

VOTES NOT ALL COUNTED YET

Nebraska Returns Still Far from Being Complete.

NO MATERIAL CHANGE IN THE FIGURES

Gold Standard Democrats Cast More Than One Per Cent of the Entire Number in the State.

From the returns already at hand it is found that the gold standard democrats have cast more than one per cent of the entire vote, thus entitling their organization to a place on the official ballot next year under the provisions of the law.

The votes on president and state officers, as far as tabulated to 3 o'clock this morning, are printed below.

It is likely to be several days yet before the complete returns from Nebraska are received. The greater bulk of the votes, however, has been counted and tabulated. From the counties returned yesterday no figures were received which materially diminish the plurality given Mr. Bryan. His majority over his leading opponent will approximate 12,000. The following table includes official returns from nearly all the counties and conservatively estimated pluralities for those still missing. The counties where the pluralities are estimated are marked with a star.

Table with columns: County, Mc-Kinley, Bryan, Ma-Combs, Hol-combs. Lists counties like Adams, Antelope, Banner, etc., with vote counts.

IS IT A TRIFLE?

THAT COMMON TROUBLE, ACID DYSPEPSIA OR SOUR STOMACH.

Now Recognized as a Cause of Serious Disease.

Acid dyspepsia, commonly called heartburn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to properly digest it, the food remains undigested and fermentation begins, filling the stomach with gas and a bitter, sour, burning taste in the mouth is often present. The most distressing symptoms are chronic and being an everyday occurrence is given but little attention. Because dyspepsia is not immediately fatal, it is often neglected. It is known as a radical cure for every form of dyspepsia. Stewart's Dyspepsia Tablets have been placed before the public and are sold by druggists every where at 50 cents per package. It is prepared by the Stuart Chemical Co., Marshall, Mich., and while it promptly and effectually restores a vigorous digestion at the same time is perfectly harmless and will not injure the most delicate stomach. But on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.

WYOMING RETURNS ARE SLOW.

Estimated that Twenty Hundred Votes Are Yet to be Received. (SPECIAL TELEGRAM.)

POPULISTS ALONE THE COUNTRY'S SAVIOR

Patriotic Hosts Must Gather Around People's Party to Redeem Betrayed Republic and Restore Prosperity to an Outraged People.

WASHINGTON, Nov. 7.—Senator Butler today issued the following: "To the People of the United States: In the remarkable campaign just closed the people's party was the only party that supported solidly and unflinchingly the great and good Grover Cleveland against the great and bad William McKinley."

SOUTH DAKOTA CAMPAIGN WORK.

How the Populists Colonized Voters to Carry the State.

YANKTON, S. D., Nov. 7.—(Special Telegram.)—Corrections made by county canvassing boards today have changed the totals on the vote for electors so that at 9 o'clock tonight the McKinley electors were in the lead by a small majority. Secretary Persons of the republican state central committee in reviewing the situation in this state said: "The republican party of South Dakota entered the campaign with a majority of greater or less proportions against it, but that there is no question. To have overcome that majority in the face of conditions both peculiar and embarrassing in the short time of three weeks is no mean feat. A small victory. The party had floundered with the free silver delusion under the influence of Senator Pettigrew and in the interest of peace and harmony it had subjected itself to republican principles to suspicion when the walkout occurred at St. Louis. Republicans generally realized for the first time that they had been nursing a viper. The Aberdeen convention demonstrated again the utter abandonment of the silver conspirators. There has been nothing but a steady effort to check the advance of the people's despisers and rally to the common defense. Thus the people's party forced the demagogues of the silver and free silver to return to correct fundamental principles. Not only this, but the people's party forced the republican party to cease hedging and straighten up for the purpose of giving the people and drive it to take a stand on one side or the other of the vital issues at stake. The issue now being squarely joined is that of the people's party and the republican party which had dominated in various parts of this state the election would have been an absolute victory for all along the line. I have advised in several counties, where arrests have been made for violations of the election law. In one county nine hundred arrests were made other five and so on. There is absolutely no doubt that at least several thousand non-residents helped swell the popular vote in South Dakota. It is believed that the McKinley electors have won a triumphant victory and McKinley will win the electoral vote of this state."

