ranks is growing, rather than weakening, according to Colonel L. M. Martin, national committeeman for the Iowa sound money nocrats. He speaks by the card, for he had an immense correspondence in the last two weeks with all parts of the state on this very subject. This is the way he states the situation:

MARTIN'S ESTIMATE.

"The normal republican vote in this state is about 225,000; democratic, 175,000; populist, 30,000. Democrats and populists have fused. Supposing the fusion is suc-cessful—and no fusion in Iowa ever wasthe republicans are left 29,000 in the lead. From the letters and estimates 1 have received, I calculate that 25 per cent of lowa democrats will vote adversely to Bryan. That is, 45,000 of them will not support the free silver candidate. Of these, 28,000 will free silver candidate. Of these, 28,000 will vote for the sound money democratic ticket; 20,000 will support McKinley. The net result of the calculation is that the Bryan ticket must get about 40,000 republicans, or nearly 20 per cent of the party's total strength. It is just as impossible for Bryan to carry lowa as it will be for him to get Massachusetts."

"A week after this con-vention." declares Colonel Martin, "there will be more sound money democrats in Iowa than we dream of now. The thing will sweep over the state like a prairie fire and it will have a tremendous effect." SOME OF THE OFFICERS.

The convention will meet in the Grand opera house at 10 a. m., Wednesday. J. E. E. Markley of Mason City will be temporary chairman and a great speech is expected from him. Judge W. I. Babb of Mount Pleasant, who a year ago was the democratic candidate for governor, will be per-

manent chairman.
The First, Second and Third congressional districts will be represented by full delega-tions from every county. The Fourth will have a nearly complete delegation. The Fifth will have but one or two counties represented, and in the Sixth, the supposed hot-bed of free silver, every county will have a full delegation. The Seventh, Eighth and Ninth districts will have practically complete representations. The Tenth and Eleventh will be lightest of all, those districts having manifested much less interest in the movement than the other parts of the state. They are, however, both regarded as safely republican districts."

There is considerable talk of the selec-

Every one assumes that Senator Hill has resolved to support the nomince of the party, else, they argue, he would hardly invite him to sit at his table. And the lunch is taken as a practical an-nouncement of Hill's determination, which is expected to be followed by a more formal declaration of the senator's attitude. He will spend two hours, according to the program which has been arranged for him, at Wolfert's Roost, the handsome residence which Senator Hill bought of Fritz Emmett, the actor. This visit having been arranged that the democratic candidate and the senator may come to an understanding, if they have not al-ready done so, will mark a distinct epoch in the campaign. The fact of the invita-tion from Senator Hill, which message comes, it is understood, through Chairman Hinkley of the state committee, is taken by the politicians here as an answer to the question which has stirred the state since the day of the Chicago convention-whether Senator Hill will support the ticket. ALBANY, N. Y., Aug. 23.-Former Senator Norton Chase, the chairman of the democratic city committee, was asked to-day whether he knew anything about the story that Mr. Bryan was to be entertained Senator Hill at Wolfert's Roost Albany. Mr. Chase said: "Yes. n Albany matter of personal courtesy to the distin visitor to all Albany, Senator through the committee, has invited W: Bryan and his wife and a few persona friends to dine with him at Wolfert's Roos on Tuesday afternoon and Mr. Bryan has ccepted the invitation."

Asked whether Senator Hill would preside at the meeting to be held in City Hall square

when Mr. Bryan makes a speech, Mr. Chas said: "The meeting is to be very simpl n character and of brief duration. Mr. Bryan and possibly not longer than twenty min utes. Almost immediately after he finished it will be necessary for Mr. Bryan to star for the railroad station. The people will be anxious only to hear the democratic candidate for president. One could not address so large a multitude in advance of Mr. Bryan with advantage and after he co-cludes his address it is likely that ever one will wish to shake Mr. Bryan's hand t impossible to have a speaker follow him While the citizens of Albany are always delighted to hear the distinguished fellow townsman, Senator Hill, the committee on arrangements does not think it best to ask Senator Hill to preside at this time."
