MARK YOUR VOTE TELL. The choice of the voter in Nebraska on candidates for president lies between the nominee of the republican party, William McKinley, who stands for sound money, protection and the preservation of the national credit, and the poperatic nominee, William J. Bryan, who stands for depreciated silver money, repudiation of debts and national dishonor.

Will Omaha stand by Omaha? Will Omaha stand by Omaha? The people of Omaha have more at stake in the present election than the people of any other city in the United States.

Omaha hopes to present to the world in June, 1898, a great exposition of the resources and products of the transmississippi region. Unless, however, McKinley and Mercer are elected a Transmississippi Exposition in the year 1898 will become an utter impossibility.

will be done and should the house of representatives to be elected today be republican there is little doubt that revenue legislation could be enacted. There is reason to believe that some of the senators who blocked such legislation in the interest of silver would yield in the face of a sound money victory, particularly if it should be so overwhelming as the supporters of sound money hope for.

Not content with running as a petition candidate for the council in the Eighth ward against the regular republican nominee, Abner Taylor is out with a circular in which he attacks not only his opponent, but also two other candidates on the republican legislative and city tickets.

The United States experimented in free coinage of silver on private account when it coined trade dollars of 416 grains for every one offering the silver bullion. But the trade dollar, though heavier than the standard silver dollar, passed only for its bullion value and never came into domestic circulation.

The local Bryan organ makes a manly personal attack on H. J. Penfold, candidate for member of the Board of Education on the republican ticket, as "not a proper man to be entrusted with a position on Omaha's school board."

Nebraska has eight presidential electors, and to give McKinley Nebraska's electoral vote each voter must make eight cross marks, one after the name of each of the candidates for elector designated republican. One cross after the name of the republican electors will not be sufficient.

Nebraska's delegation to congress must be made up of republicans if it is to have influence in the house, which is to be republican. A democrat or a populist in a republican house of representatives will be like a fish out of water.

Such an insult ought to be indignantly resented and another question on such a subject from the Princess Helene ought to furnish good cause for breaking off diplomatic relations with Italy. The United States, says Mr. Bryan, must have a financial policy independent of every other nation on earth.

FREE SILVER—FREE RIOT. Louisville Courier-Journal (dem.): Another manifestation of that spirit of disorder and lawlessness which are the natural results of such a campaign as that conducted by Bryan was made in Missouri. The country, contrary to the expectations of the physical violence at the hands of rioters. The seeds which Bryan has so persistently sown are rapid of fruition.

LONDON, Nov. 2.—A special dispatch from Rome says that at the consistory held at the end of the present month the diocese of Buffalo will be raised to the dignity of a metropolitan see, with jurisdiction over Rochester, Syracuse and Elmira. The dispatch adds that Bishop Keane, formerly rector of the Catholic university at Washington, will be appointed a titular archbishop.
