FRESH ATTACK OF ECONOMY

School Board Has Decided to Retrench Vigorously and Promptly. WILL FURTHER REDUCE THE REPAIR GANG.

Five Men to Be Laid Off, the Superintendent of Buildings to Select Them—Cheaper Text Books Wanted.

The regular meeting of the Board of Education last night was largely of a routine character, the only arduous task being brought out by the question of a further reduction in the repair gang.

The applications of Rowena Morse, J. W. Moulding and Antoinette Latsen for positions as teachers in the High school were referred. Similar action was taken on applications of Nellie Noble, Elizabeth Larimer, Agnes J. Mitchell, Anna Fittie and Rose E. Collins for grade positions.

A request from the department of household economics of the Women's club for permission to form classes in domestic science in the High school was referred for consideration.

Lulu B. Wearne was granted a leave of absence until April 5, on account of illness.

A communication from President James B. Angell of the University of Michigan set forth that the terms for which Omaha High school students were to be received at the university on diploma had expired.

The board decided to continue the "diploma relation" until the next meeting of the university for the purpose of inspecting the work of the school was necessary. It was explained that this meant an expense for transportation and hotel bills, and the matter was referred to the High school committee.

TEXT BOOK ECONOMY. The text book question came up again in a report from that committee. This was to the effect that some of the books now in use had not been revised for two or four years.

Others were being purchased at prices that were now exorbitant. The committee was given authority to revise the course and most capable men on the force and superintendent of schools and to obtain prices from various publishing houses.

A resolution by Davidson extended an invitation to the International Kindergarten union to hold its 1898 convention in Omaha. It was unanimously adopted. The convention will be held in St. Louis this year and a. Orfield Shields Chittenden is the delegate from Omaha.

Dennis offered a resolution by which the superintendent of buildings was directed to employ H. C. Johnson of Chicago as the repair gang. Anderson thought that the superintendent should select the men who were to do the work.

It was simply a question of turning some one out to let some one else in. The same program had been repeated every time a new board of directors had been elected.

He declared that the idea of putting new men on was not considered. There were simply more men needed and the resolution was a plain business proposition.

The subsequent discussion brought out the fact that the two men named were the oldest and most capable men on the force and several members objected to their removal on that ground.

An amendment by Johnson directed the superintendent to put all his men on half time.

Van Gilder declared that five men could be dismissed without loss of efficiency and made a vigorous plea for what he contended was the only economy that could be effected without injury to the schools.

Johnson's amendment was defeated and Anderson's amendment, by which the selection of the two men was left to the superintendent, was adopted.

MAY HAVE A PAGE. A resolution by Gratton, authorizing the employment of a page at \$1 a night, was referred. A substitute by Davidson, which provided that the work be done by the page should be done by the janitor of the board rooms, was lost.

Ayes—Anderson, Davidson, Johnson, Jordan, Rhoads, Van Gilder, Gratton, Hess, Irey, Moore, Penfold, Sears, Van Gilder, President Edwards—10.

A resolution was adopted complimenting Secretary Gillan on the makeup of his annual report.

Johnson's resolution directing the superintendent of buildings to give preference to the seven men recently discharged, when new men were required, was laid on the table.

Another resolution by which the salary of the superintendent of buildings was reduced to \$1,500 a year, was referred to the committee on rules.

Articles of incorporation have been filed with the county clerk by the Longevity Fire company of "Shorty" Groves, Fifteenth and Davenport streets, some weeks ago. The stolen clothing was found in the batch that was recovered about a week ago by hours.

Jim Hogan, alias Logan, is under arrest on suspicion of having stripped the clothing on the premises of "Shorty" Groves, Fifteenth and Davenport streets, some weeks ago. The stolen clothing was found in the batch that was recovered about a week ago by hours.

Frank Devine is in jail on the charge of vagrancy. He was bound over last summer to the district court on the charge of burglary, but escaped with a sentence for petty larceny. Some six years ago he was sentenced to the penitentiary for burglary and was pursued by Andy Haze of the mounted police. Devine took a shot at the officer and hit his horse. He escaped and left the city, remaining away for some years.

DENTAL COLLEGE INVESTIGATED

Committee from Outside Colleges in the City for that Purpose. Dr. T. Menges of Chicago, secretary and manager of the Northwestern dental college, Dr. D. J. McMillan of the Western Dental college of Kansas City and Dr. W. T. McLean of the Cincinnati College of Dental Surgery form a committee which was appointed by the Association of Dental Faculties of the United States to investigate the dental department of the University of Omaha.

Upon this investigation depends the admission of the faculty of the dental department into the Association of Dental Faculties.

The committee made a thorough investigation of the dental college yesterday, and the members said they were more than satisfied with the condition which they found the institution. Every rule of the Association of Faculties has been observed, and the work of the institution was pronounced first class in every particular.

The faculty of the college is highly rated as the result of the visit and anticipation being entered into the association without trouble. The committee does not make its report till the next meeting of the association in August of this year, and till that time there will be no official announcement of its findings.

The college received a favorable report from the department of household economics of the Women's club for permission to form classes in domestic science in the High school was referred for consideration.

Lulu B. Wearne was granted a leave of absence until April 5, on account of illness.

A communication from President James B. Angell of the University of Michigan set forth that the terms for which Omaha High school students were to be received at the university on diploma had expired.

The board decided to continue the "diploma relation" until the next meeting of the university for the purpose of inspecting the work of the school was necessary.
