#### EASILY SAVE THE COUNCIL

Some Consolation Left in the Local Political Situation.

REPUBLICANS ELECT EIGHT MEMBERS

Inlied Silverites and Democrats Fall to Elect a Man to a Place on the Board of Education.

The republicans who have reason for dissatisfaction on account of the fate that befell their state ticket are not altogether without consolation in the local situation. The entire republican Board of Education ticket has been safely elected, and with one exception the republican candidates for the city council have won out by decisive majorities. This continues the republican supremacy in both organizations, the democrats having day night, the prospect of two members in the council and none at all in the Board of Education.

The new councilmen are: Ernest Stuht First ward; Thomas Flynn, Second; Richard O'Mailey, Third; W. F. Bechel, Fourth; A. J. Lunt, Fifth; Myron D. Karr, Sixth; D. T Mount, Seventh; T. S. Crocker, Eighth. and George Mercer, Ninth. Mercer is the only councilman re-elected. Flynn will be only councilman to assist Councilman Burkley in organizing a democratic mi-nority of two. The retiring members are: I. S. Hasenll, First ward; Anion Kment. Second; Sol Prince, Third; F. B. Kennard, Fourth; W. A. Saunders, Fifth; C. L. Jaynes, Sixth; Charles L. Thomas, Seventh, and Cade: Taylor, Eighth. The city council will organize on the first Tuesday in January with the following members: Allan, Axford, Burmester, Benawa, Bingham, Bechel, Burkley, Christie, Crocker, Duncan,

Flynn, Karr, Lunt, Mount, Mercer, O'Mal-ley, Stuht and Wheeler. In the Board of Education the retiring In the Board of Education the retiring members are Akin, Gillespie, Bandhauer, Lowe, Rhoades and Tukey. Akin and Gillespie were appointed by the board, the former to fill the unexpired term of John L. Plerson, and the latter that of T. E. Cramblet. Of Mr. Cramblet's term there is one year remaining, which will be served out by H. J. Penfold, he making the third man who has been required to complete that term. The new members who will serve full terms are Frank Bandhauer, Second term. The new members who will serve full terms are Frank Bandhauer, Second ward: George Hess, Flith; Frank A. Sears, Sixth: I. O. Rhoades, Seventh, and J. E. Van Glider, Ninth. Of these Rhoades and Bandhauer succeed themselves. The members holding over are W. H. Andersen, Johathan Edwards, A. W. Johnson, A. J. Lunt, G. L. Dennis, Charles H. Gratton, C. R. Davidson, R. C. Jondan and G. G. Irey.

REPUBLICANS NOW TAKING A REST. Parties Around Headquarters Find

The scene at republican headquarters yesterday morning was very different from that of the days preceding the election, when they were continually crowded to the doors with a crowd of politicians and workers. Yesterday there was a small crowd the lobby busily engaged what few returns been posted on the bulletin boards and congratulating each other on the fact that the national fight had been won. In Chairman Lewis' private office a number of clerks were auditing the stack of bills that had accumulated, but they had the office to themmelves. Toward noon Mr. Lewis put in an appearance and attended to what routine business had accumulated on his desk, but aside from that there was no indication that the most exciting election in the memory of most of the voters had just occurred.

VIENNA, Nov. 5 -- At 11 o'clock this mornng in the chapel of Hofburg, Louis Philippe Robert, duke of Orleans, pretender to the arone of France, was married to the Archduchess Dorothea. The guests waited in the chapel the coming of the bridal couple, while Emperor Francis Joseph, the queen of orthgal, the duke of Orleans, the Arch-uchess Maria Dorothea, the members of the mperial house and the foreign princess walted in the mirror hall of the palace. At the signal from the minister of the cere-monies the cortege traversed the state apartments, which were lined by the life guards, to the chapel in the following order:

Arrangements will be made for perfecting the work of the clergy bureau for 1897. An effort will be made to enroll all the Colorado and Utah lines in the bureau. At present the Colorado Midland is the only road in these two states that is a member of the bureau, but representatives of the other lines will be present at to-day's meeting, and if the arrangements made are satisfactory to them they will probably come within the fold. This will mean that only one set of records of clergy permits for reduced rates will be kept in the west, and will reduce the expense of this item to the roads in the bureau to on fifteenth of what it would otherwise be.

makes an allegation that her supposed huswas band is guilty of bigamy. She informs the court that she was married to William at Lincoln, in this state, May 21, 1891, he giving his name as William B. McCoy. Subsequently, she says, she discovered his real name was Sweat. She now says that she has discovered that at the time their marriage took place Sweat had another wife living, whom he had married under the name of McCoy. This other wife is still living and the plaintiff asks that her mar riage to him be declared null and void.

## Talk Business

Now, that we are all tired of talking politics, let us turn round and talk business awhile. The way for a business man to talk business to a man who is not in business its to so conduct his business that the man who knows nothing about business will make it his business to help the business man's business. Today we call attention to six new suits which are going to make us business. These suits are all brand new styles. They were bought by The Nebraska-made for The Nebraska and shipped to The Nebraska within ten days. The are made from Harris cassimere, Dundee mixture and fancy Scotch cheviots-and the prices run like this:-\$6,00, \$7.00 . \$8.50, \$10.00, \$13.50. They are the biggest values ever, shown in Omaha. They are from \$3 to \$7.50 cheapers than similar suits are being sold elsewhere. They are a well made, as good material, as well finished, and as handsome in every way as suits at double this price and we ask you to purchase these suits with distinct guarantee that you will get your money back instantly if on investigation, you do not find every word in this adveatisement true. If that's not business we don't know what is.

Send for catalogue if you think thecountry is safe.

Penetrates Thirteen Inches of a Ship's Bottom. The swordfish is a combative monster, and the weapon with which nature has provided his natural enemies of the sea. But it's a him is terrible enough when directed against foolish fish that runs amuck with an oak bottomed barkentine, and its most vicious thrust is apt to bring more was to itself than its enemy, though the crew of the

irmgard had a hard time of it on a voyage

just completed from Honolulu to San Fran

Two days out from Honolulu, relates the lew York Herald, a heavy gale struck the hip and lasted for twenty-four hours. as it subsided it was discovered that ship was leaking. It was not a bad leak the water creeping very slowly up the hold and under ordinary circumstances would not have given much trouble.

But the irmgard had a cargo of sugar abourd and leakage meant big loss unless it van promptly checked. So the pumps were rigged and every two hours a detail of me was set to work for fifteen or twenty min utes to keep the water down. This course was pursued for the entire long voyage. When the irmgard was unloaded in port search was made to find the cause of the leak. A sailor ran across the cause in the bottom of the hold. It was an inch of

after this terrible thrust, must have exerted tremendous force to free himself from the grip of the oak, for he had worked a ufficient hole around the imprisoned sword o permit of a considerable leakage. Three or four planks had to be removed before the sword and its surrounding wood could be cut out. The specimen was then sent to the city museum.

Former Omaha Boy Drowned. Word has been received in this city by the family of Daniel Baum of the Baum leak. A sailor ran across the cause in the bottom of the hold. It was an inch of swordfish sword protruding from the bottom!

Examination showed that the sword driven with tremendous force, had penetrated five inches of planking and eight inches of lining. It was broken off two inches below the outer sheathing, so that sixteen inches of sword came home with the ship. The monster,
