RIOTS CAUSED BY INSURGENT EMISSARIES

Spanish People Appeal to Mob Vioence as a Protest Against the Further Continuance of the War in Cuba.

(Copyright, 1896, by the Associated Press.) MADRID, Aug. 6 .- Trouble of a serious nature is being fomented in Spain, particularly in the province of Valencia, by agents of the Cuban insurgents. The minister of the interior, Senor Coz-Gayon, yesterday, had occurred in Valencia, and when asked down. said that they were caused by friends of the Cuban insurgents, who hoped thereby to prevent the departure of further reinforcements of troops for Cuba. Hitherto the popular demonstrations have been attributed entirely to protests against the imposition of new taxes, a step made necessary by the financial strain the government has been subjected to through carrying on the campaign against the insurgents of Cuba. But, while the government is only willing to admit that the riots have been instigated by the agents of the Cuban revolutionists, it is generally admitted that the roots of the trouble are much deeper, and that it is being nourished by the natural feeling of alarm and dismay at the apparent utter inability of the government to cope with the situation in Cuba. That the large Spanish army in Cuba must be still further heavily reinforced is looked upon here as being a confession of weakness upon the part of the administration, and as an admission of the growing strength of the

In addition many letters have been received in different parts of Spain by the relatives of Spanish soldiers serving with the army in Cuba, and they tell such terri-ble tales of sickness, privation, incompetency and mismanagement, to say nothing of lack of pay, that a dangerous feeling against the government has arisen, and is gaining strength day by day. Under these circumstances the agents of the Cubans do not have much difficulty in carrying out their plan of causing popular outbreaks. They steadily fan the flame of discontent by pointing to the apparently unnecessary hardships which the Spanish troops in Cuba are compelled to endure. The republicans also are taking advantage of the situation to push their propaganda, and the combined ovements are making more headway with the masses than the government will admit, although it is already betraying symp-toms of alarm and has sent stringent instructions to the prefects to promptly and effectually suppress demonstrations which may occur in their districts and to have no hesitation in calling upon the military for support.

This the revolutionists hope will serve to call attention to their cause and enlist in their sympathy of the people. roads in Valencia are being patrolled by gendarmes, troops are pursuing armed bands of revolutionists in the mountainous districts of the same province, and further trouble is apprehended.

Madrid up to the present has been quiet but signs are not wanting that the spirit of discontent is abroad and that the efforts of the government to gain support by trying throw the blame for everything upon the United States, the chief bugaboo of Spanish politicians will not much longer avail. In a factory near the city of Valencia the

police have discovered a quantity of arms and ammunition, and similar stores are believed to be in existence in different parts of the province. The arms referred to are known to have been smuggled into Spain facture, showing their shipment to be par of the plan of campaign being conducted by the Cubans in Spain. The Spanish offi-cials, as usual, are blaming the United States for the troubles in this country, basing the assertions made on the fact that among the leaders of the recent riots was Dr. Bernardo Toledo, said to be an American citizen whose brother is in commana force of Cuban insurgents. It is claimed that money, arms and ammunition were erved out to the rioters from the house which he occupied, and a search of the building is said to have resulted in the discovery of a number of letters from the United States, Cuba and Argentine republic showing that the outbreaks here have been planned by the leaders of the Cuban insur gents, and that the movement is widespread and capable of assuming most serious pro-

the effort being made in certain quarters to arouse the masses against the Protestants and to them, as already stated, is being attributed Spain's reverses in Cuba and the growing insurrection here. The Cuban agents, however, are doing everything possi ble to counteract this movement, and are urging the people to place the blame for the excessive taxation, the military blun ing and the political bluster wholly where it really belongs, upon the shoulders of the Spanish government, and not to be misled by such foolish inventions as the state-ments emanating from semi-official sources and for a time generally believed that the United States government were overbidding the agents of Spain wherever the latter tried to purchase war ships

The morning session was adjourned until evening, the populists at Abilene having at that time taken no action as to the proposed fusion. POPULISTS LOSE NO TIME. ABILENE, Kas., Aug. 6.-The nomination of Senator Leedy for governor, at 2 o'clock this morning, left the delegates to the populist convention in a mood for quick work today, and they began at 9 o'clock. United States Senator Peffer opened the session with an address advocating the fusion of the anti-silver forces on a basis of votes cast for all offices.

