Motor Service During Fair Week Superintendent Dimmock of the motor company has arranged a schedule for the running of the motor trains during the fair week in Omaha next week that he thinks will prove a popular schedule for the Council Bluffs people who want to see the show and get home the same day. In speaking his plan yesterday, Mr. Dimmock said: A five-minute service will be inaugurated between Omaha and Council Bluffs during the fair as fast as the travel demands it. Regular trains will run as usual. All of large cars will be run as extras between Twelfth and Douglas streets, Omaha, and Pearl and Broadway, Council Bluffs. This is done in order to double the service between the two cities. Last year after the parades were over the go home at once, and all of our trains were in Omaha ready to receive them. As it takes an hour to run from Fourteenth and Howard around the loop or to the Rock Island and return, all the people that were left were compelled to wait the return of the trains. Feeling that if they could reach Pearl and Broadway or Twelfth and Douglas they would be satisfied and could reach home much quicker, we deem it wise to run the trains only to these points, thereby and causing the same cars to make nearly number of trips they would i they were to run to the extreme end of the in both cities. In other words, people would rather ride from Twelfth and Douglas to Pearl and Broadway and walk the rest of the distance home than wait in Omaha an hour for a train that would take them

only a few blocks further." Carcless Teamsters Punished. The city ordinance requiring all teamsters to bitch their horses when left standing on the street will hereafter be enforced and no exceptions will be made. Two arrests the offense were made yesterday. W. Hutchinson, driver for the Schofield, Shumer & Teagle Oil company, refused to comply with the conditions of the ordinance requiring the use of a weight of not less than twenty-five pounds. He was warned a number of times by the police, but disregarded the advice. When notified that if he repeated the offense he would be arrested he concluded to show his conbe arrested he concluded to show his con-tempt for the ordinance and the officers by an attempt at burlesque. He procured the widest strap he could find and at-tached it to a little weight weighing less than a pound, and made a grand stand play in front of Officer Barbyte. PERFORMS THE WORK AT SPECIAL MEETING

Made by Which the Scholars Are Supposed to Secure Books of a Very High Order

The Board of Education held a special meeting last evening for the purpose of making the assignment of teachers for the ensuing year. All the members were present but Robertson and some delay was occasioned by the absence of the president. While the board was waiting for his appearance several members adjourned to the hall and held conferences. After waiting until nearly 9 o'clock Member Thomas was called

to the chair. Chairman Snyder of the teachers' committee reported the assignments made. Several changes were made in each building. Dr. Snyder said that in making the assignments the interests of the schools were first taken into consideration and the convenience of the teachers was consulted. The assignnents to grades are indicated by the figures.

The assignment is as follows;

The report was accepted without debate. The report was accepted without desate. Secretary Dawson reported that he had looked up the matter of the contracts with school book publishers. The contracts are made by law and must run five years. They have now expired and the secretary was in-structed to ascertain if the present con-tracts and bonds could be legally continued in force. The secretary stated that he was unable to find the original contracts and bonds in a number of the deals. Those he had found and examined contained no clause that would prevent the board exacting the conditions of the bond and the board could old the publishers to the present contracts for as many years as they desired, but the publishers could not prevent the board terminating the deal at any time. The report was accepted and the matter was left with-

enting a machine and it was thought to be etter economy to buy one, and on motion Spruit it was decided to make the pur-

to the primary grades, a book that is not in use. The proposition was to take a mass of old geographies that had accumulated in the schoolos for ten years or more, of all names and grades and pay for them at a good price, giving the new books in exchange. The book does not displace any now in the schools. The proposition also now in the schools. The proposition also included the offer to take any unused Potter's geographies at original price if new and not less than half price in any condition and give the new primary books for them.
The proposition was accepted and the contract ordered to be made. Prof. Sawyer last fall recommended the book in the following testimonial and the action of the board is in line with his recommendations: "Frye's Primary Geography is the only primary Primary Geography is the only primary geography, or first book. BOARD ASSIGNS TEACHERS FIXING THE TAX ASSESSMENT.

City Council Session Devotes Much Time to the Subject.

At the meeting of the city council last How the Force is Divided for the Present evening the time was largely consumed in listening to the report of the finance committee and fixing the tax assessment for the coming year. The assessment finally agreed upon makes a slight reduction from that of last year. It is as follows:

the Murderer's Desire to Secure His Grandmother's Home.

