First by putting anarchy down and all manner of disturbance. Peace and a stable government are the first necessity. This is a borrowing and a lending world. No amount of denunciation of money lenders, no wild talk about Wall street, which, by the way, is the greatest money borrower in the world, will ever put down that fact. In conclusion, Mr. Reed said: These financial matters are governed by natural laws, and take their course like the rolling of the round earth or the glitter of stars. Suppose a man were a facing the dawn. As the panorama rise, the march of the fountain of light across the sky the red sunset and the black darkness came over him, what could be make of this termination of the gorgeous pageantry of the skies? Nothing but darkness, desolation, and denth, and a wild calling on the unknown Gods to help. But the man who has from earliest boyhood seen the sun disappear into the red, to keep up another day, may be ignorant of Kepler's laws and of Galifeo's faith, but he knows no greater certainty on earth than that the day follows the night. A man who has only seen 1893 might well wonder and call for reseue, but we, who have seen 1873, and have read of 1825 and 1851 in England, and 1851 in America, know that we shall assuredly rise again to business and prosperity as that tomorrow's sun ss and prosperity as that tomorrow's sun | man to do anything like that."

## BRYAN ON LOYALTY TO PARTY. Popocrat Tells Democrats He Expects to Get All Their Votes.

ALBANY, N. Y., Aug. 25 .- The second day of William J. Bryan's trip westward from the seclusion of Red Hook was an eventful one, culminating in a great meeting at Albany, where the candidate spoke to a crowd of people in the city hall square under the their rousing patriotic campaign songs. The shadow of the state house. Before this speaking was excellent and the meeting was demonstration Mr. and Mrs. Bryan sat down to a dinner with Senator Hill and prominent democrats at the senator's magnificent home, known as Wolfert's Roost, whither they were driven directly from the depot. Those who met the democratic candidate and his wife at Mr. Hill's home were: Su preme Court Judge G. Cady Herrick wife: Louis W. Pratt, the collector of cusns, and wife; Norton Chase, chairman of the city democratic committee. For nearly three hours Mr. Bryan was the guest of the

New York senator. The crowd began to gather in the city hall square two hours before the meeting and when Mr. Bryan faced them the people were packed in solid masses over several acres of pavement and sod. He was escorted by Messrs, Chase and Pratt, Recorder Matthews, Postmaster Woods and Collector John P.

Masterson. Senator Hill was not there. Mr. Chase introduced Mr. Bryan.

Before Mr. Bryan's speech was finished darkness came on and red lights kindled on the outskirts of the crowd which threw a was driven to the station preceded by a band

In the course of his speech Mr. Bryan said:

In this land of free government, people express themselves through larty organizations. It is the only way in which we can give effective force to our convictions. Without parry we fight without hope of success. Parties, in their conventions, adope their platforms and go forth to the people appealing for the suffrages of these who believe that through that parry and by the policies expressed in that platform, they can best serve the country and protect their rights. The democracy at Chicago met in convention and there the majority of the democracy of the Batter of the majority of the democracy of the Inited States, speaking through their legally chosen representatives, laid flown a platform and nominated a ticket. It is not to be expected that a person will always find in any platform everything which he desires, and nothing which he does not like. When a citizen comes to vote, he acts with that parry and endorses that platform which gives him the bast assurance of securing the most important things which he desires. It is proper, aye, more, it is necessary, that the candidate who stands upon a platform shall indorse the niterances of his platform, and I stand before you to declare in your presence that I endorse every word and every syllable of the platform at Chicago. (Applause.) But while I do so, I expect in this campaign the support of many democrats who are not willing to endorse all that the platform calls for. In a campaign, there is always some overshadowing issue. There is in a campaign always one great paramount question which, mere than any other will determine the allegiance of those who support the ticket; and in this campaign, we appeal with confidence to those people who are opposed to a longer continuation of the sold standard policy in the United States. Our opponents have at last taken a definite position upon the money question. The democratic party has begun a war of extermination against the gold standard we s In the course of his speech Mr. Bryan said

TROUBLE OVER DROVERS' TICKETS Freight Departments of Western Ronds Forced to Redeem.

