TOPEKA, Kan., Sept. 4.-Hon. W. Perry, who for years has been a leader in democratic councils in this state and who was United States district attorney during President Cleveland's first administration. has announced his loyalty to Palmer and the Indianapolis platform. His intention is made known in an open letter addressed to Hos. J. M. Love, chairman of the democratic state central committee, and issued today. In it Mr. Perry gives at length his reasons for this action, saying in part: "It has not been an easy matter for me to part with the po-litical associates of a lifetime and I have tried very hard indeed to forego my convictions and, in obedience to party law, bow to the decision of a majority of the dem-ocrats of the nation and of Kansas. The declaration of principles adopted at Chicago in many respects is so utterly at variance with everything which I have esteemed democratic that I cannot subscribe to it. The whole force of this campaign is in favor of a vicious, illusory, financial policy never be fore subscribed to by any leader of de-mocracy, nor by any convention of the

The democratic committee is having a good deal of trouble with its campaign. It can-not get literature and has a quarrel on with the national committee on this and other accounts. The committee has demanded financial aid from the national committee, but it has not been forthcoming thus far, though it is promised later. The state com-mittee finds that the republicans are making great progress in all sections and that fre-silver is on the down grade and going faste every day. There are dissensions among the party leaders, an incident of which was the resignation of Will A. Wells from the chairmanship of the literary bureau on a count of disagreement with the managers as to methods of running it.

CLEVELAND, Sept. 4.—Chairman M. A. Hanna in an interview said concerning the result of the Indianapolis gold democratic convention: "I think the action of the convention will be of assistance to us. Senator Palmer is a strong, reliable man and has a heavy following among the democrats of Illinois. His nomination, following that of Illinels. His nomination, following that of a gold standard democrat for governor in that state, will weaken the forces of the ather democrata in Illinois materially."

espousal of the people's party. This action meets my approval, since I have concluded to enroll myself in the same cause.

Few persons in this country have any con-ception of the magnitude of the operation of these associations or of their beneficial results, but some idea of their extent may be gathered from Mr. Keightley's statement. that in the British isles, they employ 70,000 people and produce of their own wares \$47,000,000 annually; that they devote \$250,000 annually to educational purposes, such as the maintenance of reading rooms, free libraries and classes, and have a trade amounting to \$291,950,600 each year. Kansas Land Mortgage Company Put

Into the Hands of Receivers. TOPEKA, Sept. 4.—District Judge Foster this morning appointed receivers for the J. B. Watkins Land and Mortgage company of Lawrence, Kan., the largest concern of the kind in the state. The liabilities amount to \$4,250,000 in debenture bonds, held in the east. The application for receivers wa made by the Girard Life Insurance. nuity and Trust company of Philadelphia which holds \$45,000 of the debenture bonds for the estate of Wistar Morris. The re-ectivers are M. Summerfield and J. B. Watkins of Lawrence and John F. Switzer of

The interest on the bonds has been in default since 1895 and it was this fact that led for this demand for a receiver. The company has had a checkered existence. About eight years ago it failed and was placed in the bands of receivers. It struggles along under their centrel, issuing debentur bonds which were sold to eastern people, and three years ago was taken out of the receivers' hands and resumed business under its old name, J. B. Watkins, president of the company, is considered one of the wealthiest men in Kamsas and is the princi-pal owner of the Kansas City, Watkins & Gulf railroad in Texas. It is believed that the company is not likely to be reorganized but the business can be closed up in a year or two. Samuel Bishop of Law rence, attorney for the company, says the assets will almost cover the liabilities. The assets are farm mortgages in Kansas, Ne braksa, Missouri and Iowa. The company has done an enormous business in loans and the sales of debenture bonds. How the money was spent can only be answered by the managers of the company.

Officers of the Watkins Land and Mort-gage company declare that the receivership is the result of trouble when Watkins was appointed receiver, but it was thought that the matter had been arranged satisfactorily. The present embarrassment was caused by the dissatisfaction of a small number of the stockholders, over 90 per cent of whom wished to arrange the trouble without the ntervention of the courts. > There's a great deal of money to be spent in Omaha for School Suits this Fall and if trade went by merit alone "The Nebraska" would get it all-every cent. One of the reasons we won't get it all is that some mothers imagine School Suits are all alike-they don't know that Nebraska Suits wear. Another reason is that some mothers have an idea that a School Suit is no use unless they pay a high price for it--twice what its worth. Another reason is that some people like to be humbugged in this year of '96 and instead of paying "The Nebraska" a dollar for a good suit they prefer to go where the Same Suit is sold for \$1.67 marked down from \$1.29 and while such reasons exist we can't get all of the trade. People who want the Children. most and best for their money buy here. For such people we have a tolerably good Suit at one dollar Hayden's. which is sold in other stores for \$1.50. At \$1.25 we sell a really substantial Suit this year. At \$1.50 and \$1.75 we sell suits fully as good as we sold last year for 50c more and for \$2 50 we show as handsome and as good a Suit as we ever sold for \$3.50 before. In long pant Suits we commence at \$2.50 and from that to \$9.00 we show a line not equalled by all the stores in Omaha combined. One thing mothers should remember-"The Nebraska" School Suits wear. The trouble is they wear so long that mothers forget what they raid for 'em and tell folks they paid 3 or 4 dollars when they only paid \$2.50 or so.
