the parties interested in the settlement of

the Sloux City & Parific affairs. The Chicago & Northwestern company, which

ontrols the Sioux City & Pacific, was rep-

resented by M. M. Kirkman, its vice president, who stated that the interest represented by him would refrain from pressing the Sloux City bill if the Harrison commission

plan was adopted. They were satisfied with the plan, as it embraced the settlement of

all the affairs of the Pacific roads. The Sioux City Commutation company was represented by John C. Coombs of Boston, and

this interest was also favorable to the scheme of a commission and loped the gowers of the commission would be broad enough to enable them to negotiate for any

Corinne is a pretty little coman, whose appearance is familiar to all neater-goers, whose ability as a performer s well known. On former occasions Corinne Island railroad for November, 1895, were \$55,916.99, and for November, 1896, were \$69,has always been welcomed by big crowds and engagement will probably prove itself pleasing and successful, as the others have.

"Carmen," as presented by Rosabel Morrison and her sparkling company, will be the attraction at the Creighton for three nights, ommencing with this evening's performance, when it is said that Prosper Merimee's interesting story will receive an elaborate production with all the advantages of beautiful scenery and elaborate costumes. A novel feature of the performance will be the realistle bull fight incidental to the play, which will be produced by the sid of the eidoloscope. The company supporting Miss Mor-rison is said to be a thoroughly competent ne and includes a number of players whose former successes in this city have been pro-nounced. Notwithstanding the expensive-\$93,418.90. ness of the production, no advance will be made in prices. A bargain matinee will be given tomorrow.

Prof. Revnolds' success would appear to be come more emphatic with each succeeding week of his engagement at Creighton hall. He appears to audiences which continue large, netwithstanding the length of the engagement. The subjects while under his hypnotic influence demonstrate the powers of mesmeric influence and succeed in thoroughly amusing the spectators by their pe-culiar antics. At the matinee which will be given Saturday it has been decided to ac cept the tickets for reduced admission which were issued to school children who were unable to attend the last matinee, owing to the inclemency of the weather.

Hopkins' Transoceanic Vaudeville compan will play its annual engagement at the Creighton, opening with a matinee Sunday. January 24, at which performance strictly popular prices will be in force. Will restrict the A short bime before Christmas Councilman Hyland introduced a resolution at a meeting of the council to the effect that this city was paying too much for electric etreet lights and requested the appointing of a committee to investigate and ascertain what other cities were paying for lighting their streets. The committee was appointed, with Hyland

At the last meeting a report from this committee was read and the prices paid by five the prices paid were as follows: Council Hluffs, \$\$1 per year; Sloun City, \$95 a year; Burlington, Ia., \$100 a year; Missouri Valley, \$96 a year; Fairbury, \$90.

Continuing in his report, Hyland recom-mended that the city attorney be instructed to examine the contract now existing between the city and the electric light company touching the validity of the same and with a view of having the contract annulled or amended by such procedure as in the judgment of the city attorney may be accus-The report and recommendation were

In every one of the letters received by Hyland from officials of the cities mentioned the statement was made that the lights 'At one of the towns, Missouri chedule." Valley, all of the lights are shut off at midnight and do not burn on moonlight nights Nothing was said about a moonlight schedule in Hyland's report. Whether lights burn all night every night in the year, as they do here, or only on nights when the moon does not shine, makes quite a difference the cost, but this fact was not considered

when the report was made, The Electrical World has just issued a mocnlight schedule which is in general use where contracts of that kind are made. This table shows that for the present month light-ing plants which run all night will be in operation 375 hours, while on the moonlight schedule the plants will be required to run only 255 hours, a difference of 110 hours. During February all-night plants will run 300 hours, while with the modnlight schedule light will be supplied only 115 hours, a dif-ference of 185 hours. With such an arrangement the cost would naturally be much

South Omaha pays \$12 a month for each street light and the time lights do not burn between sunset and sunrise is deducted from the monthly bills.

Want a Special Grading District. Property owners on Twenty-fifth and

Twenty-sixth streets are signing a petition asking that a special grading district be eatablished and the streets mentioned graded and opened. It is the intention to grade Twenty-sixth street from A to F streets and court orders for the purchase of necessary wenty-fifth street from A to I streets. Those interested assert that the necessary front-age will be obtained before long and that the council will then be asked to take immediate action, that the streets may be grade this spring. Under the new law it is necessary for three-fourths of the property owners to sign a petition for a grading district where as under the old law only two-thirds was necessary. This change in the law only discovered a few days ago and will cause a short delay in the matter.

