RACING AT THE STATE FAIR

Two Days' Card Easily Brought Off on a Slow, Heavy Track.

ELLA T TAKES THE BIG PACING PURSE

Wins from a Fast Field by a Gallant Exhibition of Speed—Two Processions to Wind Up the Week.

The state fair races were not granted any too many smiles by Dame Nature, yet in spite of adverse weather the majority of the events carded for the week were successfully disposed of, the mixed program of yesterday ending the sport. While the day was all that could be asked and the track was in fairly good condition, the attendance was not exactly what it should have been; still, there were a couple of thousand people in the stands and the afternoon passed off under the most pleasant auspices.

The first of the regular carded events was the 2:09 pace, $600. Starters:

Hail Cloud, b. s., Herschel, James Watt, Des Moines (Watt); J H L, blk. s., Idol Wilkes, C. H. Creighton, Omaha (McCoy); Ella T, g. m., Altmont, J. W. Tilden, Red Oak (Tilden); Roy the Kid, ch. g., Abdallah Swigert, R. Robinson, Maquoketa, Ia., (Ira); Russell T, blk. g., Miller's Russell, N. C. Hinckley, St. Joseph (Tapp)

The horses were sent away on the fourth scoring with Roy the Kid at the pole, but in last place. Ella T broke badly at the outset, but Tilden knew how to handle her and soon pulled her to her feet and at the half she was lapping the leader, Hail Cloud, and together they passed the mark in 1:05½. After passing this point Ella T steadily crawled to the front and into the stretch she led by a half length over Hail Cloud and came under the wire, pulled, in 2:12.

The second was easy for Ella T. They managed to bunch at the half, but the little gray mare never surrendered her grip on first place and won the heat in 2:14¼.

The third heat and race was a gift for Ella T. She went right out from the start and gracefully led the crowd home. Roy the Kid came up gallantly on the stretch and beat J H L out for second place. The half was paced 1:08. Time: 2:15¾. Summary:

Ella T	1	1	1
Hail Cloud	2	2	4
Roy the Kid	5	3	2
J H L	3	4	3
Russell T	4	5	5

Time: 2:12, 2:14¼, 2:15¾.

FOUR HEATS IN THIS ONE.

The second was the 2:32 trot, $500. Starters:

Shadeland Norward, g g., Normaneer, Woodline farm (Robinson); Dell Rheil, b m., Dictator Wilkes, M. Curnan, Boone, Ia., (Curnan); Nettie K, b m., Honest Jim, Charles Scharge, Alta, Ia., (Scharge); Larchgrove, d g., Golden Wing, W. H. Denton, Council Bluffs (Denton); Lucy Cotton, b., Young Sentinel, O. W. Brown, Hiawatha, Kan., (Montgomery); Belle Wells, br. m., Pactolus, Alex Hurst, David City, (Hurst); Beauty, ch m., Appanoose, C. W. Pool, Tecumseh, (Pool); Overland, b g., St. Cloud, H. Van Alstine, Manchester, Ia., (Blank); Bob Collins, S. C. Fuller, Sedalia, (Fuller).

After two trials Culbertson let them go, with Dell Rheil making a labored effort to show the way. Belle Wells overhauled her, however, at the quarter and came home without further annoyance from any of the gang. Shadeland Norwood fought gamely coming down the stretch, but couldn't make it. Time: 2:21½.

The start for the second was not a very good one, Belle Wells and Shadeland Norward getting much the better of it. Belle Wells made a bad jump at the quarter and fell back to last place good and hard. Shadeland Norward at once assumed the lead and retained it home, Nettie K on his bike's wheels. Time: 2:24¼.

The third heat was a good one. Belle Wells, the natty David City mare, was way back on the sendoff, but Hurst kept her on the move steadily and long before the half was reached it required no connoisseur to predict an easy heat for her. She was right in the thick of the fight at the half, lapping Norward the leader. On the home stretch she went as she pleased, notwithstanding Norward endeavored to argue the matter with her down the stretch. But she was too bully for the big gelding and won the heat in 2:21¾.

The fourth heat was another snap for Belle Wells. The finish between Norward and Beauty was a horse race, Norward pushing his nose in ahead of the Appanoose chestnut. Time: 2:23½. Summary:

Belle Wells	1	8	1
Norward	2	1	2
Nettie K	3	2	4
Larchgrove	4	5	3
Beauty	7	3	8
Overland	6	7	7
Bob Collins	8	4	5
Dell Rheil			Dis

Time: 2:21, 2:24¼, 2:21¼, 2:23½.

