Morgan, Sherman and Vice President Stevenson Have a Tilt.

WASHINGTON, Feb. 15 .- The senate was In executive session most of today, but the open session afforded sufficient time for a sharp controversy over proceeding with Mr. Morgan's resolution to abrogate the Clayton-Bulwer treaty. Mr. Sherman interposed numerous points of order against Mr. Morgan, and when the chair sustained them, the Alabama senator referred to his being "victimized" by the presiding officer and Mr. Sherman, Mr. Stevenson retorted sharply that there was no disposition to "victimize" the Alabama senator. On a vote, Mr. Morgan carried his point and the Clayton-Bulwer resolution was taken up. As it questions of executive business, the senate went into executive session. At 4 o'clock the open session was resumed and some progress was made on the bankruptcy bill.

When Mr. Morgan called up his resolution for the abrogation of the Clayton-Bulwer treaty, the senator started to proceed with a speech. There were objections. Mr. Cul-lom, republican of Illinois, wanted to go on with an appropriation bill. Mr. Chandler desired to speak on his resolution as to bimetallism. There was sharp sparring for precedence until Mr. Sherman, republican of Ohio, interposed a point of order against Mr. Morgan, on the ground that his resolution being of a joint character could not be considered in the morning hour. This pre cipitated an unexpected storm. The presid ing officer, Mr. Stevenson, being in the chair referred to the rules and promptly sustaine erman's point of order

change in any one." For billousness, constipation, palpitation of the heart, sick and billous headaches, sour stomach, foul breath, heart-burn and flatulence, there is no certain and positive cure except Doctor Pierce's Pieasant Pellets. They are tiny, sugar-coated granules, forty of which are contained in a little two-inch vial. Druggists sell them--twenty-five zents. It is dangerous to accept a substitute.

Jacob R. Hardin and others, (opinion by Justice Brewer), the court sustained the con-Inited States Consul Monaghan at Chemnitz ention of the state of Nebraska in regard in the court of a report to the State departis the validity of the state land grant as is any the burlington Railroad company. nent upon the struggle for supremacy of Justice Brewer also read the opinion of the court in the cases of the United States against the Winona & St. Peter Railroad comthe German weavers. He says that seeking the reason for the loss to England of American and other markets for textiles the Ger-man manufacturers believe they have found pany and the Winona & St. Peter Lind com-pany, the United States against the Union Pacific and the United States against the t in the fact that in England a mill hand tends two looms, while in Germany he tends but one. Hence the word has gone out that at Paul & Sioux City Railroad company, nvolving the validity of the land grants of the English practice is to prevail in Ger-many. The mill hands are in despair. In vain they have urged that the heavy extra tese companies. The decisions in the cour elow had all been in favor of the companies and the supreme court affirmed them all in work will break them down physically at 40 years of age, that their eyes will wear out and that half of their number will be one opinion. The court in another opinion, involving the Winona company, held the pre-emption claims filed anterior to the comthrown out of employment without knowing another way to earn a livelihood. The new any's claims were valid. The question involved in all the railroad order will go into effect. THREE FRIENDS IN SUPREME COURT

Argument Made on Motion to Bring the Case Up for Hearing, WASHINGTON, Feb. 15.-The United

States supreme court today heard arguments in the case of the United States against the steamer Three Friends on the motion of the He was sentenced to two years' imprison-ment by the court below, which sentence the the circuit court of appeals for the fifth cirattorney general for a writ of certiorari to cuit to bring the case to the supreme court, the steamer having been libeled for con-demnation on the charge of violation of the

neutrality laws controlling the relations be-tween the United States and Spain. Assist-ant Attorney General Whitney made the first argument for the government. He began by stating the question briefly, and then discussed at length the question of the nature of a recognition of beligerency. He ex-plained the effect of the act of 1817, in the ine of the words "colony, district or people." He said it was clear that the steamer had been equipped to be employed against the Spanish authorities by the Cuban insurgents. He read extracts from the presi-dent's last message to show that sufficient

recognition of the Cuban belligerents had been given by the executive to justify the courts in giving them their attention. The

the contrary. The only question he said the question of a vote on the resolutiona, was whether the statute was applicable for the reason that the belligerency of the Cubans for one week, which was taken to be the reason that the belligerency of the Cubans had not been formally recognized. It was true in the technical meaning of interna-tional law that the Cubans had not been recognized as belligerents, but even if this was the case, there were other statutes con-cerning piracy and enlisting men for hos-tilities against a friendly power which were applicable. As a matter of fact, there was nothing in the statutes to require a recogni-tion of New York stath he committee adjourned wore against it and the committee adjourned

Omaha Colored Citizens Want to Make an Exhibit at Nashville.

The commission of representative colored men appointed by the mayor to secure sultable exhibits to represent the Nebraska Afro-Americans at the Tennessee centennial to be held at Nashville during the coming summer has been holding meetings in the office of G. F. Franklin, inspector of weights and measures, in the city hall. The commis-sion held a meeting yesterday afternoon to

receive reports from committees appointed to canvass this entire section for exhibits by colored men and women. These committees reported satisfactory progress in the matter of securing these exhibits, but the commis sion is embarrassed by the prospect of not being able to secure the money necessary to send these exhibits to Nashville and see that

they are properly installed. The commission consists of Rev. J. C. C. Owens, chairman; T. P. Mahamitt, secretary; Georgo E. Collins, treasurer; G. F. Franklin, M. O. Ricketts, J. W. Long and John Wright.
