AFFAIRS ON THE HAWAIIAN ISLANDS

Annexation Sentiment Rapidly Grow-

SEATTLE, Sept. 4 .- H. G. Whitney, ex postmaster general of the Hawaiian islands, who has just arrived from Honolulu, reports a strong revival of the annexation feeling on the islands, and says it is greatly intensified through the belief that should Hawaii be annexed to the United States the threatened Japanese trouble would be entirely wiped out by the abrogation of all existing treaties. By what is known as the Gibson treaty, entered into with Japan about thirteen years ago, Japanese may pour into the islands in unlimited num-bers. They now number 25,000 and are coming. Whitney states, at the starming rate of 3,000 g year. He thinks it is only a question of a few years until the Japanese will outrumber the natives and naturalized cause serious trouble. They are already demanding the right of franchise, which by treaty is conferred upon them as soon as they can read and write the English
