DELEGATES TO GO TO INDIANAPOLIS

Breckinridge, Buckner, Carroll and Browder Chosen to Represent Their State_Chicago Platform is Roundly Denounced.

LOUISVILLE, Ky., Aug. 20 .- Kentucky democrats who are not in sympathy with the Chicago platform raised their standard today and the Bourbon state will lead the procession to Indianapolis. The convention contained some 300 delegates. On the stage were many of the men who have fought democracy's battles in the state for a quarter of a century. Two sessions were held. In the afternoon a temporary or ganization was effected, the state selections of the various districts for committees and electors were presented, and an address was delivered by Colonel W. C. P. Breckinridge. The eloquent colonel's reappear ance into public life was the occasion for one of his best efforts. He pitched into the Chicago platform with might and main and declared it was the duty of Kentucky democrats to compass the defeat of Bryan and Sewall, whose election, he declared, would be the greatest calamity that could befall the people of the country. Chairman George M. Davis made a brief speech in calling the convention to order. J. Hindman, who was made temporary chairman, also spoke briefly in a humorous vein. After the various committees had been named nominations for electors were made and a full list of delegates to the Indianapolis convention was elected. A recess was then taken until evening.

About the same sized crowd as in the

afternoon had gathered in the hall at 8 o'clock. The following delegates-at-large to the Indianapolis convention were chosen Governor S. B. Buchner, A. J. Carroll, W. C. P. On montion of Colonel Breckinridge, an amendment to the platform was adopted, urging the nomina-tion of Governor S. B. Buckner for vice the Indianapolis convention. After speeches by Governor Buckner and others the convention adjourned. Just before adjournment a telegram from United States Senator Lindsay was read, in which he expressed regret that illness pre-vented his attendance at the convention.

Sent Him Despite the Returns. LINCOLN, Neb., Aug. 20 .- (Special Telegram.)-To a representative of The Bee this evening, Captain J. D. Woods, secretary of the Lincoln Commercial club, related a Bryan reminiscence that is interesting.

"Four years ago, next November," said Captain Woods, "I was county clerk of Lancaster county. This was when William Jennings Bryan ran for his second term in congress against Judge Allen W. Field. The day after the election Mr. Bryan came into my office at the court house, and inquired my office at the court house, and inquired how I estimated the result of the congressional election. I had been receiving and tabulating returns all the forenoon. I told tabulating returns all the forenoon. Mr. Bryan that in my opinion, judging from returns so far received that Judge Field had beaten him in the district by about 150 votes. Lancaster, I said, had gone against him some 350 votes.
"Bryan then in the presence of several

witnesses laughed and said: 'It really doesn't make any difference how the election has gone; there is a democratic majority in the gone; there is a democratic majority in the house and it will seat me any way. I said, "That is not the way to talk. If you are elected by one vote, you are entitled to your seat, but if Judge Field has one vote the most, do you not wish to see him seated?" "Mr. Bryan laughed and repeated the statement, that he would be seated anyway. I then told him that if he ever ran again for congress I would follow him all ever the would follow him all over the that morning. He then went out, but never again ran for congress. He beat Judge Field by 140 plurality. I am ready at any time to make affidavit to this statement." Captain Woods is president of the Farmers' Mutual Insurance company of this city.

ARE SHOWING ALARM OVER IDARO. Democratic Leaders Afraid that Du-

bols Will Be Given a Snub. WASHINGTON, Aug. 20 .- At both the democratic and populist headquarters, seri- Sound Money Democrats Select Delegates to ous alarm is felt over the situation in Idaho, where the news dispatches indicate that the democrats and populists are effecting a fusion which will leave out the silver

republicans. The managers at both head quarters consider that this is a violation of the spirit of the free silver campaign which seeks to combine all the silver forces and they fear its effect on the sliver repub-licans of other western states. They be lieve the different forces should combine on equitable and just terms and effect a division such as was made in Minnesota and Washington. Moreover they consider that it would be especially ungrateful in daho because their refusal to recognize the fiver republicans involves the defeat of Senator Dubola. The latter is looked upon by both the democratic and populist man-agers as one of the great central figures in the bolt of the free silver republicans from the republican party on the issue. To his instrumentality, also, is most largely attributed the defeat of the tariff bill in the senate except with a free silver rider, and to "turn him down" they believe would send a chill through the leaders of the silver republicans of the west. For this eason it is probable that both Chairman Jones and Chairman Butler will make every effort to arrange some sort of an adjustment in Idaho that will give due recognition to the silver republicans.

