Police Case Against Alleged Park Burglars Falls Through.

CHILD'S CONFESSION IS THROWN OUT

Justice Burke Declines to Admit the Story and the Father Easily Shows His Innocence of the Crime.

The prosecution of John Wesley Dungan and his two sons, aged 8 and 15 years, on the charge of being implicated in the Faircount park burglary, came to a sudden termination yesterday. All were arraigned in Justice Burke's court and all but the testimony tending to connect the two elder Dungans with the crime, and repeated the confession made by the little boy. The child was put on the stand by the defense and told a rather sensational story of the means used to extort his confession. He declared that "the sheriff" took him into a little room by himself and told him unless he told all about his father's connection with the crime he would "cut off his head or send him to the reform school." Chief of Police Canning and other officers who of Police Canning and other officers who were present when the boy told his story contradicted this evidence. The court ruled that the evidence contained in the child's oufession of his father's guilt could not e admitted under the rules of Iowa practice or the statutes of the state, and he excluded all of it. Dungan then showed that at the time his boy had said he was engaged in stealing the park property he was really eight miles in the country husking corn on the Johnson farm. Upon this evi-dence the court discharged Dungan and his older boy, and Assistant County Attorney

Dodge Light Guards' Inspection. The Dodge Light Guards are highly cleased with the results of their inspection by Colonel Albert W. Swalm, commander of the Third regiment of the Iowa National Guard, who came out from Oskaloosa on Monday night for the purpose of making the nspection. The members were advised several months ago that the inspection would be held this winter, and they were also informed that only one day's notice was to be given them. The notification came Satur-day night and the young men had the ad-vantage of being able to mingle military tactics with their regular Sabbath devotions. When Colonel Swalm arrived at the armory Monday night be was saluted by a manly crowd of young soldiers, whose fine appearance and military bearing created the most favorable impression. Colonel Swalm is in specting all of the companies of his regi-ment for the purpose of ascertaining their condition before the next regular state in spection which occurs some time in March. The Light Guards make the tenth company Colonel Swalm has so far inspected, and he frankly admitted to the young men at the conclusion of the inspection that their company ranked first. This compliment is keenly appreciated for the reason that last fall the edict had practically gone forth from the adjutant general's office in Des Moines that the commission of the company was to be taken away and given to another ambitious company that had been organized

and has been a continuous resident of Council Bluffs for nearly forty years. He leaves a wife and three sons and one daughter, Mrs. Albert Adams. The funeral arrangements have been deferred until after the arrival of one of the sons from Denver.

Public Library Affairs. At the regular monthly meeting of the directors of the public library held yesterday afternoon, the condition of the library was shown to be excellent. President D. C. Tostevin, Robrer, Hewitt and Troutman were present. The report of the librarian showed he average attendance of visitors and the number of book takers to be larger tha for the corresponding time last year. The report indicated that there had been ex-cellent supervision of the books and that the losses by careless handling or neglect to return had been reduced to a minimum. The report also showed that a greater numer of adult citizens were taking advantage of the opportunities afforded to obtain the use of high class literature without charge. The regular monthly bills were audited and allowed, and the librarian's report was

placed on file. Some time ago two pictures pa nted by L. A. Simons, one of the old citizens and an artist of considerable merit, were precil Bluffs in 1847 and in 1849, and are pronounced to be excellent works of art by the critics, and to be faithful representa-tions of the old Mormon town by citizens who were here when Simons, then a very young man, sketched them. The pleture have been hanging on the walls of the public library without frames and yesterday the ors ordered them to be framed a substantial manner and given a more con-

picuous place on the walls. After some discussion the board adopted resolution changing the hour of the teru lar monthly meeting from 4 o'clock to 7:30

The arrual report of the librarian is being prepared, and will be submitted at the next monthly meeting. It will be very full and will show the increased extent of the appreciation of the people of the city of the splen-did library that is maintained for their use.

