

TAKEN IN BY UNCLE SAMUEL

Tarward in a Scheme Which Was Apparently to Defraud.

EDITOR OF GORDON'S WEEKLY ARRESTED

United States Charges the Use of the Mails for Fraudulent Purposes—Plans on Which the Prisoner Worked.

Shortly after noon yesterday the police arrested S. J. Gordon, proprietor and editor of a prospective sheet, "Gordon's Weekly," on the charge of using the United States mails for fraudulent purposes.

Gordon came to this city something over a week ago and installed himself at 324 South Sixteenth street, on the second floor of the Her-block. He has been editing a couple of sheets and then started into business. He inserted advertisements in the daily papers offering employment to a young man on a salary of \$100 a month, and he would give a share in his business.

Then he issued a prospectus of a weekly journal, "Gordon's Weekly," which was to be devoted to literature, sports, current topics, art, etc.

While the police believe that this scheme was simply one to get money fraudulently, Gordon is charged with another. In his prospectus he stated that he was raising a fund by means of which the children of public school houses were to be decorated, the seats in the school rooms upholstered and the libraries enlarged.

WILL ASK THE COURT'S CONSENT.

Union Pacific Receivers and the Ex-position Subscription.

An important conference between the receivers of the Union Pacific railway and representatives of the Transmississippi Exposition was held at the Union Pacific headquarters yesterday afternoon at 3 o'clock.

The receivers said, however, that they were entirely without power to act in the matter of the subscription. They stated that nothing without an order from the court, Judge Kelly stated that he had written to the trustees of numerous Union Pacific houses and had received their letters asking their opinion. The majority of those who had replied were favorable to the exposition and to a subscription to it by the Union Pacific.

It was decided that the wisest policy to pursue would be for the trustees and the officers of the exposition association to ask the court for an order directing the receivers to subscribe \$25,000, the amount requested by the directory, toward the success of the exposition. If the court authorizes such an expenditure there will be no opposition among the receivers. The feeling that the Union Pacific might pass into other hands within a year caused the receivers to be somewhat dubious about the outcome of the proposition.

President Clark, General Manager Dickenson and the receivers went to the Lake Park building this morning to a meeting of three cars. There they will attend the foreclosure sale of the Oregon Short Line and Utah Northern. It is expected that Samuel Clark of the purchasing committee would spend the day in Omaha, and go west with the receivers this morning, but he passed through yesterday without stopping.

CONTINENTAL SELLS SUITS

The Entire Stock Thrown on the Counters at \$5, \$10 and \$15.

GREATEST SUIT SALE ON EARTH

Most Anybody Could Sell Suits This Way—Choice of Any in House at \$5, \$10 and \$15—If They Only Had the Nerve to Do It—We Have.

Saturday morning we place on sale our entire stock of men's suits at the three popular prices of \$5, \$10 and \$15. We do this to get rid of our stock of suits, which is an extraordinary large stock of fine suits. Suits such as any might well be proud of making, whether a custom-made suit or a ready-made suit. There are no such things as cheap suits. There are no such things as cheap suits. There are no such things as cheap suits.

But—\$15.00—that's our price Saturday for \$25.00 suits, such as tailors make for \$50.00. The \$25.00 and \$30.00 suits will be placed in this lot.

\$10.00 is the price placed on all the \$15 suits, and on the \$15 suits, probably the best quality of suits that you can get for \$10.00. Suits that have sold right along without any quibble at this price. These go in the \$10.00 lot Saturday.

For \$5.00 you get a choice of all the \$12.00 suits, the \$10.00 and \$8.00 suits. There are a few \$5.00 suits that we have that we've been selling for \$8.00. These suits are marked down from higher prices, so that we could have the name of carrying suits at a safe profit. However, there's not a suit in the entire lot that goes on Saturday at \$5 but what is worth anywhere from \$5 to \$12.00. You can't pay that much for any suit.

No matter what suit you may select Saturday you may be sure that it is worth easily half as much again as we ask—and often double.

The frantic endeavors of some to turn the tide of buying from our great overcoat sale of the past week to us to make this week's sale full and complete, we want to understand thoroughly that this is not a sale of goods specially selected for this week, but the absolute throwing on the counters of our entire line of winter suits of whatever value to sell for \$5, \$10 and \$15.

By the way our great overcoat sale has demonstrated that we're cleaning house. This overcoat sale has been going on here in Omaha for a week and a half. And the public is as responsible for it as we are.

People will buy and will tell where they buy. We're making the suit sale to be in every way as good.

W. M. Repine, editor Taskilla, Ill., Chief, says: "We won't keep house without Dr. King's New Discovery for consumption, cough and colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. It is a blessing to mankind, and this giving away of five days' treatment of the medicine proves his great generosity and absolute faith in the quality of his medicine."

Do Not Forget To call at the drug store of Kuhn & Co., southwest corner Fifteenth and Douglas streets, today and get a free sample of Dr. King's New Discovery.
