Sensational Career of a Woman Who Has Had a Multiplicity of Affairs Disclosed by Her Last Venture at Matrimony.

The beginning of the end of the Pryor. romance has been embodied in a petition filed in the district court yesterday, in which the husband asks that the marriage contract solemnized at the home of the groom's parents on First street April 22, be set aside. From among the great abundance of aliases the wife has assumed in her adentures the pseudo-husband has chosen Helen B. Grand total of receipts in the general fund amounts to \$129.12, being \$70.88 below the needs for current expenses of the week. Deficiency as stated in last week's paper is \$1,758.85, increasing the deficiency on account of current expenses to \$1,829.73. Needed for improvements along all lines, \$96.567.31.

There are 230 children being cared for at the home and the light receipts for the last few months have sadly crippled the work. An extra effort is being made to swell the Thanksgiving receipts to a sum that will wipe out the deficiency and leave a balance for much needed improvements

Supreme Court Exonerates Aitcheson Further particulars were received yesterday regarding the decision of the supreme court in the Aitcheson divorce case, which showed that the main point contested by the husband had been decided entirely in his favor. The petition of Mrs. Altcheson was based on the charges of adultery and inhuman treatment. The decree is given the wife on the grounds of cruel and inhuman treatment. She is awarded \$750 a year alimony and the custody of the two children. In summing up the evidence in the adul-tery charge the opinion of the supreme court states concerning the meeting of Attcheson and a former friend in Marshalltown, on February 4, 1894, as follows:
"Their actions were at all times open and above board, were consistent with a rational theory of innocence and preclude the con-clusion that defendant was guilty of the crime charged."

to Council Bluffs. One Honest Mine Owner. There is at least one mine owner in Colorado who is not a free silver fanatic and is not contributing anything to help along Mr. Bryan's campaign. C. W. Brown re-ceived a letter yesterday from J. W. Lawrence of Silver Cliff, Colo., in which he SAYS:

"I have several very good prospective mines, but the general outlook for silver mining is not very flattering by any means. But if I never get one dollar for any or 1,500 all of my mines, or if there is never another silver dollar coined, I am still a re-publican, as I know that this free and unlimited coinage talk is a most grand swin dle. It is for populist votes and to draw at tention away from the mischief that has been done in the last four years."

Morris Park Fall Meeting Opens with NEW YORK Oct. 13.-It was cold and cheerless at Morris park today. The mist was almost rain and the track was a sea of mid, but the attendance was good and the races were well contested. The best finish of the day was in the Nursery handicap for 2-year-olds at six furiongs. In the betting Typhoon II was made a shade lower than Challenger, with the Morris pair and Georgo Rose close up. They got off in good order. The Friar showed the way to the dump, and then Typhoon and Celoso closed on them and went to the front. In a short furiong from home all were flogging and the youngsters were flinching under the punishment. Celoso managed to last long enough to stagger in winner by a neck, with Typhoon in the place, a neck in front of George Rose, who was not more than a neck in front of Bannock. In the other stake, the Jerome handicap, the winner was the favorite, with Souffle second choice, and it was a good race. Souffle set a hot pace over the hill, and by the time they begun to trip down to the finish she had taken all the speed out of the others, and won as she pleased. Results:

First race, one mile: Howard Mann (II to 10) won, Havoc (3 to 1) second, Patrol (5 to 1) third. Time, 1:14.

FIRST DAY'S COURSING AT HURON.

Thirteen of Thirty-Two Dogs Already

Out of the Waterloo. HURON, S. D., Oct. 13.—The second annual American Waterloo cup coursing meeting was begun today in fine weather. The card of the day consisted of the first round of the Waterloo cup, sixteen courses in all, there being thirty-two greyhounds nominated. Owing to the late start only thirteen courses were run. The inst course was very good for the first day, a large number of ladies being out in carriages and on horseback. It was very warm for two or three hours in the middle of the day. The grass on the prairie where not mowed was very long and it was difficult for the slipper to get the dogs sighted sometimes. It also handkapped the bares and vaterloo cup and \$300 is added. The sixteen greylound some advantage over a small one. W. Stephenson of Bolivar, Mo. is judge. Joseph Dodd of Farwell, S. D., is slipper. It cost \$25 to enter a greyhound for the American in the Waterloo cup and \$300 is added. Recent Ruling of the Interior Department May Trouble Nebraska Citizens.

NEW CONSTRUCTION OF AN OLD RULE

Extension of Time in Which to Make Payment of Purchase Money Has Many Conditions Attached Now.

a decision which affects numerous settlers

a joint resolution of congress of September 30, 1890, it was enacted that any settler on public lands who, by reason of a failure of crops for which he is in no wise responsible, is unable to make the payment on his homestead or pre-emption claim required by law, the commissioner of the general land office was authorized to extend the time for such payment for not exceeding one year from the date when the same becomes due. Under this act scores of settlers on the ceded Sioux lands lying within the land districts above mentioned have during the past three or four years made commutation proof on their entries, applied for the year's extension of time in which to make pay-ment of the purchase money, and, until the recent ruling of the secretary of the interior, every application was granted. Settlers on the ceded Sioux lands are required to pay a certain price per acre for their land in addition to the regular land office fees and commissions of \$4 on each 160 acres, while homesteaders on public lands are required to pay only the final fees and commissions unless they elect to commute their entries before the expiration of five years, when their land would cost them \$1.25 per acre, in addition to the final fees and commis-

