WASHINGTON, Oct. 19.—It is intimated in official circles here that, although no regular formal leave has yet been issued to General Fitzhugh Lee to absent himself from his post as consul general at Havana, he has arranged the business of the consul generalship so that he may be safely absent for a time at least to the home of Mr. Springer, our energetic vice consul general. It is expected therefore, that General Lee will soon pay a visit to his home in Richmond. It is understood that the same sources that General Lee is in no respect dissatisfied with his office or with the relations that now exist between himself and the authorities at Havana, but he has undergone a trying and particularly unhealthful season at Havana while engaged in the discharge of his duties, and feels the need of recuperation. It is expected, of course, afford an opportunity for Secretary Olney to confer with General Lee as to the present aspect of the territory of Cuba, but further than above stated, it cannot be gathered that the consul general's movements have any significance as affecting relations between Spain and the United States.
