, and prices weakened under the same. The bear factor was the weather, continued favorable conditions prevailing in the winter wheat belt, with showers in the worthwest and a better movement and an improvement in the

ditions prevailing in the winter wheat belt with showers in the worthwest and a better movement and an improvement in the quality anticipated. Provisions broke badly after a sharp bulge and had some effect on prices later in the day. Closing Liverpoel cables quoted intures \$\frac{1}{2}\text{1}\text{2}\text{3}\text{2}\text{3}\text{2}\text{3}\text{4}\text{3}\text{4}\text{3}\text{4}\text{3}\text{4}\text{3}\text{4}\text{3}\text{4}\text{4}\text{3}\text{4}\text{5}\text{4}\text{6}\text{4}\text{6}\text{1}\text{4}\text{6}\text{7}\text{6}\text{4}\text{6}\text{7}\text{6}\text{6}\text{7}\text{6}\text{7}\text{6}\text{6}\text{7}\text{6}

sympathized. Country acceptances were said to be light and Kansas City wired that the country had stopped selling for the time being, owing to fears of damage to the crop.

The oats crop news was bullish, but in

The cats crop news was bullish, but in the absence of good outside buying the market was quiet and steady, but closed about the same as yesterday. Action of other grains had little effect.

The provision pit presented another scone of unwonted bustle, accompanied by no little excitement. Pork for September delivery was at one moment flaring up like a newly lighted dry pine fire and the next it was black as the charred remains after being deluged with water. Rumors of all kinds were numerous, the one occupying the foreground of the display being concerning the Canadian syndicate which, according to a Montreal newspaper, has bought more pork for September than there is of the article in September. Some said that Armour was merely using the fears inspired by such stories to work the "boys."

"boys."
Estimated receipts for tomorrow are:
Wheat, 140 cars; corn, 780 cars; oats, 340

Wool Market.

BOSTON, Aug. 5.—The American Wool and Cotton Reporter will say tomorrow: The wool markets of the country continue very quiet. Sales in Boston have exceeded those of the previous week by over 10 per cent, with a large portion being made up of sales that have been pending for two or three weeks. Actually, there cannot be said to be much increase in the demand. There has been a little more feeling aroused on the part of manufacturers, who continue buying according to needs. Territorics continue quiet, but sales show an increase. The sales of the week in Boston, New York and Philadelphia aggregate 2.375.400 lbs. 2.037.100 lbs. being domestic and 700.300 lbs. being foreign. Sales since January 1, 109.802.015 lbs.; previous year, 207.199.725 lbs. Beston transactions have been over 50 per cent in excess in volume of those of the previous week, but include sales which have been pending for two or three weeks. The market is without decided feature.
