doors of the Harlan State bank today on the failure of the bank to make a proper showing of its solvency. C. J. and D. M. Wyland conducted a private bank here since 1872, but within the last year organized a state bank, capital \$50,000, one half owned by John Kinney. Kinney came here from Ansonia, Neb., and as cashier did not get along well with the other members of the corporation and withdrew his capital. The bank's decreased capital and depreciated securities led to the failure. The officers of the bank have turned over their realty for the benefit of their creditors. Two of the largest firms, Tusley Bros. and Dr. Wyland, are involved, the former having made an assignment.

"Mysterious Swede" Finds in Jail. STOUX CITY, Dec. 10.—(Special Telegram.)—K. Strom, the "Mysterious Swede," got into jail today and made himself more mysterious than ever. He was arrested and fined for assault upon a boy, and when put in jail in default of payment was searched and 5 cents taken from him. The bailiff declared he searched him thoroughly, but a few minutes later Strom sent out money and bought tobacco for all the inmates of the jail. He then sent for two leading Masons of the city, who examined him and declared that he is a thirty-second degree Mason in good standing.

Preparing to Reopen an Iowa Bank. STOUX CITY, Dec. 10.—(Special Telegram.)—George M. Coffin, deputy comptroller of the treasury, arrived in StouX City today from Washington to see what could be done toward the reopening of the broken First National bank. He says that if those in control can do what they say they can the bank will be allowed to resume. It is the intention to increase the capital of the bank to \$500,000, pay off most of the liabilities and elect new officers. The majority of the depositors have resolved to continue their deposits if the bank is re-opened.

Peaty Coal Thieves Arrested. STOUX CITY, Dec. 10.—(Special Telegram.)—The Illinois Central Railroad company has been losing coal in StouX City all winter and determined upon a thorough investigation. A detective was sent here, who organized a capture party of boys. Today twenty arrests were made and several persons were convicted of petty larceny and sent to jail. Some of them were caught taking coal in daylight, coming for it with wheelbarrows, carts and buckets. In all about 150 tons of coal have been lost by the company here.

Horticultural Society Meeting Closed. STOUX CITY, Dec. 10.—(Special Telegram.)—The State Horticultural society closed its sessions today, electing the following officers: President, Dr. F. M. Powell, Glenwood; secretary, George Van-Houten, Ames; treasurer, W. A. Boneberger, Harlan. The society voted to reimburse Silas Wilson, ex-treasurer for \$1,500, which he lost by the failure of the Cass bank in 1891. He made it good to the society, and today it was voted to repay the amount to him in five annual installments, beginning April 1, next.

Distributes Penitentiary Sentences. DES MOINES, Dec. 10.—(Special Telegram.)—W. C. Bremerman of Boone, defaulting postmaster at that place, was today sentenced to three years in the penitentiary and to pay a \$2,500 fine. "Honey" Horn of Marshalltown, leader of a counterfeiting gang, was given six years and a \$1,500 fine. George Burns and Charles Thompson were sentenced to five years and \$500 fine each for the burglary of the Quarry postoffice.

Disturbed a Religious Meeting. James Gilmore was arrested last night and locked up on a charge of disturbing the meeting of the Salvation army during the early part of the evening. He was unable to plead the customary excuse of intoxication, and frankly avowed that he sought to break up the meeting for the reason that the Salvationists were mistaking religious convictions and tenets that were incompatible with his ideas.

Iowa Bank Closes Its Doors. HARLAN, Ia., Dec. 10.—(Spe-ial Telegram.)—Bank Examiner Fred Bennett closed the doors of the Harlan State bank today on the failure of the bank to make a proper showing of its solvency.

We'll Give You a Camera For Nothing

"THE COMET" is a small but perfect pocket magazine camera, carrying sufficient film for four pictures without reloading. The film can be developed and pictures printed at a cost of about 20 cents per dozen. The illustrations will give you an idea of the size of picture taken with "The Comet." If desired they can be enlarged at a very small cost.

IF YOU BRING OR SEND US Four new subscribers for three weeks each— Three new subscribers for four weeks each— Two new subscribers for six weeks each—

to The Omaha Bee, prepaid at the rate of 15 cents a week, paper to be delivered in Omaha, Council Bluffs or South Omaha by carrier, or sent elsewhere by mail— WE WILL GIVE YOU A COMET CAMERA.

"THE COMET" is made of strong material, is beautifully covered with black leatherette and is of the very simplest construction. It cannot get out of order and is practically indestructible. Should any parts of it be mislaid or lost, they can easily be replaced, as all parts are made interchangeable, and duplicates can be obtained. "THE COMET" will take a picture one inch square or a round picture one inch in diameter.

IF YOU BRING OR SEND US Eight new subscribers for three weeks each— Six new subscribers for four weeks each— Four new subscribers for six weeks each— Three new subscribers for eight weeks each— Two new subscribers for twelve weeks each—

Prepaid at the rate of 15 cents a week, paper to be delivered in Omaha, Council Bluffs or South Omaha by carrier, or sent elsewhere by mail— WE WILL GIVE YOU A CRESCENT CAMERA.

The "Crescent" as a high-grade, first-class camera is not only a surprise, but a delight to the thousands now using them in preference to all others. It takes a photograph 2 1/2 by 3 1/2 inches, the size of the accompanying picture. The size of the camera is 6 1/2 by 4 by 4 inches.

The "Crescent" is warranted to be first-class in every particular and equal to any \$10.00 hand camera on the market. The "Crescent" is the latest thing out in the camera line. They were first introduced in October, 1895, and the stormy sales of more than 200,000 in the first month illustrates the great demand for a popular high grade camera.

The "Crescent" is equipped with an achromatic lens ground from the finest imported optical glass, made expressly for the camera and warranted to give equal if not better results than the lenses found in instruments costing from \$5.00 to \$12.00. The "Crescent" shutter is probably the most perfect ever used on a hand camera. It is adapted to instantaneous or time exposure, and can be changed from one to the other in a second. The "Crescent" is adapted to either plates or films, but as better results are invariably obtained from plates at a less expense, we recommend their use in the "Crescent," at least to start with.