Among the callers at democratic headquarters today was Secretary Hoke Smith who had a long conference with Chair-man Faulkner and Secretary Gardner. The democratic committee will publish an extract from the message of Grant sent to congress January 14, 1875, announceing his approval of the act for the resumption of specie payments. The object is sup-posed to be to show that President Grant lid not know that silver had been "demone tized" by the act of 1872. The extract is

'In fact to carry out the first section of the act, another mint becomes necessary. With the present facilities for coinage it would take a period probably beyond that fixed by the law for final specie resumption o coin the silver necessary to transact the ouslness of the country. "There are now smelting furnaces for ex-

tracting silver and gold eres brought from the mountainous territories in Chicago, St. Louis and Omaha, and as much of the change required will be wanted in the Mississippi valley states, and as the metal to be coined comes from west of these states and as i understand, the charges for transportation of bullion from either of the cities named to the mint in Philadelphia or New York amount to \$4 for each \$1,000 worth, with an equal expense for transportation back, it would seem a fair argument in favor of adopting one or more of these cities as the place or places for the establishment of new

oinage facilities."

RAGAN, Neb., Aug. 20 .- (Special.) -- Monday was a gala day for the republicans. One week ago Hon. W. E. Andrews and J. B. Pugh were advertised to speak at this place. The closest attention was given while Pugh expounded the tariff, and Andrews explained the financial problem. The house was crowded beyond its capacity, and great en-thusiasm prevailed. RESULT OF LAST NIGHT'S CONFERENCE

State Central Committee Meets with Leaders of the Party Throughout the State-Personal Preferences for Morton.

The state central committee of the sound money wing of the democratic party held a meeting at the Millard hotel last evening. There was practically a full representation of the committee, and, in addition, a number of prominent democrats from Omaha and all parts of the state were called in to participate in the proceedings. There were in the neighborhood of 100 present, among them being noted Fred W. Vaughan of Fremont, Carl Morton of Nebraska City, Tobias Castor of Lincoln, W. H. Munger of Fremont, J. C. Crawford of West Point, D. W. Cook of Beatrice, A. J. Sawyer of Lincoln, Frank White of Ashland, J. F. Bradshaw of Superior, H. J. Whitmore of Lincoln, George E. Baer of Geneva, Albert Watkins of Lincoln, D. P. Rolf of Nebraska City, and Euclid Martin, J. N. H. Patrick, Robert Patrick, James North, Dr. Miller, Lew May, C. S. Montgomery, Judge E. Wakeley and George E. Pritchett of Omaha.

The meeting was held behind closed doors and did not break up until well toward mid-night. When the members of the conference came down stairs they one and all stated that there had been prefect unanimity on the question of sending a delegation to the convention of sound money democrats at Indianapolis, and when the question was put to a vote it was carried unanimously. There was some little difference of opinion expressed as to whether it was advisible to put up a third ticket, but the generally expressed opinion was in favor of that action. The delegation which will go to Indianapolis will be free to act on that question, however, as their best judgment will dictate when they shall arrive there and have an opportunity to confer with delegates from

other parts of the country.

The opinion was freely expressed by those who were in attendance at the meeting, who were in attendance at the meeting, after it was over, that not only would a national ticket be nominated, but that in all probability a full state ticket would be put in the field in Nebraska. This will be a matter to be determined after the meeting of the Indianapolis convention, however.

It was stated that the presidential preference of neither the delegates selected nor of those present in the meeting was discused, and that they would go to indian-apolis perfectly free to act as the situation there should warrant, but that any sound money democrat of ability and standing would be satisfactory to the Nebraska men They denied that the delegation from this state would present the name of J. Sterling Morton, but from the opinions expressed by many of them when questioned it was plain to be seen that they would like to see the Nebraska man honored, though they would not admit they had authority to pre-sent his name or that it was the intention to urge his candidacy.

The following were selected to represent this state in the Indianapolis convention: Euclid Martin, Omaha; S. G. Glover, Arlington; J. C. Crawford, West Point; G. N. Baer, Geneva; D. P. Rolfe, Nebraska City; Albert Watkins, Lincoln; C. S. Montgomery, Omaha; R. W. Patrick, Omaha; F. W. Vaughan, Fremont; R. P. McMullin, Ponca; George P. Marvin, Beatrice; Frank E. White, Ash-land; J. I. Rhea, Holdrege; R. S. Proudfit, Guide Rock; J. I. Leas, Chadron, and J. F. Crocker, Kearney

Guide Rock; J. 1 Leas, Chadron, and Crocker, Kearney.

It is stated that all of the delegates se-lected have pledged themselves to go, in order that Nebraska may have a full representation, as no provision has been made for alternates

It will also be noted that among the delegates are a number who have been among the most intimate personal and political friends of the secretary of agriculture, which would tend to strengthen the belief that it was at least among the possibilities that Mr. Morton's name would be presented for the presidential population or the presidential nomination.