TWO MORE IN STRAIGHTS.

The third race was the 2:12 trot, $600, starters:

Delmont, b h., Delmarch, J. W. Smith, Galoa, Ia., (Kinyon); Governor Strong, b h., Dr. Strong, W. O. Foote, Houston, Tex., (Foote); Black Seth, blk g., Captain Seth, C. C. Prouty, Des Moines, (Prouty); Senator A. Tramp Prince, C. E. Alexander, Des Moines, (Alexander).

The field got away nicely and at the quarter was beautifully bunched. Governor Strong was first at the quarter, with Delmont on his neck. The same condition of things existed at the half and on home, the race down the stretch being a good one by the whole crowd, Governor Strong winning by a short half length. Time: 2:16½.

The second heat was a good old-fashioned race, Senator A making a strong bid for first honors. He came up from the tail end at the quarter and at the half was disputing the way with Governor Strong. This little contention continued clear around to and through the stretch and there were those (and others) who thought Senator had a chance, but Governor Strong was only playing fox, and he trotted in and under the wire in the lead just like eating pie with a shovel. Time: 2:15. Again in the third Governor Strong played with his competitors, having a cinch from the sendoff. Time: 2:14. Summary:

Governor Strong	1	1	1
Senator A	3	2	2
Delmont	2	3	3
Black Seth	4	4	4

Time: 2:16½, 2:15, 2:14

The last event was the 2:35 trot, $500, with the following starters:

Astolfo, b g., Electrite, W. O. Foote, Houston, Tex., (Foote); Oyley br. s., Grandly, O. W. Pickard, Omaha, (Pickard); John Kingmore, b. g., Kingmore, Levi Burke, Portis, Kan., (Burke.)

The trio got off together. Astolfo and Johnny K were abreast at the quarter, Oyley breaking badly at the half, and again on the last quarter, but he came up fast and went into second place. Astolfo won by a length. Time: 2:27¾.

Astolfo made a bad break at the start and fell into the last hole. Pickard going to the front and remaining there to the head of the stretch, when the Texas gelding came up, and, trotting gamely, won the heat by half a length without much of a struggle. Time: 2:26.

Astolfo was an easy winner in the third, making the half in 1:17. At the half he led by three lengths, and under the wire by two. Time: 2:36¼. Summaries:

Astolfo	1	1	1
Oyley	2	2	2
Johnny King	3	3	3

Time: 2:27¾, 2:26, 2:36½.

UNIVERSITIES WIN RED HOT MATCH.

First Game of the Series with Avoca Proves a Corker.

The Universities won the first game of the Avoca series at University park yesterday by a score of 7 to 6. The game was notable for hard hitting and sharp fielding. Twenty put outs for each first baseman is an index to the fielding, and the scores piled up in the ninth inning shows how hard the batting was. Two runs behind, the Avoca team came in and batted out four. The crowd began to leave, thinking the game was ended, but the Universities bit out two and tied the score. In the thirteenth the visitors again pounded out a tally, and had the game won a second time, when the home team came in and bit out two, and won the hottest fight of the year. Score:

Hendley Wins a Close Game.

WILSONVILLE, Neb., Sept. 5.—(Special.)—Base ball enthusiasts were treated to a base ball game at Hendley yesterday, which, for brilliant and all-around playing on the part of all the members of both teams in the infield and in the field, eclipsed all previous games in the annals of base ball in this part of Furnas county at least. The game was not a pitchers' battle, which made it all the more interesting, but to the players in the field is due a great deal of credit for the low score and number of innings played. It was anybody's game until the last score was registered in favor of Hendley, which was in the last half of the eleventh inning. Score:

Devizes	0	2	0	0	0	0	0	1	0	0	3
Hendley	0	1	0	0	0	2	0	0	0	0	1—4

OGDEN WINS IN FINE STYLE

Great Eastern Handicap Race Goes to the Futurity's Hero.

FRED TARAL'S RIDE FOR THE BIG PURSE

He Slips His Mount on the Rail Past Martin, Who Enters the Stretch on Typhoon, a Sure Winner.