In the case of Stillman B. Moulton, a seton the ceded Sioux lands in the Chamberlain district, the secretary of the interior rejects his application for an extension of time to make payment of the purchase money, holding in substance that the joint resolution of September 30, 1890, does not apply to settlers who commute their entries after fourteen months' residence, but only to those who make proof at the expiration of the time granted them by law. "The commutation of homestead," says the secretary, "is the privilege of making final proof and paying the minimum price of the land at any time after fourteen months' residence and cultivation subsequent to entry. If he does this he does it at his own election. The law does not require, but permits, it to be done. Such legislation would confer no benefit, would be wholly superfluous and unnecessary in any such case. In case of failure of crops the intend-ing commuter could simply abandon his purpose to commute—for the time being at least. The day of payment would lie in his

HOGS DYING BY THE HUNDREDS. South Dakota Farmers Much Dis-turbed by Their Henry Losses.

CHAMBERLAIN, S. D., Oct. 13 .- (Special.) -Hogs are dying by the hundreds in the western portion of Yankton county and there appears to be no remedy for the contagion. Herds numbering hundreds have been almost completely wiped out during the last month | county for burglary. and the infection is entering other herds every day. The disease is not cholera, nor do the symptoms even resemble it. It is a township, Grant county, reversing the lower lung trouble and the afflicted hogs suffer for weeks before succumbing. The first signs are a semi-paralysis of the hind quarters of the animal and a loss of appetite. Hogs take readily to medicine in the first stages, but finally become lethargle, their ears crack and the flesh on the back of the neck becomes swollen, bursts and finally drops off. Then follows extreme suffering well into the mains giving them a until death. Prescriptions from the best authorities in the United States have been feet of mains are being put in. applied without effect, and but two or three instances of recovery from the disease have been reported. Warren Osborn & Sons lost some seventy fine shoats and seven teen old hogs within the last three weeks and others in the herd are fatally afflicted. Osborn fails to understand the trouble. He says his hogs have roamed at will over a very large pasture and have had an abundance of good, pure water. Phelps, whose farm adjoins that of Osborn, is losing hogs

PIEERE, S. D., Oct. 13 .- (Special.)-The mill at Forest City has secured the contract for supplying 100,000 pounds of flour at Cheyenne agency. In years gone by the local mills had but little chance on such contracts, as the bids were let for flour to be supplied in St. Paul, or other northwestern cities, as well as at the agency and the question of transportation was not considered as having any bearing on the contract price, but when several local mills

were established in this part of the state an address at free silver headquarters last they secured 'pull' enough to have bids night let for flour put down at the agencies. By Experiments by skeptics have proven that corn makes a very good substitute for hard coal, and accordingly many tarmers throughout the state have decided to retain a sufficient amount of their corn to heat their

dwellings until spring.
PIERRE, S. D., Oct. 12.—(Special.)—Many residents of this city will beat the Coal trust this winter by burning wood. The local dealers report the heaviest demand for wood heating stoves they have ever had. The price of hard coal is nearly \$12 per ton, and cottonwood can be secured at \$3 per cord and ash at \$5 per cord. Wood at these prices is considered for above. and ash at \$5 per cord. Wood at these prices is considered far cheaper than coal, and there will be more of it used in this city this winter than ever before.

Will Be Seramble for Choice Sections. CHAMBERLAIN, S. D., Oct. 13 .- (Special.)-Clark S. Rowe and W. C. Graybill, register and receiver of the United States land office in this city, left yesterday morn-ing for Fort Randall, where they today com-mence auctioning off the buildings on the abandoned Fort Randall military reservation by order of the secretary of the interior There are more than forty of the buildings. ranging from little "shacks" to substantial and commedious brick and frame structures. The fact that the buildings, must be torn down and removed by the pur-chasers indicates that it is the intention of the land department to throw the reservation open for settlement in the near future. When this is done there will be a lively scramble for choice quarter sections. Cowboys on a Spree.

A PECULIAR REMEDY.

something About the New Discovery for Curing Dyspensia.

The Rev. F. I. Bell, a highly esteemed minister residing in Weedsport, Cayuga county, N. Y., in a recent letter writes as follows: "There has never been anything that I have taken that has relieved the Dyspepsia from which I have suffered for ten years except. the new remedy called Stuart's Dyspepsia Tablets. Since taking them I have had no distress at all after cating and again after long years CAN SLEEP WELL."-Rev. F. L. Bell, Weedsport, N. Y., formerly Idalia,

Swart's Dyspepsia Tablets is a remarkable remedy, not only because it is a certain cure for all forms of indigestion, but benumber of cowboys were in the city today chronic cases of Dyspepsia as well as in with the cattle which were being started mild attacks of indigestion or biliousness. cause it seems to act as thoroughly in old, A person has indigestion simply because the stomach is overworked; all it wants is a harmless, vegetable remedy to digest the food and thus give it the much needed rest.

This is the secret of the success of this

peculiar remedy. No matter how weak or how much disordered the digestion may be, Stuart's Dyspepsia Tablets will digest the food whether the stomach works or not. New life and energy is given not only to the stomach, but to every organ and nerve in the body. A trial of this splendid medicine will convince the most skeptical that Dys-persia and all stomach troubles can be cured. The tablets are prepared by the Stuart Chemteal Co., of Marshall, Mich., but so popular has the remedy become that Stuart's Dyspepsia Tablets can now be obtained at any drug store at 50 cents per package.
