Castles' Case Comes Up Monday and Will Be Well Contested.

MEDICAL TESTIMONY FOR MRS. CASTLE

Trunks and Clothing Returned to the Prisoners Since the Ball Was Accepted—Trial Will Cost a Big Sum.

(Copyright, 1896, by the Associated Press.)
LONDON, Oct. 30.—The case of Walter M. Castle, the San Francisco merchant, and his wife on a charge of shoplifting, preferred by various West End dealers, is on the docket for Monday next, but only the solicitors for the case will appear at that time. There will without doubt be a postponement. It is expected that the case will be definitely fixed for Thursday, when the trial is likely to proceed without interruption.

A formidable array of counsel has been engaged to take part in the case, and by the advice of Mr. Castle's solicitor, the cases of the husband and wife will be proceeded with separately. Of the distinguished counsel who are to take part in the trial, the husband's case will be looked after by Sir Frank Lockwood, formerly solicitor general in Lord Rosebery's cabinet, and who has recently returned from a trip to the United States in company with Sir George Grey, the former Foreign Secretary, and C. E. Gill, who conducted the prosecution against Oscar Wilde on behalf of the treasury. Mrs. Castle's case will be defended by Sir Edward Clarke, who was solicitor general in Lord Salisbury's former ministry, and who has set all England by the ears by his recent declaration that no impartial arbitrator can be expected to settle the Venezuelan dispute in Great Britain's favor, and Charles Mathews, this brilliant galaxy of legal lights give assurance of a formidable contest on behalf of the defendants.

It is decided that the defense in Mrs. Castle's case shall be based on medical testimony. In addition to the explicit affidavit of a San Francisco doctor, who was familiar with the case, it is understood that Dr. George Henry Savage, lecturer on mental diseases at Guy's Hospital and author of a manual on insanity, and Dr. Gregg and Dr. L. N. Gabriel, who are among the most eminent scientists in London, will be called to give evidence. It is also expected that the party of the present contest will be represented by Dr. John Finney of Boston. At the station General Harrison was greeted by a number of people, who had gathered to give him a parting cheer. He made no remarks, saying he wished to save his voice for the Itinerary.

The train was in charge of Superintendent F. G. Darling of the Pennsylvania road. The first stop was at Greenfield. On a stand near the railroad General Harrison spoke for twenty minutes to 2,000 or 4,000 people. He addressed himself to a comparison of the financial planks of the democratic platforms of 1888, 1892 and 1896. He said:

"My friends, my democratic friends, if you were ready today to condemn and repudiate the principles of the party of the opposition which in the campaign of 1892 and in the campaign of 1896 you were used to favor and promote, you may well prove to us who are your true friends that you are willing to change your position. In 1892 your platform did not declare for the free and unlimited coinage of silver at the ratio of 16 to 1. Bimetallism does not involve the free and unlimited coinage of silver at 16 to 1, but it does involve the adoption of a standard in the sense in which it is now used by many in debate. When you recall the campaign of 1892, you will see that we have adopted the ratio of 16 to 1. I declare for free coinage, but you made it impossible for me to do so."

At Knightstown fully 10,000 people were assembled in the public square. General Harrison again discussed the money question. He said:

"On the other hand, the dispatch adds, Denmark's position should Russia be engaged in war, to place at her disposal the harbors, forts and shipbuilding yards of Copenhagen, which it is pointed out, as a base of operations against North Germany, are worth over 100,000 men."

DENMARK PREPARES FOR WAR.
Preparing to Join Hands with Russia and France.

LONDON, Oct. 30.—A dispatch to the Pall Mall Gazette, from Copenhagen, this afternoon, relative to the enormous sums which are being expended by the Danish government upon the fortification of Copenhagen, says that this work is undertaken in pursuance of a secret understanding arrived at between Russia and Denmark, by which Russia would guarantee the integrity of Denmark if that should a favorable occasion arise, and that the party of the present contest expresses desire of the people that this step should be taken.

On the other hand, the dispatch adds, Denmark's position should Russia be engaged in war, to place at her disposal the harbors, forts and shipbuilding yards of Copenhagen, which it is pointed out, as a base of operations against North Germany, are worth over 100,000 men.

BANK OF ENGLAND TAKES ACTION.
Great Britain Expects a Further Demand for Gold.

LONDON, Oct. 30.—The Westminster Gazette this afternoon, discussing the financial situation, says: "That the bank of England will make every effort to make the rate effective by the large amount it has withdrawn from the market in conjunction with its refusal to lend below 4½ per cent, which action appears to show that further and considerable demands for bullion are expected. The market will be advised in regard to the efforts of the bank to raise the rate, and the monetary position in the United States remains what it is, the bank no doubt feels it necessary to be prepared for contingencies."

It is estimated that the trial will cost Mr. Castle \$5,000 (\$2,500). Sir Edward Clarke and others of the counsel probably require a retainer of \$2,500 daily, with refreshers of \$500 to \$1,000, in addition to which the doctors' and solicitors' fees are to be considered.

BY INTERNATIONAL COMMISSION.

VENEZUELAN Affairs May Be Brought Before a Special Tribunal.

LONDON, Oct. 30.—The Chronicle makes the following statement this morning: There is good reason to believe a tribunal similar to the Bering sea commission, with Sir Richard Webster, the attorney general, representing England, will be appointed to solve the Venezuelan boundary affair.

This statement, however, has received no official confirmation. Questioned about it this afternoon, however, a high official of the Foreign office said that he had no knowledge of the appointment of such a tribunal. Asked whether, if such a tribunal should be appointed, all the territory claimed by Venezuela would be included in the arbitration, he replied: "That is the essence of the whole matter. Venezuela only claimed all along the territory to the bank of the Essequibo. Every one knows that portion was settled by the Dutch in 1640, and through the isthmus of Surinam, that they maintained that it has been impossible to arrive at any conclusion. If the entire disputed territory was submitted to arbitration it might involve giving up the greater part of the colony. However, the matter is still under discussion, while a state matter under discussion, I must await a report before expressing an opinion."
