SIXTH WARD. The Sixth ward proved itself the banner ward as to number of votes cast, 1,086 being the footings on the poll book. M. D. Karr won out for councilman. The count was commenced late, and it is not known definitely how the delegation will stand on mayor. It is predicted by men in that ward that the delegation will be divided. SEVENTH WARD

The Seventh ward gave its delegation to C. L. Chaffee for mayor. The only contest was between Sam MacLeod and John Grant for delegate, and the former won out by two votes. D. T. Mount secured the vote for councilman.

EIGHTH WARD.

FRANKFORT, Ky., April 2 .- No quorum roted today, and the twenty-second ballot In the Eighth ward 650 votes were cast. developed only Hunter's strength, which The election board consumed a great deal of time in eating supper, and it was after 9 would have been within three votes of an election had the Blackburn people and the anti-Hunter republicans voted. The demo-crats and republican bolters feared that the o'clock when the counting of the ballots commenced. T. S. Crocker was the only candidate for councilman, so that no time was lost in counting his vote. The count progressed very slowly, and it was mid-on them when the joint assembly was called

but our spring pared until just recently. Councilman Caldwell was the instigator of the move to inspect the ice sold to consumers in this city and in the interest of this ordinance he sent lected now can-to Chicago for a copy of the regulations in use there. The section devoted to ice is as half-acre tract to revert to Mr. Kountze or

follows: All of the ice sold and delivered within the city of South Omaha for domestic use shall be pure and healthful and free from matter deleterious to health, and such ice, within the meaning of this ordinance, shall be ice which, upon chemical and bacteri-ological examination, shall be found to be free from nitrates, nitrites and pathogenic bacteria and to contain not more than 9-100 of one part of free ammonia and 9-100 of one part of albuminoid ammonia in 100.000 parts, and in respect to which the loss on ignition shall be less than one-half of the total solids.

All of the local dealers in ice, with the possible exception of one firm, are in favor of the ordinance, as are also quite a num-

ber of consumers of ice who have been spoken to about the matter. In connection with this ordinance, Councilman Caldwell has had his attention called to

man Caldwein has had his attention called to the ice which was cut on the pond at jetter's brewery last winter. This ice, it is claimed, is totally unfit for domestic use. Within a short distance of the pond is a busine the point of the po cometery, a cow pasture, slop houses, etc. Further, it is claimed that a great deal of yards, pig pens, cow pastures and the like which are to be found in the immediate vicinity. The pond is, it is claimed, nothing but a pool of stagnant water, which is not fit to drink at any time of the year, consequently the ice cut on such a place could not be fit to use for anything except cooling

purposes. It is the intention of the authorities to take samples are to be submitted to a chemical test, to determine the amount of decomposed matter, etc. A fine of \$50 will be imupon the person found selling ice which will not stand the test prescribed in the ordinance

Petition the Legislature. The members of the South Omaha bar

yesterday forwarded two petitions to Edson Rich, chairman of the judiciary committee relative to house roll No. 509, the superior court bill. One of the petitions was signed by the entire bar, with the exception of one

or two members. The other was signed by prominent citizens and taxpayers of this city. The object and purposes of the pe-titions are to urge speedy action on the part of the legislature looking to a speedy passage of the bill. Friends of the bill

claim that instead of being an expense to the city it would be a source of considerthe city it would be a source of consider-able revenue outside of all necessary ex-penses to maintain the court. They claim that the advance fee necessary to institute an action in the superior court would more than pay all of the expenses of the court, leaving all costs which follow the suits as a source of revenue to the city. Further-more, friends of the bill assert that one of

most intolerable evils of the present judicial system is the justice and police courts, and that injustice is done in more cases than justice. There is virtually no opposition to the bill among the attorneys

the police judge are inclined to enter a protest, but the friends of the bill say that the opposition of these people is not far reaching enough to do the bill any injury.

Officer Brown Released. Police Officer Brown has drawn his last

WILL WAIT UPON HERMAN ROUNTZE TEACHERS AT GRAND ISLAND He Will He Asked to Make His Dona tion Without Restrictions. G. W. Wattles, E. Rosewater, Z. 7

Lindsey and E. . Bruce, members of the Board of Exposition Managers, together with Architects" Wälker and Kimball, Superintendent of Construction Geraldine, and Landscape Architect Ulrich, met A. P. Tukey, Thomas Kilpatrick, Charles E. Bates, oity hall last evening, to discuss the ques-tion of the experition managers availing themselves of the offer of Herman Kountze to donate to them five and one-half acres in Kountze addition for exposition purposes.