The convention quickly got down to the

consideration of the resolution committee's report, and without much ado the report was adopted as presented. The resolutions endorse the St. Louis platform and Bryan and Watson. They congratulate Kansas that since populists have been in politics many good laws have been secured; condemn the republican house of representatives for failing to pass bills sent from the populist senate; demand that officers carry out the will of the people; that the attorney general enforce the statutes limiting corporations to the business named in their charters, and that railroads shall do no other business urer, attorney general, supreme court judge than that of common carriers; condemn favoritism to shippers by railroads; favor a maximum freight law; demand reduction of public salaries; demand that the supreme court, in justice to the people, clear its

When the convention reconvened after re-cess, the question of fusion was immediately brought up by the presentation of a report which had been formulated by the democratic conference committee. The report agreed to give the populists all the state offices and congressmen-at-large, the democrats to retain their electors intact posed to give the democratic and populist vote of Kansas to whichever vice presiden-tial candidate (Sewall or Watson) shall lead in the vote in the electoral college of the nation. The populist conference committee had previously agreed to the democrats' re port and made a statement to the convention supporting its reasons therefor.

OBJECT TO ONE MAN. The democratic report was received with demonstration of approval. A mothe report was made and at once a to adopt the seconded, an clamor arose for the question to be put. Colonel Harris, candidate for congressmanat-large, spoke supporting the report. It was time, he said, to admit openly what was commonly talked in private, that no populist looked for Watson to get more votes than Sewall. An hour was spent in debate. There was some fight on Morris Claggett, suggested as one of the clectors, who, it was asserted, carried a musket against the strikers in 1893. It was finally decided to investigate the charge, and, if found true, to take him off the ticket. In the meantime, a motion to adopt the report, the Claggett matter to be arranged later, was made. It was carried by acclamation and ten democrats became the populist nominees for presidential electors. They are: Moses Claggett, Pittsburg; Albert Perry, Troy; George T. Pitts, Wellington; Sidney Hayden, Holton; J. G. Goshorn, Iola; W. H. Linton, Cherryvale; Earle M. Blackshear, Elmdale; Charles A. Hiller, Salina; James R. Logan, Lincoln, and H. J. Roetzel,

the middle-of-the-road delegates and they very nearly overturned all the carefully laid plans for fusion with the silver democracy. C. J. Smyth, chairman of the democratic state central committee, was on the ground with a proposition that two places on the populist state ticket be left vacant. A com-mittee was appointed to confer with the democratic leaders. The conference resulted in a failure to agree and made a partial re-port to the convention, stating that the democrats demanded the treasurer and the attorney general. The proposition evoked a debate which dragged along without result until Chairman Smyth broke off all negotiations by withdrawing the request for two places on the state ticket.

This action on the part of the democrats seemed to have a pacific effect upon the radical element in the convention, for after cominating nearly the entire ticket a motion o leave the attorney generalship vacant was

carried. At last night's session, after Meserve was nominated for treasurer, L. S. Ostein of Knox county, P. J. Oliver of Nemaha, Ernest Von Florrell of Kearney, Miss Lillian Stoner of Cherry, Ed W. Hennsong of Franklin and W. R. Jackson of Holt were nominated for superintendent of public instruction. The greater part of the past four hours had been devoted to scores of nominating speeches, and by this time the delegates began to grow restless. Two or three speakers were howled off the floor and the roll call was begun.

