WHAT THE WOMEN WILL DO. Plan of Organization for the Woman's Board of Managers. Educational Exhibit in Their Hands. Board Will All Have Charge of a Series of Congresses on Various Scientific and Philanthropic Lines—Call for Mass Meeting.

One of the several very important matters in connection with the Transmississippi and International Exposition yet to be settled is the election of members of the Woman's Board of Managers.

It was not deemed advisable to have a distinct woman's building in connection with the exposition, and the Woman's board has been given charge of the educational exhibit, which is made a bureau of the Department of Exhibits.

The board will be composed of twenty-seven members, distributed as heretofore published in the Bee, and will be empowered to elect their own officers and adopt rules for the government of their actions.

The plan of organization in detail as adopted by the women and approved by the executive committee, giving the full scope of the work to be undertaken, is as follows: Section 1. That the women be given charge of the subdepartment of education in its various branches.

Section 2. That from each congressional district in the state two members of the Board of Managers shall be elected at a mass meeting of the women of Omaha; that the members be elected at a mass meeting to be held at the Omaha and South Omaha.

Section 3. That the advisory council be selected by the Board of Managers from names suggested by the different congressional districts and other educational organizations.

Section 4. That the powers of the said Board of Managers shall be complete for the purpose of organizing the Transmississippi and International Exposition, and to provide for its approval.

Section 5. That the secretary of the Board of Managers shall be elected by the Board of Managers from names suggested by the different congressional districts and other educational organizations.

Section 6. That the secretary of the Board of Managers shall be elected by the Board of Managers from names suggested by the different congressional districts and other educational organizations.

Section 7. That the secretary of the Board of Managers shall be elected by the Board of Managers from names suggested by the different congressional districts and other educational organizations.

Section 8. That the secretary of the Board of Managers shall be elected by the Board of Managers from names suggested by the different congressional districts and other educational organizations.

Section 9. That the secretary of the Board of Managers shall be elected by the Board of Managers from names suggested by the different congressional districts and other educational organizations.

Sarsaparilla Case. Any sarsaparilla is sarsaparilla. True. So any tea is tea. So any flour is flour. But grades differ. You want the best. It's so with sarsaparilla. There are grades. You want the best. If you understood sarsaparilla as well as you do tea and flour it would be easy to determine. But you don't. How should you? When you are going to buy a commodity whose value you don't know, you pick out an old established house to trade with, and trust their experience and reputation. Do so when buying sarsaparilla. Ayer's Sarsaparilla has been on the market fifty years. Your grandfather used Ayer's. It is a reputable medicine. There are many sarsaparillas, but only one Ayer's. IT CURES.