Mr. Kountze's proposition is to donate to the city this five and a half-acre tract out of the forty acres to be used for exposition or the forty acres to be used for exposition purposes, provided the park commissioners build and permanently maintain thereon an art building. Should the board cease to maintain said art building this five and a his heirs.

The subject was exhaustively discussed in all its phases, without, however, develop-ing any feasible mode of procedure, and finally simmered down to the appointment of a committee, consisting of Messrs. Tukey and Kilpatrick of the park board, and President Wattles of the exposition committee, to wait upon Mr. Kountze this morning and ascer-tain whether the numerous restrictions attached to his proposition cannot be re-moved and the donation made outright. If this is accomplished a handsome auditorium or other suitable exposition building will be erected upon this special tract.

EXERCISES OF EVENING COLLEGE.

Close of a Very Successful Year Work and Attendance. The annual closing exercises of the Young Men's Christian association evening classes

attracted a large number of interested persons to the association building last night. The program proper, presided over by J. the wash from the barns close by goes into the pond, besides the natural wash from barn H. Adams, occurred in the auditorium, opening with a plano solo by Miss Jessie 'owne.

Educational Director B. H. Matthews followed with a brief outline of the year's work. He expressed himself as well satisfied with the results that could be shown at the end of the term, and told of several mportant and valuable additions to the curriculum for the coming season. Over 25,000 men were enrolled in the association's educational classes the past year, and of this number Mr. Matthews stated 256 were in the classes of the Omaha branch, scattered through nineteen classes and taught by sixteen instructors. The work of the drawing classes has been especially ommendable.

After an enjoyable bass solo by Edmund shank, Chancellor C. M. Ellinwood of the Nebraska Wesleyan university gave a very earnest and interesting address on "Prac-tical Education." Mrs. David Campbell of incoln contributed the final numbers of the program in two short contralto solos. A reception followed on the second floor and refreshments were served by a number of young ladies at daintily arranged tables in the parlor adjoining. During the reception delightful music added to the interest of the evening.

CENTRAL LABOR UNION MEETING.

Committee Reports an Unsatisfactory Conference with Retailers.

The Central Labor union held a short session last night in Labor temple. W. H. Bell was chairman, with E. E. Philbrick as secretary. E. A. "Willis of the Pressmen's union was installed as a member of the body, and the committee which attended the meeting of the Omina Retailers' association, held in the Commercial club rooms Wednesday night, reported ? The committee was headed by F. H. Kleffner. He stated that the delegation threw hot shot into the association from the laboring man's point of view, and that as their ideas did not coincide with those who are at present heading a crusade against the department stores, that he did not think the central body would be

asked to attend any meetings in the future. The report was filed.

Interesting Meetings of the Central Nebraska Association.

DISCUSSION OF EDUCATIONAL SUBJECTS

Judge Ellison of Indiana Lectures on "Kings and Queens," an Exaltation of True Americanism_List of Delegates Present.

GRAND ISLAND, Neb., April 2.-(Special.) -The annual meetings of the Central Nebraska Teachers' association were opened at the First Methodist church on Wednesday night. The house was well filled with visiting teachers and citizens of the city. Mr. Kelly of Ord presided over the meeting. After an invocation by Rev. Mr. Martin, the pupils of the Grand Island High school sang "The Puritan Fathers," and in the absence of Dr. Sutherland of the Baptist college delivered an address of welcome. He invited the delegates to visit the various educational institutions in the city before returning to their homes. Superintendent A. O. Thomas of the Minden schools responded in a very

pleasant way to the words of welcome. The program was then interspersed with a song

by Mrs. A. L. Sheetz, entitled "Winter," during the rendition of which Mayor Thomp-son entered. After the solo the mayor was called upon for a second address of welcome. The principal number of the evening's program was then announced-an address by Prof. Bessey of the State university on "Science in the Common Schools." He expanded upon the development of science the last fifty years; of its uses-lower and higher; the lower, the money; the higher, the ulture use; he also dwelt upon the manner of obtaining science in the common schools, and the best methods of teaching it. The adtress was listened to attentively. Yesterday morning the following program

lecture by Judge Ellison of Indiana, the lecture being upon "Kings and Queens; or the Earth's True Royalty." It was an oration of rare style and beauty. His audience was lifted to the highest pitch of enthusiasm by his exaltation of the American home A feature of the lecture was the speaker's nanner of interspersing humor into the address.