NEW YORK, Sept. 5.—The fine card which had been provided for this, the last day of the racing at Sheepshead Bay, drew a large attendance and there was some of the best racing seen in a long time. The event of the day was the Great Eastern handicap for two-year olds over the Futurity course, in which all the best of the youngsters with the exception of Winged Foot, were contestors, and at high weights. Ornament, guided by Simms, had the highest weight with Ogden, the Futurity winner, close up. Typhoon was there, and it was generally thought that the race lay between the three westerners, although Voter had an extensive following. There was a delay of twenty-five minutes at the post, owing to the bad actions of Ornament, and finally they got away well, with the exception of Ogden, who was in a poor position, fully two lengths behind the field. In the first quarter the fast filly, Sunnyslope, shot into the lead with Voter, Typhoon and Bannock following, while Ornament was slowly dropping back, in spite of the urging of Simms and Taral had brought Ogden up into sixth place. As they swung into the straight for the last quarter the boys were all at work. Voter had now assumed the lead, passing Sunnyslope, who had enough of it, while the westerner Typhoon had taken second place and Taral had brought Ogden up into fourth place. Down to the fifth furlong they thundered in the drizzling rain, and now the Typhoon was the leader, with Martin watching Voter, who was second, and riding with one hand as if he had the race already won. But he had not counted upon Ogden, who was coming along the rail under the furious riding of Taral. Before Martin knew it the race was over, with Ogden the winner, Voter got third place, and Ornament was fifth. It was a fine victory, in fast time, and well run from a very bad start.

VERY CLOSE FINISHES.

The second race had a stirring finish for the high weight, Keenan, the bottom weight, Marcella, and the middle weights, Damien and Sue Kittie, and they were so close together at the end that a blanket would have covered them all. Soon after the fall of the flag, Lookout took the lead, but at the end of half a mile, Keenan led the way, and he held it to the end, winning in a drive with hard punishment. In the first race Scarf Pin was the favorite, and won easily. Waltseer was a strong favorite for the fourth event, with Declare second choice and Religion third. As soon as they got away Waltseer took the lead and soon had opened a gap of three lengths. Then Religion came with a drive, and wore down the lead of the favorite, catching him just before they reached the finish, and winning by a neck. In the fifth but four went to the post, with Buckmassie an odds-on favorite. After a slight delay they got away in good order, Gotham and Connoisseur taking a long lead at once, while the favorite seemed unable to untrack himself in the going, which had become a trifle sticky. Gotham quit as he got into the stretch and Connoisseur won handily. Harry Reed was a strong favorite for the sixth race, and won as he pleased. In the steeplechase, Red Pat was the favorite, but fell on the second round. Lion Heart led until the last jump, but was so dead tired that St. Anthony caught him and won by a length. Results:

First race, five furlongs, selling: Scarf Pin (11 to 5) won, Don Bias (8 to 1) second, Hidaddy (10 to 1) third. Time: 1:01.

Second race, mile and a half, on turf: Keenan (4 to 1) won, Marcella (30 to 1) second, Damien (10 to 1) third. Time: 2:37.

Fourth race, five furlongs, selling: Religion (4 to 1) won, Waltseer (9 to 5) second, Titmouse (6 to 1) third. Time: 1:03.

Fifth race, mile and a furlong: Connoisseur (7 to 2) won, Lakeshore (7 to 2) second, Buckmassie (7 to 10) third. Time: 1:57 1-5.

WINS HIS OWN CRICKET MATCH.

George Vaughan Upholds the Honor of His Side Magnificently.

Yesterday afternoon, in the absence of Will Vaughan, J. Cameron captained the side against G. H. Vaughan, with the result that he came out at the thin end of the wedge by the margin of fourteen runs. The game was a close one throughout. It was commenced by Hurst and Sprague for Cameron's side, to the bowling of Lawrie and Douglas. Runs came slowly until Harry New and Neale appeared upon the scene, and it was not until they had made thirteen and nine, respectively, that they were disposed of. Richelieu and Cameron also made a long stand for their runs, and gave the bowlers lots of trouble. Simms made six in careful style, and Brotchie carried out his bat for six, the inning closing for 69. Bowers distinguished himself behind the wickets, and it was mainly owing to him, with the able assistance of Taylor and Barker, that the byes were kept down. G. Vaughan sent in Bowers and C. Hill to the battery of Cameron and Neale, and these batters and G. Wilson immediately commenced to score quickly, all playing well for their scores. G. Vaughan showed up in his old-time form, and scored thirty-three without giving a chance, thereby saving his side from defeat. Douglas was the only other batter to show up, while Shields proudly carried out his bat. The fielding was again good, only one extra being given, and Harry New showed his ability as a wicket keeper of no mean order, stumping two players.

