

SCHUYLER'S CHICORY MILL

Enterprise Gets a Good Sendoff at the Farmers' Mass Meeting.

PROPOSES A SEVENTY-FIVE TON PLANT

Debate Among Men Who Have Had Experience with the Root Has an Early Practical Result.

SCHUYLER, Neb., Feb. 14.—(Special.)—The mass meeting at the court house Saturday afternoon to consider the matter of incorporating a chicory company was surprisingly well attended, more than 150 being present, and the matter being thoroughly discussed and particularly explained by those who have had practical experience in the cultivation of the product. W. A. Hague of Butler county, just across the river from here, who is especially interested in the location of a factory at this point, because of its nearness to the river, was the first to speak.

Although the attendance was large, there was a decided indifference manifest when a desire for a knowledge of how many would subscribe for stock was expressed. The sentiment that farmers are slow to perceive what is of unquestionable mutual benefit showing itself to be well founded. About fifty by rising vote expressed a desire to have the chicory mill the association consummated; twenty-five expressed that they would take stock, paying for same in cash or in chicory roots or beets, having their expressions mainly upon the supposition that shares would be \$100 each, payable five per cent down and \$1 per month subsequently.

Those who spoke in the interest of the industry were: O. Nelson, F. J. Everett, W. J. Allen, C. P. Brown and J. P. McCullough. A committee of seven, consisting of J. P. McCullough, O. Nelson, W. W. Barnes, Sam Green, John C. Van Housen, J. S. Johnson and F. J. Everett, was appointed to solicit subscriptions for stock and draft articles of incorporation, which will be ready for adoption, and will report its doings at a mass meeting to be held Saturday, February 20, at Pence's hall.

It begins to look much as though Schuyler will have a seventy-five ton per day chicory factory in operation before the close of 1907.

OUT OF CONCERT WITH GREENE.

Center County People Disgusted with the Judicial Congressman.

BROKEN BOW, Neb., Feb. 14.—(Special.)—Judge Greene failed to put in an appearance yesterday to hold an adjourned term of court. Several of the lawyers, as well as some of the litigants, are feeling sore over his failure to come.

The second adjournment has failed, some of the cases that were tried before him, and which he was to decide at this term will in the event of his resignation have to be tried over. Some of his partisans here are very bitter against him on account of the manner in which he got on here, when he was holding court, and since he has failed to come back and finish up the work he began they declare they will never support him for mayor again.

The leaders are awaiting anxiously for his resignation to be accepted. They are a unit here for Sullivan to be appointed his successor. Those with his induction should receive the appointment they declare vengeance against the powers that be.

As Judge Greene has set February 16 for convening court at Lepp City it will require a quick work upon the part of the governor if he succeeds in appointing Judge Greene's successor in time for him to convene court on the 16th. It is currently reported that his resignation has gone in with the request that it take effect Monday, February 16.

The republicans have decided to put a city ticket in the field this spring. A primary has been called for March 1 to nominate a city clerk.

There are a number of applicants for the Broken Bow postoffice who are anxiously waiting for the time to roll around when their applications will have to be considered by Senator Thurston. The candidates are: L. H. Jewett, former cashier of the First National bank; E. H. Hovey, ex-deputy land commissioner under C. R. Russell; F. H. Young, superintendent of the city water works; D. M. Ambery, editor of the Republican; George Taylor, ex-keeper, and R. E. Glois, dry goods clerk. There may be others. Each of the candidates has some following and it very uncertain who will be the lucky candidate.

A very large percentage of the people of this locality are in favor of a liberal appropriation for the time to roll around when their applications will have to be considered by Senator Thurston. They feel that unless our own legislature makes a liberal appropriation other than the one expected to do much. It is generally believed that successful legislation will result in good for the whole state.

Looked Upon as Politic.

FAIRMAM, Neb., Feb. 14.—(Special.)—The effort to induce the leading populists here to sign a petition to the legislature to pass an appropriation bill for the exposition is being strongly resisted by the leading populists in this community. The only reason given was that the populist party had no money to give in support of the bill, then this matter of an appropriation would be raked up and hung at them. It would seem that the populists regard it as a political question instead of an insalubrious benefit to the entire transmississippi district, which, in reality, it is and will be.