REPORTS ON THE TARIFF BILL. New York Chamber of Commerce Committee Hopes it Will Be Final. NEW YORK, April 2 .- At the monthly

meeting of the Chamber of Commerce the report of the committee on foreign commerce and the revenue laws submitted the following report, which was almost unanimously adopted:

"Your committee have not felt called upon to undertake a comparison of the changes proposed in the pending tariff bill, in view of its voluminous character. They doem it sufficient to call attention to the very material increase in many of the rates con-tained in the bill. These changes, together with other new features introduced by the farmers, will affect the entire business in-terests of the country to a very marked extent and call for the thoughtful considera-tion of this chamber. "It is the opinion of your committee that the business men of this country desire

nothing more earnestly than an extended period of rest and cossation from continued tariff agitation and tariff changes. They

realize the fact that the party in power is

direction of greater revenue and of higher direction of greater revenue and of higher protection. They demand, however, that whatever rates and system of taxation are adopted they shall be so reasonable and conservative and shall so commend them-

selves to the majority of the intelligent voters of the land that the tariff frankly may

be regarded as settled, and not provocative of an early reaction, rendering all business

conviction that the tariff bill now before the

provisions is excessive and likely to invite

ouse of representatives in many of its

eaction harmful to business and to the best

nterests of the country, and that it should

be carefully revised in the direction of a reduction of the rates of duty proposed, to the

end that a system of tariff taxation may be adopted that shall be reasonably permanent,

and that shall insure to the business inter-

immunity from early change.

"Resolved, That the Chamber of Com-nerce of the state of New York invites the

co-operation of the commercial and trade organizations of other cities throughout the

ountry in urging these views upon con-

mmitted to a change in the tariff in the

night when it was completed. The delegation is divided, five for Moores, two for Broaten and two for Chaffee. NINTH WARD.

The contest in the Ninth ward was very close and eight of the Broatch delegates were elected by a narrow majority. The voting was without incident, except the voting of upwards of 100 members of the street cleaning gang that were brought into the ward in wagons and voted for Broatch. The men were dumped at a neighboring saloon, where Andy Wiggins took them in tow and marched them in single file to the polls. There they swore in their votes, giving their addresses at ramote points of the ward. The contest between George Mercer and G. S. Benawa for the councilmanic preference was very close, but Mercer pulled out ahead with just seventy votes to spare. There were 646 votes cast for delegates and about 500 for council- on the traitors to the republican party who man.

ATTEMPT TO FIRE A COAL MINE.

Prompt Action Undoubtedly Saved the Lives of Many Miners.

HAZELTON, Pa., April 2 .- Incendiaries made an attempt last night to destroy the No. 3 mine, Lehigh and Wilkesbarre Coal company, near here, About 3 o'clock the men working on the lower level were alarmed by smoke coming down the airway. They hastened to the bottom of the slope and tried to climb up to investigate, but were iriven back. Foremen Williams and Leidle hastened toward the surface and a short distance from the top found the large double doors ablaze. By taking them from their hinges the men prevented the fire from ignit-ing the coal. A further investigation showed that oil had been sprinkled on the ground below the door and there were a number of burned matches. This is the mine in which esterday.

urned matches. This is the mine in which by illness. a fire was recently extinguished at a cost of over \$150,000. There were about fifty men in the mine at the time. John Benson.

MORE INCENDIARIES AT BEATRICE. Fire Discovered by Watchman Before

it Gained Headway.

BEATRICE, April 2 .- (Special Telegram.)-An attempt was made this morning to burn the building on Court street in which is located Deutsch Bros.' clothing and shoe The silver republicans elected the follow-ing delegates to their city convention to-day, the Second ward holding no primaries: First Ward-H. B. Vail, R. F. Williams, De Williams W. H. Dinds F. Williams, running almost building. The The fire was discovered about o'clock by Patrolman Morris, who secured water and extinguished the flames without o'clock turning in an alarm. - The fire had its way almost through one place in the base-board in the hall and in a very few minutes

would have been beyond control. A sus-pect was arrested early this morning and is still in jail.

Dunkards En Route for Dakota. ST. PAUL, Minn., April 2.-Nearly 3,00 Dunkards and Mennonites passed through

St. Paul today en route to their new home St. Faul today en route to their new homes in North Dakota. This is the largest sin-sle movement of settlers ever seen in the northwest. They left this noon in two spe-cial trains over the Great Northern and Northern Pacific. The Great Northern es-timated that its special took out 1,442 men, women and children, unquestionably the largest trainload of settlers ever carried.

Youthful Escapade.