CHICAGO, Aug. 25 .- The western roads are having much trouble because of a large number of drovers' tickets which have found their way into the hands of the brokers and which are demoralizing rates. The evil has grown so great that the chairman of the Western Passenger association has been authorized to make a thorough test of the market and buy up all the drover tickets he can find. He will turn these tickets over to the roads in the next general meeting and the freight departments of the different roads whose tickets are found on the market will be invited to redeem them with the penalty for violation of the association agreement attached.

SCRAMBLE FOR G. A. R. BUSINESS. Railroads Are Liberal in Giving Out Passes to St. Paul.

CHICAGO, Aug. 25.-The western roads are falling out over the Grand Army business to St. Paul. It was expected that the rate of 1 cent per mile, which was made for the encampment, would be sufficiently low to prevent any rate cutting, but the people who had that opinion are being badly fooled. There is not much cutting of the rate proper, but many of the roads are WRENN AGAIN TENNIS CHAMPION. carrying department commanders and their staffs for nothing and issuing free transportation in other cases. The authority for this rate is granted because of the squabble some time ago of the roads running through Indian Territory over the cattle traffic.

WEHSTER CITY, Ia., Aug. 25 .- (Special Telegram.)-The case of Jim Paul, the double murderer, was passed upon this evening by Justice Knowles, who held him to the fall term of court in September, for murder in the first degree. ship to Be Filled. During the state fair an efficient bureau of information will be maintained by the

Young Men's Christian association, with the aid of the Knights of Ak-Sar-Ben, at the association's building, southeast corner of Sixteenth and Douglas streets. This bureau already has registered accommodations for 60 persons and states that it will be able to place three times that number of vis itors in possession of knowledge which will enable them to find places where room and board may be obtained.

The new general secretary, to take Mr

Ober's place, has not been found yet, but the heard of directors hopes to have a man in that chair before September has passed. This is a curious instance of a position seeking a man. The qualification demanded rae very rarely combined. There are several eastern men of experience Young Men's Christian association wor who are being considered by the board, by nothing definite has been decided.

There will also be changes in the other officers. Mr. L. T. POLICE RAID A GAMBLING RESORT. Find No Indication that Games Have

Been Conducted Recently. The rooms over Henry N. Oerter's saloon, 1419 Douglas street, were raided yesterday afternoon in quest of gambling implements and any persons who might be gathered around the cloth of green. The police received a tip about a week ago that gambling had been resumed at several places in the city, and that the rooms over Oerter's saloon were running wide open with all the devices known to the craft in full operation. Nothing but profound stillness and an accumulation of cobwebs and dust were found in the rooms, together with some old gambling furniture which, it was amerted, has been stored there since the houses veres closed some months ago. They did not look as though they had been in use for years and were in their original places to allow of close packing. The police confiscated the furniture and took it to the station. The articles taken consist of one roulette table, a stud poker table, hazzard outfit, faro table and a chuch-a-luck device. Although the police did not succeed in arresting any men engaged in gambling, they aver that a number of big joints are in nightly operation, and that an effort will undoubtedly be made by the proprietors during fair week to gather in the visitors. The patrolmen have orders to watch all doubtful resorts closely, and wherever there is the least grounds for thinking that a game is "on" to report the same to headquarters.

Physicians, Tried **CUTICURA REMEDIES** Great Change in Five Days and To-day is

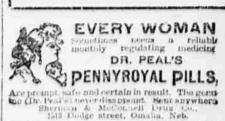

Entirely Cured.

My baby had Eczema in its worst form. One of the best physicians in the city attended her, but she continued to get worse all the time. He finally admitted he was at his wits' end. I then got Curreuna Remedies, and in a few days noticed a great change in her condition. She continued to improve and to-day is entirely cared, has nice head of hair, and is lively and hearty. I spent considerable money for drugs and doctor's bills, which was useless. J. B. JACOBS, 2001 Wilkins Ave., Balt., Md.
