CONSIDERING

Executive Committee of the Exposition Studies the Arrangement of Grounds.

ARCHITECTS SUBMIT THEIR DRAWINGS Exposition City is Elaborated on

Paper and Makes a Pleasing Showing\_Further Consideration Will Be Had Today.

The arrangement of the main buildings of ral plan of the grounds formed the subject of discussion at a special meeting of the xecutive committee held at exposition headquarters in the Paxton block last night.

President Wattles, Chairman Lindsey and Mesars. Rosewater, Bruce and Hitchcock of the executive committee, together with Architects Walker and Kimball, Landscape Architect Ulrich and Superintendent of Construction Dion Geraldine, were present. Messrs. Walker and Kimball submitted the general plans they had prepared, showing the grouping of the main buildings and the arrangement of the exposition grounds. These plans were discussed at great length by all present, and it was finally decided that the whole party would meet on the grounds at 3 o'clock this afternoon and consider the arrangement of the grounds fully before passing upon the

The plan suggested by Messrs. Walker and Kimball contemplates massing the main por-tion of the exposition on the portion of the grounds known as the "Kountze tract," being that portion bounded on the south by Pink-ney street and on the north by Pratt street, and extending from Sixteenth to Twenty-fourth street. On this tract they propose to locate the main buildings, grouping them about a lake extending through the center of the tract.

TRANSMISSISSIPPI ARCH. The main entrance to the exposition is placed by them at Twentieth street on the south line of the grounds. This entrance s intended to be an imposing piece of architecture, being in the form of a triumphal arch. A preliminary sketch showed an arch extending entirely across Twentieth street, to be designated as "The Transmississippi Arch." This will be ninety feet in height to the extreme top, and seventy-five feet to the cornice. The striking feature of this entrance will be the decoration of the frieze and from this the arch takes its name. This frieze will be finished in Moorish design, with numerous small arches, in each of which will be placed the official seal of one of the transmississippi states or territories, this portion of the work being done in colors.

giving the whole a most striking appearance. Above the cornice is a large seal of the United States, the seal and the arch being surmounted by the eagle grasping the arrows and clive branch. Passing beneath this artistic and imposing ntrance, the visitor will find himself conflecting from its crystal surface the beautiful forms of the magnificent buildings grouped along its banks. Across the water the eyes of the visitor will rest upon the Administration building, constructed in the form of a towering archway with pleasing architectural effects combined with utility as an office building. The entrance arch and the administration arch epan the main boulevard leading to the section of the grounds

lying to the north. · LOCATION OF BUILDINGS. Stretching away to the left of the visitor, who stands facing to the north, will be seen, on the south bank of the lake, the auditonorth the Rederal Government building in charge of the World's fair Mr. on the south bank of the lake, the auditorium with the Federal Government building standing in stately magnificence at the extreme western end of the grounds, facing the east. At the east of the entrance arch, on the south side of the lake, will be seen the Art building and the Manufactures building. On the north side of the lake the Agricultural building will be at the west side of the administration arch, while the Mines and Mines and Mines and Mines are worker and a sever taskmaster. Persons who knew him at the World's fair say he frequently worked seventy two hours at a frequently worked seventy. be at the east of the center. Occupying the center of this tract of ground will be a series of small lakes, vary-

ng in width from 150 to 450 feet, spanned at convenient intervals by ornamental The main buildings in this portion of the grounds will be connected by covered passageways, constructed in ornamental designs, and intended to afford protection from the rays of the sun during the summer months. The buildings themselves will be from 400 to 500 feet in length and from 150 to 250 feet in width.

At the eastern end of this portion of the grounds the visitor will find a grand stairase forming a magnificent architectural fin-sh to the ensemble of the picture and giving entrance to a handsome viaduct spanning Sherman avenue. Crossing this viaduct the visitor will find himself in a beautiful park stretching away to the south, with the Horticultural building, the Apiary building, the

is far ahead of any blood remedy on the market, for it does so much more. Besides removing impurities, and toning up the run-down system, it cures any blood disease, it matters not how deep-seated or obstinate, which other so-called blood remedies fail to reach. It is a real blood remedy for real blood diseases.

Mr. Asa Smith, of Greencastle, Ind., writes: "I hadsuch a bad case of Sciatic Rheumatism that I became absolutely helpless—unable to take my food or handle myself in any way. I took many patent medicines, but they did not reach my trouble One dozen bottles of S. S. S. cured me sound and well, and I now weigh 170."

