The Oakland people were very indignant and had warrants issued at once for the ar-rest of Miles and others. The leader had not een found when the cadets left. The cadets held a consultation with County Attorney Saunders yesterday with a view of getting him to take up the prosecution of Miles and his gang, and he will probably do so. The attack seems to have been in-spired by a lot of country hoodlums led by files, who has the reputation of being a ully. He led a similar mob at the reunion it Macedonia last year and was under \$500 bonds to keep the peace.