WEBSTER CITY, Ia., Aug. 24.—(Special Telegram.)-Indications point strongly to the guilt of the man Paul charged with HUMBOLDT, Neb., Aug. 24—(Special.)—
Saturday evening Hon. J. B. Strode made an able address on the present issues to an ach of Mrs. Dulin. After an investigation enthusiastic crowd in Speeser precinct, south of this city. This precinct only last year entered the republican stronghold, and intends to stay there. This is a German of poisoning Mrs. Dulin, must stand trial intends to stay there. unity, and they are unanimous for upon the charge of murder in the first degree. His preliminary hearing was commenced this afternoon. The examination progresses very slowly. The defense will rely upon the inability of the presecution to show sufficient motive for the crime. Prof. R. Macy testified that he is a chem-

college of Des Moines. He received from sation was created when Grand Secretary Coroner Eberle the stomach of Mrs. Dulin and Treasurer Austin of the Order of Railfor analysis. The essential part of his evidence consisted in the testimony that he found strychnine in the stomach in quantities sufficient to produce death. He demonstrated in recovery ways that it is a constraint of the Order of Rail-way union and its preident, Eugene V. Debs. He referred to President Debs as the "self-constrated in recovery ways that it is a constraint of the Order of Rail-way union and its preident, Eugene V. Debs. onstrated in several ways that it was strychnine, one of which was the administering of a small quantity taken from the stomach to two live frogs. In both cases it produced death within five minutes.

The theory of the prosecution is supported

almost wholly by circumstantial evidence so far as has been developed. It has shown the presence of Paul at the home of the victim; it will undertake to prove that Paul was under great obligations to the deceased and that he expected at her death to get her home; that her death would remove an obstacle, and the only one, in the way of his marriage to the girl, Elia Hartman, whom he married five days after Mrs. Dulin's death. Paul bears an unsavory reputation about Homer. The people from that vicinity all think him guilty not only of the murder of Mrs. Dulin, but of his wife

Green County Pioneers' Outing. JEFFERSON, Ia., Aug. 24.-(Special.)-The eighth annual meeting of the Old Settlers' association of Greene county will occur next Saturday, August 29, in this city These gatherings have come to be regarded as among the most enjoyable events of the year, a sort of reunion of the men and women who have lived in the county near a quarter of a century. Of course everybody quarter of a century. Of course everybody in the county is invited, but only old settlers take part in the program. There will be cannonading at 10 o'clock, followed by music, annual address by Judge Church, basket dinner at noon, followed by short speeches by old-timers. Relics of the early also be an architician. Tan than lays will also be on exhibition. Ten thousand people are expected. Swindles Produce Merchants.

CEDAR RAPIDS, Ia., Aug. 24.—(Special Telegram.)-Some time ago S. B. Gafford of Chicago came to this city and, representing himself to be a member of the firm of Gafford & Co. of Chicago and that they had property in Des Moines, secured the shipment of nearly \$1,000 worth of butter and eggs and nearly as much more from other points near here. Receiving no remittances an investigation showed there was no such firm in existence. Marshal Farmer left here today, armed with a requisition, and bring Gafford back to be tried for obtaining goods under false pretenses.

"Of course he will."

"Every one he cuts will hurt him. The his second teeth will come along and push these out. That will hurt him again. Some of the new ones will come in crooked, like as not, and he will have to go to the den-tist and have a block and tackle adjusted to them to haul them around into line. Then he'll cut his wisdom teeth. That'll hurt him some more. After that he'll have to go to the dentist and let him drill holes and hammer until his face feels like a greapaipitating stone quarry. I wouldn't wan him to go through life without teeth; but I must say that I don't see any occasion for the customary hilarity over an event that means so much in the way of sorrow and humiliation."

Speakers Throughout the State

STROMSBURG, Neb., Aug. 24.—(Special.)

-Hon. O. C. Peterson of Illinois will make week. He will speak in the Swedish lan-guage, discussing the financial question from a republican standpoint. Mr. Petersen comes here recommended as one of the brightest speakers on the stump. He is said to be exceptionally effective among the people of his own nationality. As a large portion of the inhabitants of this county are Swedes, the republicans expect Mr. Peterson's efforts to result in many converts to the cause of sound money. He speaks in the park in this city Saturday, and in Johnson's grove in Swede Home

The coachman has orders to drive up to any gentleman's house which happens to be in the neighborhood of the meet, when the footman alights and requests that a room may be placed at her majesty's disposal in which to dress. Naturally, a good many people have been somewhat taken aback at thus being suddenly asked to accommodate an imperial guest, and this was especially the case in Ireland when the empress was hunting there a few years ago, for they were not accustomed to such an honor. However, she did there as she always did