Looking After the Campers. Several police officers have been engaged for the last two days in making inspections of the many nordescript camps located on the Union Driving park grounds. There are all kinds of outfits living there temporarily, including bands of gypsies housed in tents, wicklups and covered wagons, and itinerant peddlers of all descriptions. Information had been conveyed to the police that a band of professional chicken thieves were making the park their headquarters there, and these complaints were the cause of the inquiries. Three distinct outfits of itinerant chicken merchants were encountered, but the most careful inspection failed to show that they had any property in their possession that they could not account for. The officers describe the park as somewhat resembling the carly days of Chicago's Midway. Almost every tongue heard on the plaisance, includng the original American Indian's, can be

heard among the park's temporary denizens. The officers report the people to be peaceable and apparently contented and happy. The genuine Domestic soap wrappers and red. Beware of the cheap grade of Domestic put up in yellow wrappers.

Bonde the court refused to permit it until the case was further investigated. Constable Alberti went over to the island during the day with warrants for the arrest of the two men. He found both of them, but when he placed Danner under arrest Nelson walked across the street into Nebraska and was out of reach of the Iowa officer and his warrant. Danner was brought to this city and ar-raigned yesterday afternoon. He was not ready for trial and asked for a continuance. He put up a satisfactory bond and the case was set for hearing on the 12th inst. The officer returned to the island last evening in the hope of being able to induce Nelson to consent to come within the jurisdiction of the Iowa law without the formality of ar appeal to the Nebraska authorities and a re-quisition. Danner claims that they will be able to show that Bonde was crazy drunk at the time of the alleged assault and that no real offense was given him.

Completely Covered, and Between the Fingers Skin Perfectly Raw.

Husband Had to Dress and Undress Her Like a Baby. Physicians' Medicines Drove Her Almost Crazy.

Hears of CUTICURA. Husband Goes Twenty Miles for It.

First Application Gives Perfect Ease in Five Minutes, and a Night's Sound Sleep.

My hands were completely covered with Eczema, and between my fingers the skin was perfectly raw. I had to sit with both hands held up, and away from the fire. My husband had to dress and undress me like a baby. I tried the best physicians, but their medicines gave me no relief, and drove me almost crazy. was advised to try Cuticuma Remedies, and did so, although my husband had to go and did so, although my husband had to go twenty miles to get them. As soon as he got back, I used the CUTICURA (ointment), and fice minutes after the first application I was perfectly easy, and slept soundly all that night. Before I commenced using CUTICURA RESEDUES I could get no ease night or day. I could not bear to get warm, it would put me in a rage of itching. I always keep CUTICURA REMEDIES is my house now, and recommend them to everybody, because of their wonderful effect. Yours gratefully.

LESSONS IN NEWSPAPER MAKING.

How many pounds make a ton? 2,000 pounds.

You would not take 1800, or 1700, or 1600 pounds for a ton if you knew it, would you? Of course notwell, then-

Look at this

object lesson-taking eight pages (the average daily is sue) of four newspapers, as a basis:

The Omaha Bee Columns are 21 7-8 in. long. Columns are 21 3-8 in. long. World Herald Columns are 21 1-8 in, long. Lincoln Journal Sioux City Journal Columns are 19 5-8 in. long.

the others only 13 ems wide. This short weight doesn't seem much, but in each 8-page paper we have this result—

Each line of The Bee is 13½ ems wide. Each line of

The Omaha Bee prints 292,010 ems or 697 inches, 272,016 ems or 622 inches. World Herald prints 269,624 ems or 616 inches. Lincoln Journal prints Sieux City Journal prints 250,572 ems or 572 inches.

Don't you see THE BEE gives you 75 inches more space, or 31 colums, nearly one-half a page more than the World Herald; 81 inches, nearly 4 columns, more than the Lincoln Journal; 125 inches, or about 6 columns, more than the Sioux City Journal? In one week this amounts to more than four pages of the World Herald, and with The Bee's Saturday supplement, eight pages or a whole paper. That's equivalent to eight Bees to seven World Heralds each week. or nine pages more than the Lincoln Journal, or eleven and one-half more than the Sioux City Journaleach week.

This is only the quantity of the news-we'll have lessons on quality later.

DO YOU READ THE OMAHA BEE?