That section of the grounds lying north and west of the old fair grounds will be de-

voted to the agricultural and live stock sections of the exposition. Here will be located the horses, cattle, sheep, hogs, poul-try, etc., and the irrigation exhibits, including exhibits of various methods of irri-gation, growing crops under irrigation, etc. The section devoted to sports will also be located in this portion of the grounds, and the base ball cranks will have a field all to themselves, while grounds will be prepared for bicycle races, football and other sports. The question of the locating of entrances for railway passengers and other details

in favor of using home products so far as possible in beautifying the exposition grounds, and with that end in view he will recommend the use of indigenous trees almost entirely. He says that with the exposition purchasing seed potatoes for the purpose of supplying applicants for extractions. ception of a few evergreens and other special varieties, the trees growing in this vicinity can be used entirely in improving the grounds. He also advocates the free use of Three applications for employment as care laker of the court house grounds are respondent. water as a cheap means of beautifying the exposition grounds.

Mr. Ulrich is a German by birth, being a

native of Weimar, and is 57 years of age. He was educated at Potsdam, near Berlin. and graduated with high honors in natural science, landscape art and horticulture, having early shown decided talent for landscape art and gardening. He also gradu-ated from the Poncological institute of Gendbrugge, Belgium. His work in landscape gardening in Europe attracted the attention of Henry Probasco of Cincinnati, who induced Mr. Uirich to come to America to take charge of Mr. Probasco's private grounds. He has since remained in this country, doing extensive work in all parts of the country, which has made his name one of the fronted by a most impressive arrangement of architectural effect calculated to make upon the mind, at the outest, a most favorable impression. Immediately in front of him, and stretching away on either hand, will be an expanse of sparkling water results of the property of the late ex-Governor Stanford of California, and the private grounds of other wealthy Californians which Stanford of California, and the private grounds of other wealthy Californians which are noted for their beauty and artistic effect are his work, and he has also been in charge of the work of beautifying many of the public grounds of California and

During the World's fair Mr. Ulrich was superintendent of the landscape department of the exposition and designed many of the most attractive landscape features. He also had charge of the roadways and miscel-laneous departments of the exposition and was highly complimented by the manage-ment for his practical administration of the

ministration arch, while the Mines and Min- frequently worked seventy-two hours at a ing building and the Electricity building will stretch and exhausted all of his assistants. RECEIVER THOMAS MAKES REPORT.

> Midland State Bank. Receiver J. W. Thomas of the Midland State bank has filed a report with the cierk of the district court, showing the bank assets remaining in his hands. This report contains a list of the notes in the hands of the receiver, showing the makers, endorsers if any, amount of each note, date and when due. There are 162 of these notes, ranging in amounts from \$5 to \$19,000. On a very

few, small amounts have been paid, but the large majority are long past due and nothing has wholly been paid. Among this list are four notes made by F. B. Johnson, an officer of the bank, for amounts aggregating \$12,650. not secured and are not endorsed by any Four notes by C. A. Sharp, another of the bank, aggregate \$9,879, on which nothing has been paid and for which there is no security. W. G. Templeton, another officer of the bank, has a note for

\$2,500 on the list and with no security. Of the entire list of 162 notes but seven of the smaller ones are secured by mortgages on real estate. Judgments have been recovered on ten of the notes not secured The greater part of the by mortgages. remaining notes appear to be of small value, many of them being signed by persons against whom a judgment could not be col-The amounts of the notes are not

The receiver reports that he has a quarter section of land in Antelope county, Nebraska, valued at \$3,000, and several par-cels of land in Pennington county, South Dakota, valued at \$8,549.26. Some One Took His Money. Robert Wymore of Pawnee City came to town Monday night with considerable money. After making some purchases, he money. After making some purchases, he found that he had \$15 left. He then visited the tenderloin district. As he started in at Ninth and Capitol avenue he was accosted by a negro woman. She supplied him with a bottle of beer, which, greatly to his surprise, cost him \$1. He then started to leave that part of the city and discovered that the entire amount of money he had formerly possessed had departed. He told the police about it and they arrested Daisy Williams on a charge of larceny from the person. Wymore was locked up as the complaining witness.

Work Upon the Florence Bicycle Path

The Board of County Commissioners held a brief session yesterday and disposed of a small amount of routine business, County Treasurer Heimrod notified the board that he had applied to the receivers of

the German Savings bank for the 5 per cent dividend on two certificates of deposit held by the treasurer. He stated that the receiver refused to pay the dividend on these certificates for the reason that the commissioners have not acted on two communica-tions sent to the board by the receiver. The communication of the treasurer was referred to the finance committee. The matter referred to by the receiver, as

a basis for his refusal to pay the county the 5 per cent dividend paid other depositors, is proposition that the commissioners shall tions of the receiver, but has taken the tion that each matter should be settled in-dependently of the other.

