## SALE REOPENS MONDAY MORNING

Includes Choice of Any Piece of Goods  
In Custom Room. The Whole  
Thing Must Be Closed Out to  
Make Room for a New Dept.

The magnificent tailoring department of the Continental will be a thing of the past after January 1. Extensive alterations and improvements about to take place make it necessary that the custom room be vacated.

Mr. Gamble, in charge of the matter, said: "We don't want to cut these goods up into ready made suits and overcoats. It's too much trouble, and business is very rough, without that, but we do want and must get rid of this stock of piece goods, and what we will do is that we will make to order any suit from any piece of goods in the tailoring room for \$25."

For ten days at least this offer will be a dandy, for there isn't a piece of goods in the store that tailors can make a suit from at less than \$25 a suit, while the bulk of the stock includes goods that tailors are making up today for \$50 and \$60. This offer is confined to cutaway frocks, day suits, extra, extra, extra, any pair of pants, \$5 extra. Any overcoat, \$5; any pair of pants, \$5.50.

Mr. Schmitzberger, formerly with Ramage, will do the cutting, as usual.

The Continental has made almost as great a reputation for fine tailoring, to order, as they have in their ready to wear department. There are any number of tailors who cannot be fitted unless the tailor does it—or at least they think so—and as a consequence the Continental has been making suits for the best citizens of Omaha, who will jump at the chance to have made up to their order any piece of goods in the store for the one price of \$25. No full dress suits. Of course this is a cash deal.

LAWYERS ADOPT RESOLUTIONS.

In Memory of the Late William H. Beckman.

A meeting of the bar of Douglas county was held in court room No. 1 yesterday morning to receive the report of the committee appointed by the bench several weeks ago to prepare and submit appropriate resolutions on the death of William H. Beckman, a member of the bar of this county.

Charles W. Haller read the following preamble and resolutions prepared by the committee:

"Whereas, William H. Beckman has been removed from our midst by an incurable Providence, and we have been deprived of his valued association, sterling worth and inspiring personality, it is with great sorrow that we record the loss of him, our departed brother.

"Resolved, by the bar of Douglas county, That in the death of William H. Beckman the county has lost a worthy citizen and the bar of this county and state an able and promising lawyer. He was a genial companion, a true and unflinching friend. His character was pure, his life upright and his integrity unquestioned. Modest and unassuming, he was equal to any duty required of him, doing this always creditably and honorably. Respected by all who knew him, his departure will be keenly felt.

"Resolved, That we tender to his aged and bereaved parents and to the other members of his family our sincere sympathy and direct that these resolutions be expressed and communicated to them and that these resolutions be spread upon the records of this court."

The resolutions were signed by the full committee, namely: W. C. McHugh, John W. Parrish, Charles W. Haller, A. W. Jeffers and Lee S. Estelle.

Following the reading of the resolutions Mr. Haller addressed the court briefly, adding a high tribute to the memory of Mr. Beckman with whom he had been associated in a professional capacity.

C. A. Bailey, J. H. McIntosh and Judge Cunningham H. Scott, also addressed the meeting briefly, after which an order was made by Judge Baker, directing that the resolutions be spread upon the records.

Mrs. Egbert Gets Judgment Against Insurance Companies.

In the federal court the jury in the case of the widow of Augustus Egbert against the Fidelity and Guaranty company and the Connecticut Mutual Life Insurance company returned a verdict for the plaintiff for the full amount of the policies. The deceased was insured for \$10,000 in the former and \$5,000 in the latter company, the defendants refusing to pay on the ground that Egbert committed suicide, which, according to the terms of the policies, rendered them void. The plaintiff asserted that it was an act to enforce a mechanic's lien against a partially completed road projected to run from Norfolk, Neb., to Yankton, S. D.

DEPUTY COMMITTEE GETS TO WORK.

Delegation Named to Confer with the Union Pacific.

A committee of the newly formed Union Depot league, consisting of J. H. Dumont, Mayor Broatch, Lyman Richardson, Dr. George L. Miller, A. L. Reed, Judge Doane, A. Hooper, and G. M. Hitchcock, met in the Commercial club rooms yesterday afternoon to formulate plans for securing the erection of a new depot. The greater portion of the time was occupied in an informal discussion and consisted largely of the recital of an interview which Dr. Miller had with President and Receiver H. H. Clark of the Union Pacific. Mr. Clark, so the doctor stated, had expressed himself willing and anxious to do all in his power toward the erection of a union depot at the foot of Farnam street. In doing so he was of the opinion that he voiced the sentiments of all the officials of his road. The fact, however, that the road was in receivers' hands and would probably eventually be foreclosed, prevented any action being taken at the present time. The unsettled condition of the road's finances made it an impossible task for the receivers to promise anything, although it was probable that the road might enter into a union depot compact with others if it had to do so, on account of self interest.

Mr. Hitchcock was of the opinion that the Burlington meant business in its late announcement to build at Tenth and Pacific streets, and he had been informed that either of two plans under advisement by the officials of the road would be adopted in the near future. The first plan contemplated the building of a joint depot for the Rock Island, Burlington and Milwaukee and would cost approximately \$350,000. The second scheme was for a station for the Burlington alone, and cost of which would be considerably less than the first named structure. He thought it improbable that the Union Pacific would finish the old building, as it was intended that the yard room of the company would be inadequate to the transaction of even its own business, exclusive of other roads which might wish to use the same depot.

