of The Bee: In a recent issue of the World-Herald is an article signed by Wil liam T. Johnson of this county, grossly misrepresenting the political situa interpresenting the pointeau stead tion here, and the same has even been published in the Chicago Rec-ord also. The article in question is given a prominent position on the first page, with the headline "Bank Goes Into Politics." and has no foundation of fact other than that such a letter has been to those who are indebted to the bank on from the cabinet one not stillicted with free silver lunacy vill blame the bank for asking that its obligations be met with a money of the same value as that loaned. The author of the article was an appli-

cant for the position of postmaster four years ago, but was worsted in the race and years ago, but was worsten in the race and since then has been disgruntled and the consort of populists. When the county seat fight opened here he was a warm sup-porter of the claims of Alliance, but a large amount of money was used in the county and he was soon spending all of his time in furthering the interests of the county in this statements in this county poposition. His statements in this county yould have no weight, as he has no stand oppos ing here whatever, but when they are given out over the country promiscuously the un sophisticated reader might imagine other The letter in question has created no

14 Hung Chang on Bimetallism LONDON, Aug. 12. The Times' report of visit to the Bank of England yesterday by Li Hung Chang says that Li observed while there that the question of bimetallism could only be settled by the silver using and producing countries and that, therefore 'hina, Japan and America must decide the question. "If we are to work in unity with Japan," he said, "we must make a proposal for a fixed ratio. But we shall fail unless Europe approves. England could settle the question if she wished, but she has her own interests to protect."