Miss Stoner was the favorite from the start, and her candidacy aroused more contusiasm than that of any one before the convention. Every vote cast for her was vociferously cheered. The result was: Stoner, 2994; Ostein, 99; Oliver, 16; Jackson, 15%; Hennisong, 115; Von Fjorrell, 40. This did not prove anything, and on the second ballot Miss Stoner's votes seceded to Jackson, and the latter won out in a walk. Cherry county made it unnaimous. Miss Lillian Stoner of Cherry, Ed W. Democrats Dont' Want the Pop. KANSAS CITY, Aug. 6 .- A special to the Star from Perry, Okl., says: Rev. John Y. Cailahan, the Methodist preacher whom the populists at Guthrie last night nominated for congress, to succeed Hon. Dennis Flynn, will hardly receive democratic endorsement. The democrats, it is now stated, will probably nominate a third ticket, and J. W. by the high-handed proceedings which would be delivered. The matter was finally ably nominate a third ticket, and J. United States' Record of Failure to Keep the Two Metals at a Parity Even When the Ratio Ac- > corded with Values.

PORTLAND, Me., Aug. 6 .- Thomas B. Reed was today renominated by acclamation for congress by the republican convention of the First district. It is the tenth successive term for which Mr. Reed has been nominated. After the nomination Mr. Reed was escerted to the platform amid loud cheering. He seemed to be considerably, affected by the ovation. Mr. Reed thanked the convention for the unanimous nomination, saying that by so doing he had been relieved of the duty of attending to his district and given the opportunity of paying attention to the wickedness of the rest of the world. Continuing, Mr. Reed said:

second ballot Miss Stoner's votes seceded to Jackson, and the latter won out in a walk. Cherry county made it unanimous. Normal to the latter won out in a walk. Cherry county made it unanimous. Normal to the latter won out in a walk. Cherry county made it unanimous. Normal to the latter won out in a mail to do with it. Not BIMETALLISM.

The only question is what monetary system is the best? You hear a great deal about bimetallism. The platform of the chicago convention was not a bimetallist platform and don't let them try to make you believe that bimetallism is what they are after. What is the object of bimetallism is what they are after. What is the object of bimetallism is what they are after. What is the object of bimetallism is the was a candidate for the office and was willing to take his chances against populist competitors, but he would not get off the track in favor of a democrat. E. E. Thomas of Douglas, W. L. Hand of Buffalo and S. H. Sonberger of Saunders withdrew their candidacies in favor of the motion, which was carried by a two-thirds vote.

Many of the delegates had left to take the morning train, but the remainder stood by their guns with unflinching pertinacity. In spite of the fact that the day was beginning to dawn, the nominating speeches were not abbreviated by a single sentence, and the average of about a dozen speeches in support of each candidate was fully maintained. For commissioner of public lands and buildings W. H. Waldron of Adams, S. M. Walling of Butler, Frank Hibbard of Douglas and J. V. Wolfe of Lancaster were entered. The vote was: Wolfe, 374; Hibbard, 130; Walling, 160; Waldron, 38, and Wolfe was nominated.

A telegram was ordered sent to the populist conventions in session in Texas, Georgia, Nebraska and Alabama, informing them of the endorsement of Bryan and Watson. The port and the rules were suspended while the convention proceeded to the nomination of a chief justice. Four names were present to the people, clear its dockets; and the following convict labor and wolf have a proper of feet. In short, under some circumstances was quickly settled. W. F. Porter of Merrick county moved that Judge Neville of North Plate be named for the long term by acclamation and John S. Kirkpatrick of Lincoln for the short term. It carried with a rush, and, by way of recognition of Douglas occurs. A. A. Munroe of South Omaha was nominated by acclamation for regent of the state university.

The state central committee was authorized by resolution to file any vacancies that have, because, as I said to you already, if this is a disease at all, it is a world disease, and have a world remedy. this is a disease at all, it is a world disease, and has got to have a world remedy. Nothing else will attend to it. (Applause.)
