## FOREIGNERS ARE HEAVY BUYERS OF WHEAT

That Cereal Advances Seven-Eighths of a Cent...Corn and Oats Go Up a Smaller Fraction\_Pros visions Also Higher.

CHICAGO, Jan. 14 .-- Wheat today again got squarely above the Soc mark, the May option closing with a Sie advance. Enorous seaboard clearances and an active buying by foreigners were the principal factors in the strength which prevailed all

The object of the strength which prevaled and day. All the other markets were correspondingly strong, corn advancing 54c, oats about the same and provisions 100250. In wheat the only weak spot was at the opening, and was caused as usual by the Liverpool market, which opened 54d lower, although this was only in line with yester-day's decline here. The price of May here began over a range of from 79½c down to 134c, as against 795%75% the previous for the day. An advance to 80%c by 125% was not a straight, undisputed rise, how ever. After touching 50c it reacted to 79%c, and even after that there were numerous shortlived drops of 34c or so. The see, how ever. After touching Sic it reacted to 75%c, and even after that there were numerous shortilved drops of 3/c or so. The sea-board sent the builtsh news and the buying orders later in the day. St. Louis became an anxious buyer. On the first symptom of the latter purchasing local sellers dried up, and not until the May price was well over. Noc could they buy much. Local receipts were 17 cars, against 18 a year ago. Min-neapolis and Duluth reported 277 cars against 209 hast week and 423 on the corre-sponding day of the previous year. Clos-ing continental markets were steady to firm; New York wired the foreigners were doing considerable buying there and some reporting country sending out about 12,000,660 bushels this year. The ex-part clearances began early in the day to affect local speculation sentiment. Boston commenced proceedings by reporting 190.-600 bushels cleared; then came New York with exports of 220,600 bushels, and in the end the quantity was swelled to the equiva-lent of 746,000 bushels in synch and not affect local speculation sentiment. Boston commenced proceedings by reporting 190.-600 bushels cleared; then came New York with exports of 220,600 bushels, and in the end the quantity was swelled to the equiva-lent of 746,000 bushels in synch and four together. That includes 35,000 bushels, of flour from Newport News. This was the active influence in the last hour. May finally sold up to 50%c and closed firm at 150%c%5%c.

active influence in the last nour. May finally sold up to 55% c and closed firm at 50% (50%). Corn opened firm but unchanged at 24% 49% for May, and under the encourasement of a strong provision market and the ad-vance in wheat it goi up to 24% 25% near the end of the session and closed at that. The most remarkable feature of the day's movement was the enormous clearances from the scaboard, which included 223.00 bushels from Newport News. Oats were active, firm and higher. The feature was the huying by several of the large shorts. Selling was moderate and scattered, principally among clevator people and professional bears. May opened a shade down at 18% (50%) (50

NEW YORK, Jan. 14 .- The stock market to-day was for the most part extremely narrow BEEF STEERS SHOW MORE STRENGTH and professional, but, with one or two excep-tions, the tone was firm and the movement of prices upward. There was little news of gen-eral importance, but the traders appeared to favor the indede. Higher London prices for American securities and buying for that account here, and the enlarging investment inquiry, in-duced by the steady pilling up of the account here, and the enlarging investment inquiry. In-duced by the steady pilling up of the spe-cialties. In stocks of this class also there was continued liquidation, but the declines were con-fined to these particular properties. Dealings in railcoal shares were trifling, and, aside from Manhatan, Wheeling & Lake Erie and Long Island, the fluctuations were fractional. Chicago Gas advanced 1% per cent to 57% on what was considered inside buying. Sugar, on covering, pure and simple, gained 2 per cent to 11%. The for a settlement between the Atchism and At-lantic & Pacific companies galvanized the stocks and bonds of the last mentioned into compar-tive notivity at the trilling gains. STILL CONTROLLED BY SANTA FE. sas City, Pittsburg & Gulf Percting Its Plans for Connection Southern Pacific Not Likely to Get the Between the Great Lakes Atlantic & Pacific. SAN FRANCISCO, Jan. 14.--Charles W. and the Seaboard. Smith, who for nearly a year past has filled the position of receiver of the Atlantic & is safe to say that there is no matter Pacific railroad, is here on business confrequently and more thoroughly disnected with the road. His visit at this time, d in freight circles of western railhe says, has no significance. He is simply just now than the increase of grain looking after a few matters of routine businents to southern ports. It is urged ness and in a few days will depart for Albuquerque, N. M. He says all rumors to the effect that the

