HITS BIG CONSUMERS HARD

Prices on Steam Coal Take a Big Jump Upward.

COMBINE IS SAID TO BE RESPONSIBLE

Increase Ranges from 40 to 60 Cents Per Ton—Consumers Looking for a Way Out of the Snap-Railroads in the Deal.

The large consumers of steam coal in this city are just now in a state of trouble all on account of what they assert is a combine between the railroads and a class corporation of dealers and producers of coal.

On October 1, the large consumers of steam coal assert, the price was put up from 40 to 60 cents per ton. This is a matter of considerable importance to them.

Many of these large consumers had contracts for the year which expired about October 1, and which provided for a certain amount of coal at a certain price.

Wednesday night the colored voters of the ward held a big meeting at 2111 Cumling street and the question of a choice for councilman was brought up and acted upon.

CONTINENTAL RAISING MONEY

No Price Left Unlowered to Accomplish This Great Object.

CASH SELLING AND MONEY SAVING

The Most Astonishing Bargains Yet Offered Go on Sale Tomorrow—Every Department is Represented.

"Money raising" has been reduced to a science at the Continental. They certainly know how to do it. They lower the prices and the customers do the rest.

For tomorrow the Continental announces the purchase of three big stocks to go on sale at about half their value. They are from the very best makers of nice goods in the country and will be the best drawing card they have yet secured.

All you need to do is fairly well supplied with money. You will need it, for nothing will be sold unless for cash. No man, however good, has any credit during the great money raising sale. None ask it.

It would be asking too much. Clothing is not sold at such prices for anything else but cash; the house that can do it and really cut prices has never been known. Pushing profits aside is enough to ask the Continental to do at this time.

The unprecedented rush of the last few Saturdays will be again repeated but the Continental will be backed this time by a large list of salesmen, who know the goods and will be glad to assist you in your purchase. It will be a fine chance to get what you want at a price you can afford to pay.

It's a safe bet that some can afford to miss it. It will pay patrons to come hundreds of miles to attend this sale, but one thing bear in mind—the cash is what they want—beware the great cut in prices.

After Election

A great many people in Omaha need winter suits this minute but they are waiting till after election to see "which way the cat jumps." If the cat jumps the right way they will conclude to keep warm this winter and if he doesn't they think they might as well keep cool.
