

LONG MADE THINGS LIVELY

Had Serious Objections to Being Placed Under Arrest. HIS WIFE RUSHES TO HIS ASSISTANCE

Woman Attacks Detective Savage and Before Being Seized Takes a Couple of Hites Out of His Face.

Detective Savage is carrying a face that bears the appearance of having been against a buzz saw, but it has in reality only passed between the teeth of Mrs. Minnie Long.

At 8 o'clock yesterday morning Detectives Savage and Dempsey met a colored man, Peter Rogers, who was staggering along Jackson street, near Fourteenth, carrying a two-gallon jug of wine, which was encased in a sack.

A few minutes later a report was received that the saloon located in the Washington hall building had been burglarized Sunday night and a quantity of liquors had been carried away.

Long was belittled and put up a hard fight. While the row was in progress, Mrs. Minnie Long, Charles' wife, ran down the street with a knife in her hand.

FOUND IN A DEN OF FILTH

Frank Emith and Wife Arrested for Maltreating a Child.

COMPLAINT FILED BY THE NEIGHBORS Little One Locked in a Closet While Its Parents Went Out Riding—Custody of the Child Given Over to a Guardian.

A veritable chamber of horrors, a den of filth, wherein to imprison their innocent child while they went out driving or to enjoy themselves in other ways was brought to light in the residence of Mr. and Mrs. Frank A. Smith, 1517 Burdette street, yesterday, by Rev. John Williams.

The discovery was due to the complaint of the neighbors of the family, who have a 6-year-old child named Mabel, who was being shamefully abused by the heartless parents.

The house was entered and the little girl was finally located in a closet about a foot and a half wide by three and a half long. When the locked door of the room was forced open the preacher and the officer shuddered at the scene that was presented.

The closet was a den of filth and dirt. The floor was covered with rotting debris. A small cot and the bed clothing upon it were frequently used for a bed.

The little girl informed the police authorities that she was put into the closet whenever the parents left the house and was locked in. From her conversation it was judged that she has had no care since her mother's death three years ago.

Yesterday morning warrants were issued for both Smith and his wife, and as soon as they heard of the fact they appeared at the police station and allowed themselves to be placed under arrest.

Rev. Williams brought the matter to the attention of the county judge yesterday afternoon by applying for appointment as guardian of the child.

WITH THE COUNTY COMMISSIONERS.

Clerk of the District Court Instructed to Account for Fees.

The Board of County Commissioners went after the clerk of the district court, Allyn L. Frank, yesterday morning, the occasion of the implied road being the fact that Mr. Frank had not complied with the statutes, requiring him to make quarterly reports to the board of commissioners by him to which application of certified bills for electric lighting were received from the Western Electrical Works and the Industrial Electric Co., \$24.00 per ton; C. B. Havens & Co., \$24.00; Nebraska Fuel Co., \$8.83; C. W. Hull & Co., \$8.78.

The finance committee reported adversely on the application of certified bills for Vorwerk's, Pokrok Zapadu and the Vikinger to be allowed to publish the delinquent tax list. The committee stated that the expense of doing so would be \$2,000, which is larger than the condition of the general fund would warrant, and recommended that the paper be published only in the official paper of the county.

The board adjourned until September 29. General Agent Buchanan Tells What Was Accomplished. General Passenger Agent J. R. Buchanan of the Elkhorn returned Sunday from the meeting of the National Passenger association at Atlantic City, N. J.

General Agent Buchanan tells what was accomplished. The meeting was the most fruitful in results that has ever occurred in the association. It has been the tendency, and particularly of late, to leave to the numerous district associations the matters which should properly come before the national body.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes.