he southern roads that their grain has been on the increase, while that ed eastward from Chicago has been illy decreasing. The matter is of pe-Francisco roads were anxious to secure the road were without foundation. The Atlantic r interest to Omaha at this time because & Pacific railroad, according to Receiver Smith, will be bought in by the first morte approach of a new north and south The Kansas City, Pittsburg & Gulf gage bondholders. A reorganization will be southward from Kansas City is rapapproaching completion. Now appears with a new lease of life. Under the new management, he declares, the policy of the nce that the Stillwell scheme of buildroad and its relations with other lines will remain exactly as they are now. In other orthward to the Great Lakes may be ed out, and that a transcontinental bad may some day be seen traversing country in another than the common words, the Atlantic & Pacific will continue to serve as an important link in the Santa Fe system and will be operated under a traffic arrangement with the Santa Fe as it

Hughes of the Keekuk Atlantic & Pacific, amounting to \$16,000,000, are held by a very few people," he said, "and these comprise the reorganization com-mittee. There is now in the hands of the conference committee of the senate and house a bill granting to the Atlantic & Pato be carried out. The Keokuk & ern line runs from Keokuk west to wille, Mo., about eighty miles north-of Kansas City. Midway of the east and west line is a northern line which enters Des Moines. The Cainsville line is to be extended into Kansas City, and thus a Des Moines-Kansas City route will be per-fected. From Kansas City south the connection will be with the Kansas City, Pitts-burg & Gulf, which will be completed from Kansas City to Port Arthur, on the gulf,

Kansas City to Port Arthur, on the guit, within six months. The longest gap now to be built is be-tween Cainsville and Pattoneburg, Mo., about fifty miles. The Kansas City & Northern, the connecting road, had secured control of the terminals and bridge at Kantends northeast about thirty miles from Kansas City to Pattorsburg. This company has agreed to build half of the fifty miles necessary to meet the Keokuk & Western provided the latter company will build the other half. The contract has been closed and each line will begin as soon as spring VANDERBILTS WANT THE LINE. opens. It will take but a short time to make the connection. Traffic arrangements have been made be

into Des Moines. The Minncapolis & St. Louis is to build its own line into Des Moines as its part of the agreement. The line will then be completed to Minneapolis and St. Paul. The attack bulleth, by which the connection to Lake Superior, at Duluth, will be made. A complete line is thus effected from the gulf to Duluth should the scheme be carried out to completion. Gulf roads have precipitated the grain full roads have precipitated the grain for in the country. The Vanderbilts are last few months. They have been after the grain business of the west, and have sc-cured so large an amount of it that the Chi-

There was how-ever, a very good load of little cattle which touched \$4.20. The market was a lit-tle stronger, and the demand being good the trade was sufficiently active to effect an early clearance. The market on butchers' stock was also strong, and desirable cows and helfers were quick sellers. The offerings All changed hands early in the morning. A good many of the feeders here were coarse, heavy cattle, which are not such free sellers as the light or medium grades, but the market in splic of that was in very satisfactory condition. Values generally were strong and the offerings were all taken early. Representative sales: NATIVES.

Pacific here is Passenger and Immigration Agent Wellington, now stationed at Morrison, stranger went to the home of George Ill., and who was formerly located at Platts-J. Huss, 613 South Fifteenth street, yester day noon and asked to see a room which was for rent. After an inspection he told Huss that the place suited him, and that he would take possession forthwith. He said he was employed at the Smelling works, and was obliced to work nights. He therefore wished to go to bed immediately. About an hour later Huss happened to be going through the hall, which passed along near the new boarder's room, when he dis-covered that the door of his tenant's room was wide open, also the door of his own room. Search disclosed the fact that the stranger had departed, and with him had gone a coat and vest, with a gold watch chain fastened in the builtonhole, all be-longing to Huss. A description of the stranger was given to the police. day noon and asked to see a room which Mr. Carey has had his headquarters in Omaha for the past year and a half. His territory extends through Missouri, Kansas, Nebraska and Iowa. As more of the south-ern lines center in Kansas City than in Omaha the company has decided that it would be more advantageous to its in-terests to have Mr. Carey stationed there. The change is a promotion for him, and is accompanied by a liberal increase in salary.