Mayor Ensor May Object.

It is very doubtful if the scheme to place street telephone boxes in use for fire and pohee alarm service will go through the council. Mayor Ensor says if the council passes any such resolution or ordinance he will veto The mayor admits that the boxes will be a great benefit and are needed, but he insists that there is no money to pay for the same, and for that reason will not give his ap-proval to the plan. When the matter was brought to the attention of the council last Monday night it was laid over for one month. Possibly some arrangement may be made whereby the cost of the boxes, \$175 a year, can be paid out of the general fund, and if so the deal may go through.

EXPOSITION AND ORGANIZED LABOR

Central Labor Union Considers 1ts Disagreement with the Directory. A meeting of the Central Labor union was held at Labor temple last night to consider the report made to that body last week by F. M. Youngs, the labor representative on the board of directors of the expoition. There was a good attendance of the

tembers of the union, as well as a number members of labor organizations, who were of delegates to the Central Laber union. The exposition matter came up by the reading of a written request from G. M. Hitchcock, asking the privilege of addressing he union on matters bearing upon the ex-ossition. The request was granted, and Mr. Hitchcock appeared before the union, in the capacity of a private citizen, asking the organization to postpone action on its griev-

ince for the present. President Saston replied to Mr. Hitchcock, and said that the laboring interests are up in arms, and are determined that the experience of the labor interests in Atlanta and Philadelphia shall not be repeated in Omaha. He said organized isbor would proceed on the theory of "patronizing home industry," and would insist that home labor be recognized. The precident said he did not speak as the representative of the Central Labor

union, but was voicing his own sentiments.
William Grabach, of the theatrical employes' union, supported the sentiment expressed by Enston, and said the laboring interests of Omaha could take care of the matter without "the aid of consent" of any utside labor. The report made to the union by F. M.

Youngs was then taken up for consideration. The report was read in full, and then the meeting was turned into an executive cossion for the consideration of the report and definite action. All but members of the body were excluded, and subsequent pro-ceedings were conducted behind closed doors, Before the special business of the meeting was commenced the following routine proceedings were had:

Credentials were presented by the follow-Credentias were presented by the follow-ing delegates, who asked admission to the Central Labor union: Palaters and Decorators' union, James Brophy, J. C. ABOUT MUNICIPAL MONOPOLIES. Correction of Certain Statements Regarding Glasgow's Taxes. CITY CHAMBERS, GLASGOW, 8th Jan-

uary, 1897 -To the Editor of The Bee: The lord provost of Glasgow and certain officials of the corporation have for some time past been receiving a considerable number of communications from all parts of America desiring confirmation of a statement which has evidently obtained wide circulation and considerable credence in the United States to the effect that as from the commencement of the present year the citizens of Glusgow would be free from all taxes or rates, in consequence of the profits derivable from what these inquirers term "municipal monopolics," or, in other words, the civic administration of various departments of the public service, such as street tramways, takings which are under the charge of the

A SOURCE OF SURPRISE.

To Physicians and Patients Alike,

Dr. Redmend, a specialist in the study and treatment of Piles and rectal diseases, ecently stated that the Pyramid Pile Cure, he new discovery for the cure of pites, was the most remarkable remedy he had ever s on or tried in one respect, and that was, the instant relief experienced in all cases, no matter how severe, from the moment the cemedy was applied; this was the more sutprising to him because he had carefully analyzed the preparation and no trace of plum, coccaine or similar polson could be

the Pyramid Pite Cure, because it is rapidly taking the place of surgical operations and because it is so simply so easily applied and contains no mineral or other polacus commonly used in pile cures. Dr. Exterbrook reports that the Pyramid Plie Cure not only cures the various forms of piles, but never falls to rive immediate relief on the first application, no unatter severe the pasa or discomfort may be People who have suffered from piles for rara are often astonished at the instant re-ief experienced from the first application, mother important advantage is the fact

hat any one can use the remedy without de-ention from business or interference with ally occupation.
