The question of location will come up and it is desired that all interested shall have a voice in deciding which location the Council Bluffs deciding which location the Council Bluffs people shall favor.

In accordance with an established custom of the Council Bluffs schools yesterday was set aside as a donation day for the children. Nearly all the scholars, both large and small, came to school yesterday morning bearing some offering to the less fortunate. At each of the buildings a generous collection of fruit, cakes, bread, chickens, turkeys and other good things for Thanksgiving was made. The occasion was a happy one and the little ones entered into the spirit of the affair with much zest. The gifts were dis-tributed to the Christian home and hospitals with the good wishes of the scholars. Ever since the day of offerings was set apart ! has been observed with great care and the teachers and children all derive a great dea of pleasure from its generous lesson.

As to the Burlesque Circus, "Are you going to the 'Burlesque Circus?" " is almost as important a question in Council Bluffs today as "Are you going to the foot ball game?" Ever since the plan was proposed by the Field club to give this novel entertainment the interest has been steadily growing and a great show is loo for this evening at the Dohany theater. The last rehearsal will be held this morning with a full orchestra. Last night the entire program was gone through with and its suc-cess even surprised those who have been working night and day for the success of the entertainment. That it will be a burlesque in every sense of the word there can be no doubt. The time-honored gags of the country show will be brought from the

When Manager J. B. Some of them stuck to their fingers until they reached the Father Baart notified all parties to be present next Tuesday, when sentence will be pronounced. He remarked that the case is the first which has come before a metropolitan court in this country and was destined to be celebrated as a precedent. The issues of the case are the validity of the sentence for contempt and the action of Bishop Bonacum in withdrawing the faculties of the defendants. The prosecution has practically conceded the irregularity of the sentence for contempt and the defendants right of appeal from that sentence. This leaves the question of whether the with-drawal of faculties was regular and the drawal of faculties was regular and the further question of whether it was void because it was a cruel and unusual punishment for the trivial offenses charged. There is reason to believe that the court will pronounce for the defense, though the defendants may receive some admonition or slight rebuke for utterance made in the heat of controversy. Rev. C. E. Hager returned from Mitchell neveral days attending a meeting of the meeting was called by Rev. Mr. Carbart of Elk Point, president of the Prohibition Conpartitum union of the state. The object of the meeting was to devise ways and means of defeating the whisky element in the state and yet placing South Dakota among the prohibition states. It is surprising how many people voted in ignorance of the prohibition amendment. Many of the most prominent prohibition workers awoke today to find that they voted the question wrong simply through a misunderstanding of the wording. It is estimated that fully 0,000 votes were not cast at all on the question because of ignorance. Three ways will be tried by the prohibition leaders to carry the cause. The board of returns at Pierre will be enjoined December 3 from deciding the temperance vote on the ground that the amendment was worded in such a manner that the voters were deceived. The and it is quite likely that the whole vote on the probibition question will be thrown out, which would place the prohibitory law back where it was before election.

"She has not been actually disagreeable to the stony-hearted, self-righte head of Bad River some time ago formed an organization having for its purpose the annihilation of gray wolves, upon which a bounty of \$8 each was offered by the cattlemen. The fund used for this purpose was raised by avessing members of the organization 2 cents per head for each animal owned by them. As cattlemen owning an aggregate of about 25,000 head of cattle belonged to the organization, a respectable fund was raised in this manner. During the past season three assessments have been levied n the members of the organization, but without any appreciable decrease in the number of wolves that infest that territory. This has become burdensome on the cattle-men, and the state will now be asked to assume the burden and protect the cattle interests, which are among the most im-portant in the state.

