only fifty-one vote be required to advance bills on general file or order them to third reading. This was accepted by Yeiser.

Jenkins in speaking on the appeal charged that a compact had been entered into by fifty-five members to override the decision of the chair and to vote on the bill.

Soderman denied the charge. The members had signed an agreement to support the original motion by Yeiser to change the rule.

Roberts said the motion to change the rules was a scheme to slip through vicious bills during the closing days of the session.

The decision of the chair was sustained by a vote of 63 to 17.

Standing committee reported a large number of bills to the general file, and others for indefinite postponement. The same committee reported the following bills with the recommendation that they be engrossed for third reading:

Senate file No. 18, to allow pupils to attend school in a nearer district.

Senate file No. 19, for the protection of fish.

Senate file No. 20, to provide for uniform vouchers.

Senate file No. 21, to set apart a quarter section of land for the use of the Lincoln asylum.

On motion of Uerling of Adams house rolls No. 224 and 18, to provide for the building of additional roads to connect the town of Adams with the Lincoln asylum.

House roll No. 42, relating to irrigation, was ordered to third reading by a two-thirds vote.

Esger moved that when this house take a recess this afternoon it be until 7:30 o'clock this evening, and it was so ordered by a majority vote.

House rolls 41 and 448 were also voted upon, but failed to be advanced.

Smith of Douglas moved to advance house roll No. 573, authorizing Douglas county to vote bonds to the extent of \$100,000, but the motion failed to carry.

Burkett moved to advance house roll No. 32, allowing state certificates to be issued to the University of Nebraska which they have completed the course as prescribed for the State Normal, but it was voted down, as were several other similar motions.

A few senate files were given first and second reading.

Bills on third reading were taken up and placed on passage.

Senate file No. 198, Beal's deficiency judgment bill, which was passed over yesterday on account of house amendments not being printed, was read and after a call of the house was passed by a vote of 58 to 24.

Section 1. That sections numbered 847 and 849 of the Code of Civil Procedure of the State of Nebraska be and the same are hereby repealed.

visory board. These women shall be paid only necessary traveling expenses in visiting the home. The advisory board is required to inspect and inquire into the conduct of the home, but the institution shall remain entirely under the control of the Board of Public Lands and Buildings. The governor is empowered to appoint a superintendent, matron, physician, teacher, engineer and farmer, and such other officers as may be found necessary.

Mr. Murphy opposed the bill in a brief argument. He showed how the institution at Milford had been effectively managed by the associated Charities of that city. He believed that the only purpose of the bill was to place the institution in the hands of a political board, the appointments to be made as the result of party politics.

Mr. Felz denied that politics played any part in the effort to pass the bill. He quoted figures to show that the institution was the most expensive in the state. It cost the state about \$400 per capita to maintain the inmates of the Milford institution.

At the conclusion of the debate Mr. Ransom moved that the bill be referred to the committee on the subject of the Milford institution, and the senate, at 7 o'clock, adjourned.

Civilized people pity the heathen who through thimble and dice, and the wheels of the juggernaut, get themselves just as needlessly to the jaws of the infernal machine. They grow thin and pale and emaciated, and get no nourishment from their food. If this goes on longer, it will crush over them and crush the life out of them as surely as if they had been crushed by a mill.

Something can and ought to be done. There is no need of any such sacrifice. Doctor Pierce's Golden Medical Discovery will stop it. It makes fresh, pure, rich blood. It brings back appetite and nerve force and good healthy flesh. No matter how far gone people seem to be, if there is anything left to build on, the Golden Medical Discovery will build them up again.

In consumption it cures people after the doctor has despaired. It breaks up the lungs, stops the wasting of tissue, and it gives more nourishment than any malt extract or cod liver emulsion that ever was thought of.

Miss Mary Whitman, of East Dickinson, Frank Co., N. Y., writes: "For nearly ten months I had a bad cough and instead of getting better it grew worse, until I was advised by a friend to try Dr. Pierce's Golden Medical Discovery. I hesitated, but I had heard so much of its wonderful relief, and I was anxious to try it. I bought a bottle and after a few days' use I felt better. I had taken very many doctors, and was a great deal of money, but I had not a single improvement. I bought a bottle of Dr. Pierce's Golden Medical Discovery, and after a few days' use I felt better.
