over 400,000 bu, of spring wheat having been taken at New York, and northwest receipts were exceedingly light. Minneapolis reperied only 100 cars and Duluth 20, against a total of 227 last Wednesday and 402 on the corresponding day last year. Chicago receipts were also smail, numbering but thirty-seven cars, against seventy-nine last year. The report of the good condition of wheat in the ground was made much of by the bears. Whether it was due to their efforts in toat direction or to something eise the market became extremely weak. May first recovered from \$2%,683c to \$3½c, helped by stronger second cables and reports of the almost complete failure of the Argentine crop, but by 12 o'clock it was fighting at \$2c to prevent a further drop and in ten minutes more it was being sold freely at \$1%c. The decline was not a matter of any fresh news of a bearish character. Prominent holders, however, dumped arge quantities onto the market, and their amanimity in this respect weakened prices to such an extent that for a time thereseemed no limit to the decline. Near the close of the session May had sold down to \$1%c. New York reported thirty boatcads taken for export today, which caused a slightly better feeling. May closing at the Corn was slow until the end of the first

a slightly better feeling, May closing at 81%c.

Corn was slow until the end of the first hour, but finally weakened on the slump in wheat. Trade was slow as a rule and the market without any special feature. Atlantic port exports amounted to 250,000 bu, which included 240,000 bu, from New Orleans. May opened a shade lower at 25%c and sold down slowly to 25%c to 25%c and sold down slowly to 25%c to 25%c, where it closed.

In onts business was unimportant during the greater part of the session. The decline in wheat to some extent influenced a similar action here and liberal selling by prominent brokers also helped the decline. There was some long stuff disposed of and a decline of ½c resulted. May opened unchanged at 15%c, declined to 18%c and closed easy at from 18%c to 19c.

Provisions yielded a little in sympathy with wheat and the liberal receipts of hogs today and expected tomorrow. Trading was very moderate, being confined almost entirely to packers, and outside support was lacking. At the close May pork was 5c lower at \$7.80; May lard \$c lower at \$3.55 and May ribs about 5c lower at from \$3.55 to \$1.97½.

Estimated receipts Thursday: Wheat, 15 cars; corn, 95 cars; oats, 110 cars; hogs, 140,000 head.

CHICAGO, Jan. 6.—Wheat today for the first time in months came under the control of the bears. Short sellers caused the unlouding of long wheat in large quantities and the result was a very weak market and 13g o net loss for the day at the close. Cora lost \$\frac{1}{2}\$c, out \$\frac{1}{2}\$c, out \$\frac{1}{2}\$c, out \$\frac{1}{2}\$c, out there are all large quantities and lard 23gc.

Wheat quened firm at a trifle better than the previous day's closing prices, but soon lost its opening improvement and something more. The first trades in the pit were at from \$\frac{1}{2}\$c, boilt there was a flood of offerings at that and in the first half hour's trading the price dropped to \$2c. The opening strength was due to the fact that first cables were steady to firm, notwitastanding our break yesterday. Left over ..3,931 CATTLE-The snow blockade in the cor try was raised yesterday, as was evidence by the very large receipts of cattle, the largest of any day since November 24. The receipts for the baree days this week fo up 5,648 head, as against 4,760 head for th corresponding days of lest week, the large receipts today making up for the ex-tremely light runs of Monday and Tues

A good many of the beef cattle her were only half-fat steers, that should have been left in the feed lots another thirty days, at least, instead of being rushed market before being matured. Such catt are slow and a drug on every market. Good cattle were in demand, and anythin that would answer that description was good seller. As to the prices paid, it would be no easy matter to make comparisons, a there were not enough cattle here on Mon day or Tuesday to make a market. Sales men in many cases were reporting the mar ket 10015c lower, largely because other markets were reported that way. It is rafe to say that the cattle sold fully as good of a little better than at the close of las week. Cows and heifers sold at about the say prices that they have commanded all the week, the market showing no materia cange. Some of the early sales of stockers Some of the early sales of stockers and feeders were at strong prices, but as buyers became more impressed with the number of cattle on sale they changed their tune and the market closed lower. The offerings of feeders were the largest in a good many days, the strong prices paid for that kind of cattle the past week having evidently stimulated shipments. Representa-

Over \$411,000,000 Paid to Policy Holders

RICHARD A. McCURDY, President

in Fifty-three Years!

ARE YOU POOR?

Who will pay that mortgage on your home if you die before It's lifted?

A life insurance policy will do it, and the cost to you is only the annual premium paid to the company. It is like paying a little extra interest on lease if you die.

20 20 20 20 Security---

The resources of the Mutual Life of New York exceed the combined capital of all the national banks of New York City. Chicago, Boston, Philadelphia, St. Louis, Cincinnati and Balti-

A Policy of Insurance in the Mutual Life is the quickest asset you can leave.

average a little higher than yesterday, owing largely to the fact that there were more light weights among the offerings. The market has,

in fact, been crawling steadily upward all this week and the average of all the sales today was the highest of any day since November 30. As compared with a year ago the market 1s

now 25c lower. Representative sales:

ARE YOU RICH?

How much will your admin istrator have to sacrifice your estate to force quick assets?

An Installment Policy for \$100,000 will leave your family \$5,000 yearly income for 20 years, in any event, and if your stated beneficiary is then living he or she will be paid \$5,000

A 5 per cent Debenture for \$100,000 will leave your wife \$5.000 yearly income either for 20 years or until her death il prior thereto; then \$100,000 will be paid in one sum. A possible return of \$200,000.

 Increased Offerings Cause Weakness in Cattle-Hogs Unchanged. CHICAGO, Jan. 6.—In cattle the increased of-ferings caused some weakness, but there was rather good demand and the decline was only about 10c per 100 lbs. Sales were made at from \$3.60 to \$4 for the poorest native dressed beef steers, from 44.40 to \$4.50 for medium to good, from \$4.50 to \$4.50 for medium to good, from \$4.50 to \$5.55 for choice to prime, with fand and canters cattle scarce and worth from \$5.00 to \$5.50. The stocker and feeder trade was again lively at from \$2.90 to \$4.10, with prime 1,190-1b, feeders wanted at \$4.55, the highest price reached in a leng period. Butchers' and canners' cattle were active, cows and heifers at from \$4.90 to \$4.90 to \$4.00 to \$4 teers, from \$4.40 to \$4.50 for medium to good,