CAMERA PATENT CASE IS DECIDED

Judge Scores Attorneys for Clogging Wheels of Justice, NEW HAVEN, Conn., Nov. 25.—Judge Townsend of the United States circuit cour has handed down a decision in the case of the Eastman company of Rochester, N. Y. against Getz & Hoover of Buffalo, N. Y. The complainant in this suit alleged an in probable that the incoming administration fringement on patents owned by them on will act upon it and instead of having six machines and apparatus for making photomachines and apparatus for making photo graphic films. The Eastman company manu factures cameras, and a victory for the com-pany in this case would have established a complete monopoly of the manufacture of ilms used in cameras of the snap shot class. Judge Townsend orders that a decree be

ntered dismissing the complaint, In his decision Judge Townsend vigorously ores the attorneys for attempting to clos the judicial machinery of a United States court with a superfluity of testimony and exhibits. The judge rays: "Several weeks were consumed in examining the briefs, testi-mony and exhibits. More than 4,000 pages of printed matter devoted to this case more forcibly illustrates the practice which now prevails in patent cases of stuffing the records with prolix cross examination and irrelevant testimony." The exhibits shown would almost fill a freight car and the testimony filled some three or four volumes of the size of a dictionary. In discussing the complaint the court finds that patents on the process had already been numerously granted.

I was a sufferer for eight years from Eczema, but now am entirely cured. The paims of my hands were covered and badly inflamed; little white were covered and badly inflamed; little white blisters appeared, then would peel off, leaving a red, smooth surface, which would burn like fire and itch. On the inside of the upper part of my limbs, great red blotches would appear, and as soon as I became warm, the burning and itching would begin. Night after night I would he awake and scratch, and almost go wild. I got a box of Curicuna, and a bottle of Curicuna Hesselvent, and after a few applications I in the day a series of the redness and inflammation disappear; before I had used one box there was not a sign of Exemplest. I can truthfully assert that \$2.00 worth of Curicuna Renemis's cured me.

Additional Evidence Against Governor Smith Brought Out. LEAVENWORTH, Kan., Nov. 25.—The engressional investigating committee spent this forenoon in the hospital at the Soldiers' home at the bedside of Captain Henry Jacobs, who testified while Governor Smith had always with but one exception treated him nicely he was harsh toward others and there was an odlous system of esplonage in the home. Governor Smith had, he con-tinued, once had him summon a meeting of RUSSELL-SCOTT LINEL HEARING. the Home Grand Army of the Republic post to pass esolutions condemning United States Senator Plumb for an attack on the home which the latter had made in congress, and previously asked him to a former investigation at the home "to manufacture evidence to down Major Shockley," the Homtreasurer. This latter he had refused to do and subsequently lost his captaincy in the

In the cross-examination it was developed that Jacobs was removed for insubordination and talkin in a derogatory manner about

LOW RATES FOR THE TEACHERS. Railroads Agree to One Fare, Piu

Two Dollars, to Milwaukee. CHICAGO, Nov. 25.—Representatives of he roads between Chicago and Milwaukee met today at the office of the Western Lady Scott, and addressed to a private detective named Dicknan, containing the Passenger association to formulate a report on the rates and arrangements for the next convention of the National Educational association, which is to be held in Milwaukee in July. The educational society asked that a rate of one fare for the round trip, plus \$2, be granted it, and by common consent of the roads of the Western Passenger association, the matter was turned over to the roads between Chicago and Milwaukee for settlement. They agreed this afternoon to grant the request of the National Educational society, and the rate was fixed at the amount named by the society.

> You may get over that slight cold all right, but it has left its mark on the membranes lining your throat. You are liable to take another cold and the second one will hang on longer than the first. Scott's Emulsion is not an ordinary cough specific, but it is "the ounce of prevention." It builds up the system, checks inflammation and heals inflamed membranes. "Slight" colds never bring serious results when it is promptly taken.

Removal Furniture

We must sell, because we must move; and we must move because our business has outgrown our present quarters, which has been the pride of our hearts as the model Furniture Store of the west. We are going into quarters three times as large, built by Furniture Men for the Furniture Business. Keep this in your minds: Jan. 1 the Durfee Furniture Company will move into the Beebe building, near the Ogden house, the largest retail furniture building in the west. And ho'd fast to this: They're not going to move much furniture, but from now until moving time [they'll run a slashing cut price sale on all kinds of goods that'll clean out the store. They've just got in their Xmas goods. Store wou'dn't hold 'em. One reason why had to move. Everybody wants these goods. Don't ask price, but come and get 'em.
