

THE OMAHA DAILY BEE

DEMOCRATS GREET MCKINLEY

Thousand Enthusiastic Men Who Prefer Principle to Party.

BIG DELEGATION FROM CHICAGO TO CANTON

Voters Heretofore Hostile to Republican Candidates Assure the Ohio Statesman of Their hearty support.

CANTON, O., Sept. 12.—For the first time since the St. Louis convention Major McKinley spoke today in Canton away from his home. After the great delegations from Chicago and Homestead had gone, 1,800 people from McKeesport, Penn., and employees of the Pennsylvania Steel works at Pittsburgh gathered with thousands of other people about the house. Major McKinley mounted a chair to speak to the Pennsylvania delegation, when the storm came in terrific force. The meeting adjourned to the tabernacle, where he spoke. A thousand people clustered in and about the house and under trees, and to them he spoke on his return home. After dinner tonight Governor Kinley looked his best in health and spirits, although he had made half a dozen formal addresses today and shaken hands with 5,000 people.

SOUTH DAKOTA IS QUITE SAFE.

Estimate of the Republican State Central Committee on the Situation.

YANKTON, S. D., Sept. 12.—(Special.)—Chairman Elliott of the republican state central committee has issued a general statement covering the political situation in South Dakota, which, although not conclusive, is sufficient to warrant the assertion that this state will roll up an increased majority for McKinley. National Committeeman Kittridge, who has recently made a canvass of the doubtful portions of the state, is very much encouraged over the situation and said today that South Dakota will elect McKinley by a large majority. In 1894 there was a plurality of 13,833 votes for the republican ticket, and a majority over both democratic and populist tickets. The republican ticket is now being received at republican headquarters it would not be extravagant to estimate that these figures would be doubled in November. The sound money element will vote for McKinley. There will be no national democratic electors voted upon in this state, all of the leaders having cast their vote with the republican ticket. The populist sources that the populists concede the defeat of their state ticket and have devoted their energies to capturing the legislature. This is in accord with the plan outlined by Senator Pettigrew three months ago, when he declared that the republican party is of more importance than the entire state ticket. The legislature will elect a United States senator to succeed Senator Kyle. This is Pettigrew's object, and the populist party are after the control of the state.

WATSON COMES INTO NEBRASKA.

But He Will Only Stay a Short Time to Consult with Leaders.

ABILENE, Kan., Sept. 12.—Hon. Thomas E. Watson says here today to a large crowd of populists and well-wishers. It was his last speech in the state. He has emphasized his position in favor of a Watson set of electors and pleaded for recognition. "You must be for me or Sewall," he said; "There is no middle ground. I stopped the fusion of the populists in the south and proposed a while back that they should afford to trade the national ticket for local spoils. Mr. Watson leaves tonight for Lincoln, Neb., to consult with the central committee of that state and then goes to Colorado.

POLITICAL SITUATION IN COLORADO.

DENVER, Sept. 12.—The efforts to consolidate the four silver parties of Colorado in support of one state ticket in the coming election proved a failure. The democratic and silver republican parties, and the combined forces in support of a ticket headed by Alva Adams, democrat, for governor, and the populists, effected a fusion with the silver party, while the republican party, headed by Judge M. S. Bailey, populist. These four parties, however, have all united in support of the Bryan and Sewall ticket. There remains one state convention yet to be held—that of the McKinley republicans.

McKinley Ranks Increasing.

CHEYENNE, Sept. 12.—(Special.)—State Examiner Henderson, who has just returned from the Bryan and Sewall election, is supposed to be the stronghold of the Bryan strength in this state, reports that he did not learn of any republican converts to Bryanism, but on the contrary the McKinley ranks were increasing.

Demand Cash of All Candidates.

OTTUMWA, Ia., Sept. 12.—(Special Telegram.)—A sensation was created today in the democrat-populist county convention by the demand that all candidates furnish \$300 cash in advance from each candidate nominated.

Nominated for Congress.

DENVER, Sept. 12.—Congressman John P. Shober, republican, has been renominated by the republican party for the first Colorado district.

ARRIST THE LAURADA'S CAPTAIN.

Leader of Filibustering Expeditions Held in Toledo—Dollor Bond.

WILMINGTON, Del., Sept. 12.—Captain Murphy of the steamship Laurada was arrested today by Marshal Lennan on the charge of organizing and setting on foot a military organization against the king of Spain in Philadelphia, August 5, last. The warrant was sworn out by the Spanish consul in Philadelphia, Captain Murphy was arrested before United States Commissioner Smith for a hearing. District Attorney Vreeland asked for a continuance until next Saturday morning, which was granted, and the captain was held in \$1,000 bail.

WAGERS UP AND PRICES DOWN.

That's what you had in 1892. Is there a workman in the world who does not want that condition back again? (Continued applause.) Since 1890 wages have advanced 100 per cent, and prices have advanced 100 per cent. The result is that the working people of no other country in the world have any better money than we have. The result is that the working people of no other country in the world have any better money than we have.

WHY PRICES FALL.

The frequent statement is made that the gold standard has injured the business of the country. It is true that the price of agricultural products, appreciated the price of gold and brought down the price of silver. It is based upon the fluctuations of the market. The Bryan club started a counter demonstration at Lincoln, Neb., but the parade was insignificant compared to that of the republicans. It was a magnificent audience that greeted the speaker at the Lincoln, Neb., meeting. The speakers were massed on the stage including several Women's McKinley clubs. Fully 2,700 people were present on an inspiring address by Congressman Dilliver. He said that he had been lately visited by his own district in Iowa and had made some remarks on free trade. He had deemed it a good time to return to the Lincoln, Neb., meeting, which had been injected into the campaign he severely denounced. The comparison of the development of a populist handbook opening a new era of free trade, which he had read extracts, elicited wild applause. The similarity was striking and announced the Bryan's letter of acceptance as the same as Jeff Davis had stated it—all he wanted was to be let alone. Mr. Dilliver announced the original lease made out to Governor Dilliver, which was a contract for the fall of free coinage ever listened to by a Lincoln audience. He strongly insinuated Bryan's mouth was not on terms of intimacy with his mental faculties.

THOUSANDS ACCORD HON. G. M. LAMBERTSON AN ENTHUSIASTIC OVA-TION.

SEWARD, Neb., Sept. 12.—(Special Telegram.)—This has been another great republican day for Seward county. Hon. G. M. Lambertson addressed this afternoon at the grounds of the largest gathering ever assembled on the plains. He spoke for an hour and a half, principally devoted to a discussion of the financial question. His speech was so well received that he was prevailed upon to stay over and deliver a second address. The meeting was held in the open air in the public square and the attendance was greatly in excess of the meeting in the morning. The speaker discussed not only the money question, but took up some time talking on the tariff. To say that at both meetings he was greeted with a word of approval or devoted to a discussion of the financial question.