Upon motion of Mr. Hitchcock, Judge Doane was elected permanent chairman of the committee with A. L. Reed as secretary.

Upon a second motion of Mr. Hitchcock it was decided to wait upon President Clark and Receiver Oliver W. Mink of the Union Pacific and get a definite idea as to what the road has in mind in connection with the depot matter. They would be invited to meet the committee in the Commercial club room Monday afternoon. The meeting was adjourned until Monday at such an hour as the chairman shall select.

MEN TAKEN IN ON SUSPICION.

Dalton and Bruner Have Too Many Cigars.

Dalton and Bruner, two suspicious characters who were arrested a couple of days ago, are supposed to have been of the party that robbed a wagon of the Richardson Drug company several days ago. They were trying to dispose of boxes of cigars, and when the officer's attention was drawn to them, they ran. Dalton dropped his box of cigars in a street, but Bruner hid a box in his possession when he was captured. It is believed that the cigars are a portion of those which were stolen from the wagon.

Cigars were being distributed to locate the two men who attempted to dispose of some patent medicine to a North Twenty-fourth street druggist Friday night. This medicine is also supposed to have been taken out of the wagon. It is understood that the men tried to dispose of the stuff to several north side druggists.

Charges Cruelty to Animals.

Yesterday morning a complaint was filed in police court against a man named Banks, whose residence is at Thirtieth and Miami streets. Cruelty to animals is charged. The information was given to the police by F. A. Hall, who lives at 2731 Grant street. Hall alleged that Friday Banks was driving a horse along a street, and that the animal slipped and almost fell. Hall said that Banks, in his anger, seized a shovel and that the animal most cruelly with it, and then left it to die in the street. The horse was found yesterday morning by a police officer, almost dead.

## PROCEED WITH GREAT CARE

Newly Elected Exposition Directors Hold Their First Meeting.

## NOTHING BUT PRELIMINARY WORK DONE

Organization Postponed Until Questions Involved in the Failure to Elect a Full Board Are Solved—Labor Asks Representation.

The first meeting of the newly elected directors of the Transmississippi and International Exposition association was held at the Commercial club rooms yesterday afternoon. Of the forty-nine members elected by the stockholders last Tuesday night, forty-three were present, the other members being out of the city. The meeting was characterized by a disposition to proceed with the greatest caution in order that the success of the exposition might not be jeopardized in the slightest degree by an unwise step. There was apparent a healthy amount of enthusiasm, which was manifested several times, but there was nothing of an effervescent nature in the sentiment which developed.

The meeting was called to order by President G. W. Watters of the old board of directors, and ex-Governor Alvin Saunders was chosen temporary chairman and John A. Wakefield temporary secretary.

The fact that but forty-nine directors had been elected by the stockholders, instead of fifty, as provided in the articles of incorporation, was the first subject for discussion.

The consensus of opinion was to the effect that it was a vital point whether the board could legally organize with less than fifty directors, and the forty-nine elected by the stockholders had the power to elect the fifth man, or whether Mr. Bennett, by virtue of the fact that he is a member of the old board, would hold over and be a member of the new board of directors. These phases of the question were debated at great length and the whole matter was finally referred to a committee, consisting of Messrs. C. S. Montgomery, J. C. Wharton and J. L. Webster, to investigate the question involved and report to the board at its next meeting.

During this discussion a communication was received from W. R. Bennett, in which he tendered his resignation as a director of the exposition. This was laid on the table until the report of the committee referred to above is received. The same action was taken with reference to a communication from organized labor, presented by I. W. Carpenter, one of the speakers.

After the resignation of W. R. Bennett, the board of directors was organized, and a resolution was passed recommending the election of a vacancy in the board of directors, a resolution which was adopted.

J. C. Wharton called attention of the board to the fact that a great deal of direct action existed among the members of the labor unions on account of the fact that they had not been given representation on the board of directors, and he introduced a resolution, providing that in case of a vacancy in the board of directors, a resolution occurring in the board of directors the labor unions of Omaha and South Omaha be requested to select and present to the board of directors the names of three men representing organized labor, and providing, further, that the names so presented should receive the consideration of the board in the election of a director to fill vacancy. This resolution was unanimously adopted.

In view of the complications existing regarding the legal organization of the board on account of the failure to elect a full board of fifty directors, it was decided to postpone the election of officers until the next meeting.

E. Rosewater suggested that, in order that the work of the board might be expedited as much as possible, a committee should be appointed to recommend a plan of organization and work and present the same to the board at its next meeting, and he moved the appointment of such a committee. The idea was approved and the motion was adopted. The chair appointed Messrs. E. Rosewater, C. P. Manderson, Frank Murphy, Dudley Smith and G. W. Watters as such committee.

The meeting was adjourned until next Tuesday afternoon at 2 o'clock at the rooms of the Commercial club.

SUPREME COURT ENTERS NEW RULE

Overturns a Practice that Has Long Obtained.

At its last sitting the supreme court made a ruling in a case appealed from Douglas county which completely overturns a practice which has obtained in this county to a greater or less extent for several years, regarding the time within which a bill of exceptions may be filed. Under the rule an appellant is allowed to file a bill of exceptions at any time after the trial, and at the end of the term of the district court at which a case is tried in which to file his bill of exceptions with the supreme court.

The ruling in question was made in the case of Horbach against Omaha, which was argued last night. The case was argued by the appellant's counsel, and the ruling was made in favor of the appellant.
