

MONEY REQUIRED IS IN SIGHT

Exposition Stock Subscriptions Pass the Three Hundred Thousand Mark.

MEETING TO ELECT DIRECTORS CALLED

As soon as this is accomplished active preparations for putting the Exposition in shape can be taken up.

The Transmissippi and International Exposition is assured beyond doubt, the \$300,000 necessary to make the government appropriation available having been subscribed in accordance with the requirements of the articles of incorporation.

The board of directors met at the rooms of the Commercial club last night for the purpose of canvassing the stock subscriptions and determining if the \$300,000 mark had been reached.

After a long session, during which the situation was carefully canvassed, it was announced that the unconditional subscriptions amounted to \$313,000, while there was an additional \$40,000 which was hedged about by conditions which the board of directors said would be complied with within a few days.

In addition to the Council Bluffs subscription had not yet been turned in and it is known to contain over \$10,000.

The directors decided that efforts must not be relaxed, but that subscriptions should be solicited until at least \$500,000 was subscribed.

The articles of incorporation provide that when \$200,000 has been subscribed a meeting of the stockholders must be called for the purpose of electing fifty directors, who shall have full charge of the exposition.

An assessment of 5 per cent on all stock was levied, the assessment being made due and payable before 3 p. m. of September 29, being forty-eight hours before the election of directors.

The secretary was instructed to mail to each subscriber to stock a notice setting forth the call for a meeting to elect directors and calling for an assessment of 5 per cent on stock subscriptions, including in the notice the statement that no subscriber would be allowed to vote at the election unless he had paid his assessment.

VALLEY, Neb., Sept. 12.—(Special.)—At last the greatest desire and fondest hope of the more progressive patrons of the Valley schools has been realized.

As a monument to the progressiveness, staying qualities and energy of the more wideawake patrons of the district there was practically no opposition to the proposition that the district should be bonded for \$5,000, the funds thus raised to be expended in building on the grounds owned by the school district a school house up to date and in harmony with the town and surroundings.

The letter from Clark, however, closes with the following significant sentence: "If it is necessary for him to go it will be necessary for him to go in the company of the member." This is taken by the officers of the brigade and by General Barry as a covert threat to discharge Brooks if he is forced by the law to attend the enclosure.

By the terms of general order No. 46, issued today by Adjutant General Barry, William Keller, a private of company D, Nebraska National Guard, was discharged for the good of the service, is reinstated. It appears from documents forwarded to the adjutant general that such discharge was not intended.
