elections, said that he wished the house would adjourn at 1 o'clock today. The reason for this was that this committe. which has charge of the Douglas county condeclined to sit and take testimony while the house was in reasion. Rouse of Hall raid that the contestees, Burman, Butter. Cox and Crow, would not be ready with their side of the case until tomorrow

Clark of Lancaster then pointed out that he had warned the majority of the enormous expense which would be incurred by this contest. Already considerable time had been consumed, and now it was proposed to sus-pend the legislative proceedings of a body of 109 men, on expense, that the details of a petty contest might be heard.

Roddy of Otoe made a flery speech against adjournment. He said that it was a shame that the business of the house should be interrupted in order that a "lot of guitersnipes from Omaka" might run up a big bill of costs in the shape of attorneys' fees. Sheldon of Dawes favored adjournment. He said the house could take a recess until

Monday and no one would greatly suffer.

Surprise was created by the attitude of Dobson of Fillmore. He is a populist, but he lashed the majority to a finish, and bitterly invelghed against the recktess and extravagant motion to adjourn. He said if this thing continued the farmers would be obliged to raise more 10-cent corn to pay

sarsaparilla as it was made and

sold by Dr. J. C. Ayer 50 years

ago. In the laboratory it is different. There modern appliances lend speed to skill and experience. But the sarsaparilla is the same old sarsaparilla that made the record-50 years of eures. Why don't we better it? Well, we're much in the condition of the Bishop and the raspberry: "Doubtless," he said, "God might have made a better berry. But doubtless, also, He never did." Why don't we better the sarsaparilla? We can't. We are using the same old plant that cured the Indians and the Spaniards. It has not been bettered. And since we make sarsaparilla compound out of sarsaparilla plant, we see no way of improvement. Of course, if we were making some secret chemical compound we might .... But we're not. We're making the same old sarsaparilla to cure the same old diseases. You can tell it's the same old sarsaparilla because it works the same old cures. It's the sovereign blood purifier, and-it's Ayers. -----

WINSIDE, Neb., Jan. 15 .- (Special.) -- One of the little daughters of Fred Krause, a farmer living near Winside, had her finger cut off by her sister yesterday. The two little girls were cutting kindling with a hatchet. One of them handled the hatchet and the other carried away the shavings. ## ECZEMA TEN YEARS

Suffered Untold Agonies. Limbs Swollen so Could Not Get About.

Ablest Physicians Signally Failed. Was Absolutely Disheartened. Had Lost All Hope.

Gave CUTICURA a Trial Which Resulted in Absolute and Perfect Cure.

For ten years I suffered untold agonies from that dread disease Eczema, my lower limbs. most of the time being so swollen and broken out that I could hardly go about. I had to wear slippers so that I could move about at all. My brother, a physician of thirty years' practice and extensive experience, had tried in vain and extensive experience, had tried in vain to effect a cure and signally failed. I tried other physicians of spiendid ability with like results, and had reached that point where I became absolutely disheartened, and in fact had lost all hope, when a friend (after long and continued persuasion) succeeded in inducing me to at least give CUTICURA REMEDIES a trial. I shall never regret that I did so, and until my dying day I shall sing the praises of them. I used two cakes of CUTICURA SOAF and two boxes of CUTICURA SOAF and two boxes of CUTICURA, and it resulted in an also lite and CURA SOAP and two boxes of CUTICURA (ointment), and it resulted in an absolute and permanent cure. I feel that I owe suffering humanity the debt of at least, in my feeble way, calling their attention to my case and absolute cure. I am now, I feel, perfectly cured, sound as a dollar, and the sweets of life are still mine, thank God, and to CUTICURA REMEDIES I attribute my almost miraculous cure. I refer all interested to the Postmaster of this place, any of the ministers, the prominent business men, and all of the citizens of our vicinity indiscriminately, and especially to my friend, John A. B. Shippey, attorney at law, who succeeded in persuading me to give CUTICURA REMEDIES a trial. With profound gratitude, I remain your most enthusiastic admirer, DAVID M. SAPP, Flymouth, Ill.

The Western Travelers' Accident association of this city has just compromised th claim of Mrs. Marie Arnold of Sioux City, which has been pending in the federal court at Omaha for more than a year. This case grew out of the cause of the death of the husband of Mrs. Arnold in Salt Lake in 1894. The beneficiary claimed that her husband died from the results of accidental injuries, while the association maintained that it had evidence that the death was due to an at-

tack of typhoid fever. The case was settled by the association paying \$520, the plaintiff paying all costs of prosecution. Train Derailed at a Switch. ARLINGTON, Neb., Jan. 15 .- (Special.)fust as the eastbound passenger train on the Fremont, Elkhorn & Missouri Valley