ATLANTA, Ga., April 2.-J. P. Atkinson the 17-year-old son of Governor Atkinson the 1-year-old son of Governor Atkinson, and Miss Ada Bryan Bird, aged 14, eloped this morning. They took a train for Ten-nessee, but fearing detection they left the train, secured a horse and buggy at King-ston and left for Rome. The parents of the youthful couple are greatly shocked at the conduct of the pair and have offered a Feward for their detention, if appre-hended before the morrhors takes place speak ard for their detention, if appre-before the marriage takes place. apendicitis.

One Killed by Cyclone. WARREN, Ark., April 2 .- A cyclone passed over the southern portion of Cleveland county yesterday, destroying twelve or fifteen coun-

try residences and injuring ton or fifteen persons. Will Shirley was killed and others are seriously injured. Touched for a Thousand.

D. L. Wilson, a stockman from South Omaha, was touched last night for \$1.275 at the corner of Thirteenth and Farnam streets by Harry Mailoy.

day's pay from the city. He was notified of this fact at roll call last night. According to statements made by those in authority Officer Brown on last Monday night acquired a large and enthusiastic jag, and in order to let people who might be sleeping know that he was on earth and walking his beat he fired his revolver in the air five times Officer John Riches and Night Watchman Murphy hurried to Brown to see what was the cause of the shooting. When they discovered the condition of the officer they When they left him after admonishing him to no more. The matter was reported to Mayor Ensor, who promptly discharged Brown and ppointed Tom Montague to fill the vacancy. Officer Riches was laid off five days for not arresting Brown when he found him drunk on

he streets. Will Order a New Bridge.

A special committee of the city council composed of Messrs. Hyland, Schultz and Franck, in company with the city engineer, visited the old bridge at Twenty seventh and Armour streets yesterday and decided that a train. new structure would have to be built Th

ecent rains weakened the structure to such an extent that when a drove of cattle passed over the supports gave way. The timbera of the bridge were badly broken and lay in a heap at the bottom of the creek, all of the cattle escaping without injury. Some of the lumber can be used in building a new bridge but not much of it. Engineer Beal estimates that it will cost between \$300 and \$400 to rect another bridge.

The One True Blood Purifier == Severe Case of Scrofula

eral

Spring

Medicine

Now is the time to purify

your blood, and for this pur-

pose there is nothing equal to

Hood's

Is the Best Spring Medicine and One True Blood Purifier. Sold by all druggists.

Price \$1, six for \$5. Prepared only by C. I. Hood & Co., Lowell, Mass.

One of the most painful sights upon which human eyes have looked is a helpless child suffering with great scrofulous sores or other afflictions due to impure blood. Hood's Sarsaparilla has done a most beneficent work in purifying the blood of children, and relieving them of dreadful suffering. It is gratifying to read the testimonials of parents who have watched the development of scrofulous taints in their children and who have tried first one medi-

cine and then another, without avail, until Hood's Sar-

saparilla was tried and did its great work of making the tainted blood pure, rich and healthy. The following letter is one of thousands of similar character:

C. I. Hood & Co.,

Lowell, Mass.: "Gentlemen-We are so glad that our boy has derived so much benefit from Hood's Sarsaparilla that we cannot help telling our friends about it, and wish to make this statement so that a wider circle of people may

know of this marvelous cure. Edgar is now eleven years old, and about three years ago was

Taken Sick With Fever

and had erysipelas and deep sores on his right arm. Sixteen months ago he was entirely helpless, and remained in this condition until June. The disease

HOOD'S

caused dreadful sores on his arm. discharging continually and itching and burning night and day. We had several physicians and used the medicine and means we could think of to effect a cure. His gen-

Health Was Very Poor

and he was so weak that he could not walk; in fact, he dld not take a step for nine months. In June we gave up physicians and all other treatment and began to give Hood's Sarsaparilla to the boy. It was

> soon evident that we were using the right medicine. The wonderful blood purifying powers of Hood's Sarsaparilla soon began to assert themselves. There was an appreciable change in Edgar's condition when he had taken the medicine but a few weeks. When he had used two bottles he could stand up on his feet, and continued to gain strength and improve so that in three months he was able to walk around with a crutch. He has

Sarsaparilla with the aid of a crutch. He has gained in flesh and looks as well as over. The erysipeually healed. We do not believe our boy would ever have walked again if he had not taken Hood's Sarsaparilla. We tell everybody that this great medicine did it all. His cure is regarded as truly wonderful and Hood's Sarsa-

parilla is meeting with praise from all our friends."

Sarsa-parilla