BUTLER BLAMES DEMOCRACY

Ascribes the Defeat of Mr. Bryan to the Party's Past Failures.

WASHINGTON, Nov. 7.—Senator Butler today issued the following: "To the People of the United States: In the remarkable campaign just closed the people's party was the only party that supported solidly and unflinchingly the great and good Grover Cleveland against the great and bad William McKinley."

PENDER, Neb., Nov. 7.—(Special Telegram.)—Pender republicans held a grand ratification meeting tonight over the election of William McKinley. Colored rocks and roman candles illuminated the streets. The Penderites held a grand banquet for the occasion, was filled with enthusiastic republicans and sound money democrats who believe the election of McKinley will bring better days to Thurston county. The Pender band discoursed excellent music and the women of the town sang. Judge A. C. Abbott, E. A. Wiltz, Prof. J. W. Keating, Attorney Hiram Cass, Attorney R. F. Strong, Rev. Charles M. Griffith and W. E. Peterson, all of Pender, were present. The conclusion of the program a magnificent banquet was spread which the Pender republicans believe is but a forerunner of the times and prosperity that are coming. About 200 persons were present.

ASHLAND, Neb., Nov. 7.—(Special.)

SCARED AT THE NAME.

"Had it not been for the prejudice against the democratic name, as well as a want of confidence in the patriotism for McKinley, it must be frankly admitted past experience furnishes ample ground, a majority of the voters of the country in spite of the treacherous and dishonest course last year, would have cast their vote for financial reform and the people's party. The people's party, with a high patriotism and an unselfish devotion to principle greater than ever before exhibited by any other party in the history of the nation, has secured its 6,000,000 votes solely for Bryan. Had not more than this number of those who called themselves democrats in 1892 given their votes to McKinley, the result would have triumphed this year. This class of democrats will surely support the party of the people and American principles in the future. Their places in the ranks of the reform hosts must be taken by patriotic republicans. In fact, the whole party has been elected in this contest had even 24,000 more silver republicans come to the rescue.

THE ELECTION OF MCKINLEY AND THE TRIUMPH OF THE DEMOCRATIC PARTY.

The election of McKinley and the triumph of the democratic party is the result of the desires and sentiments of the people. The majority opposes the policy for which he stands and will vote whenever an opportunity is presented for a proper alignment. The remarkable and brilliant campaign of William J. Bryan would have aligned the eastern states and nearly all the eastern states and nearly all the eastern states in favor of McKinley and the reform party if any candidate or leader could have done so under the democratic banner.

THE ADMINISTRATION OF WILLIAM MCKINLEY.

The administration of William McKinley was not outside property, but it was a matter of the people. The mills cannot be kept open, life labor given employment and general prosperity restored and maintained until the capitalist and monopolist are satisfied with their labor and thus are enabled to purchase. The gold standard and monopoly rule, to a continuation of which Mr. McKinley stands pledged, means our more years of falling prices, four more years of lockouts and strikes, four more years of reduced wages and idle labor. This will cause the patriotic rank and file of the republican party to condemn and repudiate McKinley, as the patriotic rank and file of the democratic party has condemned and repudiated Clevelandism.

"I cannot believe otherwise, for I have not less confidence in the patriotism of the republicans than the rank and file of the democratic party has already demonstrated. Therefore a large per cent who are successful in their business and in their money and promised prosperity, yet who would not in this campaign fight under the democratic banner, will be in the ranks of the majority of the American voters outside of the old parties to overthrow a government of trusts and monopolies run in the interest of foreign capitalists and to restore to the people this possible, in fact inevitable. The position of the people's party in this great contest has convinced every patriotic American of the necessity of a party of the principles of good government and the interests of the people under any and all circumstances. Therefore the people's party will be the nucleus around which the patriotic hosts must and will gather to redeem a betrayed republic and to restore prosperity to an oppressed and outraged people."

"MARDON BUTLER."

PORTLAND, Ore., Nov. 7.—With a few small precincts missing complete returns from every county in the state of Washington, except Okanogan and Skamania give Bryan 43,949; McKinley, 34,118.