There will be a game on Monday, Labor day, on the Omaha grounds, at 2:30 p. m. All club members and lovers of cricket are invited to take part in the game. Teams will be chosen by Captain Lawrie and Vice Captain Taylor on the ground. Score:

FAVOR HONEST MONEY.

Sentiments of Building and Loan Associations of New York.

Why the United States League of Building and Loan associations, at their recent convention in Philadelphia, declared for the gold standard is explained by an examination into the finances of the home companies and an inquiry among the managers as to the interests of their patrons.

There are sixty-five thousand members belonging to the building associations in New York and Brooklyn, says the New York Herald, and the occupations of these wage earners show the class of persons whose savings aggregate such a large value. Seven per cent of them are bookkeepers and accounants, 5 per cent men and women in professional pursuits, 16 per cent owners of shops and stores, and 72 per cent are wage earners, as the term is usually understood.

Eighty per cent of all are men and voters, who can make their political influence felt in matters of national finance.

"These men who thus lay up their savings are the real capitalists of the country," said a manager of one of the building companies. "They, together with the tens of thousands who each week place a small portion of their earnings in savings banks and similar institutions, control a mighty capital. The men who are usually called capitalists borow this very money to conduct their great enterprises with. Then these small capitalists, who, in the aggregate, own so much, are the political power of the country, for they cast nearly all the votes."

What these wage earners in Greater New York own, and what their interest is in the financial situation, is shown by astounding figures. There are seventy-eight building associations in New York, owning real estate valued at $17,499,877, and in Kings county there are thirty-five such associations, owning in real estate $5,481,487, aggregating in all $22,981,364.

These are the actual figures as taken from the official reports. Then there is to be added about two millions for cash and other assets.

When these members of building associations with their assets are considered with other members and the rest of the assets in the United States there are 2,000,000 of them, and they own $750,000,000 worth of property. This army, through its savings, has been able to pay for 500,000 homes.

Here in New York and Brooklyn, the associations, in 1895, received $11,980,211 and earned for their members $1,775,758.

When Mr. Edward E. Britton, president of the New York Building Loan Banking company, was asked what effect the free coinage of silver would have on building associations, he said:

"Free coinage of silver at 16 to 1 would result in the loss of nearly one-half of their savings to all members of building and loan associations. Deposits in savings banks, payments on life insurance and to benevolent societies, investments in small mortgages and, in fact, about one-half of the product of all the thrift and self-denial in the country, would be stolen as by a thief in the night.

"The aggregate of these nearly equals the cost of all the railroads in the United States. The assets of the building and loan associations are greater than the combined capital of all the national banks, and, added to the savings banks deposits, exceed by many millions the value of all the real estate in New York City, Brooklyn, Queens and Richmond counties. Six or eight million capitalists own this vast wealth. They are the bone and sinew of the nation, possess hardy common sense and will not rob themselves or allow others to rob them.

"I have lived in the United States of Colombia, a free silver country. Native day laborers receive 20 cents a day, skilled labor in proportion. There is not an institution for savings in that country, as there is nothing to save, and the masses of the people are extremely poor and ignorant. The merchants there have been impoverished by the fluctuations in the value of their currency, causing business to be a continual speculation instead of a sound commercial business.

"For the last five years that government has been seeking to devise a method to establish its currency on a gold basis, but silver has driven out all the gold, and they cannot get it back." I was the agent here of the government bank clerks of that country up to 1894, and also represented it as commissioner to the Chicago exposition. The adjoining country, of about equal area, population and natural resources, has had an almost exclusive gold currency and standard for several years. Silver is used only for subsidiary coin. The difference between the wealth, commerce and condition of the people of this last named and the other country is remarkable. If our voters could see and know them both, as I have, it would be an instructive object lesson to them.

"I am and always will be a democrat. I believe in the true principles of democracy. Bryan, Cozey, Waite, Altgeld, Mrs. Lease, Tillman and their co-conspirators against the honor of our country and the prosperity of its people are not democrats. In my opinion they are directly responsible for the paralysis of our industries for the past two years. The issue of an excessively high protective tariff is dead. I shall vote the republican national ticket at the next election. The real interest of wage earners and wage savers is in a stable currency. They should defeat free silver, and I believe they will."