The county clerk was given authority to employ one additional clerk for two months to work on the tax books. County Surveyor King submitted the plans for the bleyele path on Thirtieth street, from old Fort Omaha to Florence, which had been agreed upon by himself and the city engineer. The plan was approved by the board and Mr. Hoctor, chairman of the road committee, said he would have one of the road as soon as the ground is in precess concrete.

road as soon as the ground is in proper con-The plan referred to provides for an eight-The question of the locating of entrating of the following for railway passengers and other details will be discussed more fully when the committee meets at the grounds today.

MR. ULRICH'S PLANS.

Since his arrival in the city Tuesday morning Mr. Ulrich, the landscape architect, has been in consultation with Messrs. Walker and Kimball in order that the landscape features of the plan may be made to harmonize with the arrangement and architecture of the buildings. Mr. Ulrich expresses himself as being strongly in favor of using home products so far as

EMBARRASSES THE CITY'S CREDIT.

Bond Section of City Charter Lacks Emergency Clause. The news that the amendment to the new charter by which renewal bonds are exempted from the limitation passed the house without the emergency clause was received with some dissatisfaction by city officials. The one vote that was lacking to pass the emergency clause is likely to prove a costly one for the from four to six months before the city can take any measure to relieve the burden of the bonded obligations that are constantly maturing. The condition of the city funds is such that they will not stand the heavy drain necessary to take up the obligations from the regular funds, and the city officials are much embarrassed to invent a plan to save the credit of the city. All agree that it would be ruinous to allow the bonded obligations to default, but no one has sug-gested a satisfactory means of avoiding it. The only separent course is to arrange a lean from the local banks of the amount necessary to carry the city over until renewal bonds can be legally issued. Whether this will be done or not will have to be decided

PREPARING FOR FALL FESTIVITIES.

Knights of Ak-Sar-Ben Getting Ready to Initiate Candidates. One week from next Monday night the Knights of Ak-Sar-Ben will be ready to during the coming year. Beginning on that date, also, the Board of Governors of the knights will hold the regular weekly meetings on Monday night at the Den, instead of Wednesday noon at the Commercial club. The last meeting at the latter place will be held next Wednesday. These were matters decided upon at the meeting of the board yesterday. It was also determined to pursue a new plan for taking in members from outside points. Initiation nights will be set aside for the reception of candidates from the various towns hereabouts. There will be a South Omaha night, a Council Bluffs night, a Lincoln night, and so on.
A handsome poster for the coming fall festival was presented to the meeting design for a new badge was also offered. No action was taken on either.

It was practically determined to have •

new roof placed upon the Den.

The best of all Pills are Beecham's. Evening College Commencement. The commencement exercises of the Young Men's Christian Association Evenng college will be held in the association

ing college will be held in the association building tomorrow night from 8 to 10 o'clock. A musical program will be given by Miss Terry, Miss Towne and Mr. Shank. The work that has been done this winter will be briefly outlined by Educational Director Matthews, and an address will be delivered by Chancellor Ellinwood of the Wesleyan University of Nebraska. After these exercises an informal reception to the faculty and students will be held. Refreshments will be served and a good time enjoyed.

Admission will be by ticket. Those not members of the association can secure tickets from members of the educational classes or at the association office.

The educational department of the Young Men's Christian association is a big thing, there being over 25,000 students enrolled in the evening classes in the American associations.

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., Chief, says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for Coughs, Colds, Whooping Cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy anteed. It never fails to satisfy. Trial bot-

A very quiet wedding was solemnized yesterday at noon at the residence of H. G. Yule, 4219 Burdette street. The contracting parties are well known in Omaha social circles. They were Mr. Frank Barrett, a prominent merchant tailor, and Miss Jennie Yule. Though the date of the wedding was not announced to the inner circle of Mr. Barrett's or Miss Yule's friends, the event has long been anticipated. Rev. Mr. Kerr of Clifton Hill Presbyterian church performed the ceremony in the presence of the family and immediate friends of the happy couple. After partaking of a wedding repast. Mr. and Mrs. Barrett left for an extended eastern tour. They will visit relatives of the groom in Duniap, Ia., upon their return, and will then take up their residence in this city. G. Yule, 4219 Burdette street. The con-

Frank O. Mnaters, living near Sixteenth and Vinton streets, was arrested last night, together with Savanah Reed, for disturbing the peace. Savanah wanted to attend a ball given in South Omaha last night and Masters did not approve of it. The girl started to leave the house and Masters assaulted her with a board, striking her over the head a number of times with it.

Permits to wed have been issued to the following parties by the county judge: Peter P. Miller, Omaha..... Bessle Brodegaard, Omaha.....
