

WOMEN'S BOARD ADJOURNS

Completes the Work of Its First Session in Peace and Good Order.

SUPPLIES ONE VACANCY IN THE BOARD

Committees Are Appointed to Secure for Omaha National Meetings of Departmental Teachers in the Exposition Year.

The Board of Lady Managers of the Transmississippi Exposition resumed its session yesterday morning. All of the members were present except Mrs. Munro of South Omaha and Mrs. Mcintosh of Omaha.

Mrs. F. M. Ford, who was elected secretary, was introduced to the board by President Sawyer. Mrs. Ford thanked the members for the honor conferred upon her and promised to perform the duties of the office to the best of her ability.

At the suggestion of the president the board proceeded to hold a "love feast" for informal discussion. It developed very soon that the members had a very indefinite idea as to whether any money was to be expended through the board in securing exhibits.

Mrs. Harford explained that when the buildings and grounds were finished by the exposition association it could not be reasonably expected that exhibitors should be paid for making exhibits.

Miss Fyffe of Hastings suggested that a special feature should be made of schools of the rural districts, for the reason that these schools are an important factor in all western states.

The president suggested that an effort be made to secure a portion of the Nebraska appropriation as soon as the state commission shall have been appointed by the governor, her idea being to have a portion of the appropriation set aside for an educational exhibit.

Mrs. Cudaly moved the appointment of a committee of two to confer with the commission to be appointed by the governor. The motion was carried, and a motion by Mrs. Field that the committee consist of the president and secretary was also adopted.

A communication from Mrs. Mcintosh, tendering her resignation, was read. A motion by Mrs. Keyser that the resignation be accepted was adopted.

The matter of filling the vacancy was taken up at once, and Mrs. Harford nominated Mrs. Stella Rosewater Feil. Mrs. Harford said that Mrs. Feil was the only one on the list at the election held in Omaha, being the next below the eleventh woman elected.

Mrs. Keyser doubted the policy of establishing the position of taking the next highest on the list, as it might prove troublesome. She said Mrs. Feil was a highly qualified woman and should be elected solely on her competency without regard to the vote at the election.

MRS. FEIL ELECTED. The vote was taken by raising and Mrs. Feil was unanimously chosen.

Mrs. Chittenden said she was a delegate to the International Kindergarten association which meets in St. Louis next week, and she moved the appointment of a committee of two to send an invitation to the association to meet in Omaha in 1898.

The motion was adopted, and Mrs. Chittenden in extending an invitation. Mrs. Harford moved the appointment of a committee to secure the holding of the 1898 session of the National Educational association in Omaha.

This was adopted and Miss Foss, Miss McHugh and the president and secretary were appointed as the committee.

Mrs. Ford suggested that the National Music Teachers' association meet in New York City early in May and recommended that steps be taken to secure the meeting next year for Omaha.

On motion of Mrs. Reed an invitation was extended to the association and Mrs. Cudaly and Mrs. Hollenbeck were appointed a committee to secure the cooperation of western musicians in this connection.

Miss Hiltz suggested that the Western Drawing Teachers' association will meet in St. Louis next week, and a motion was taken authorizing Miss Hiltz to extend an official invitation to the association to meet in Omaha next year.

Mrs. Field moved the appointment of the two members of the board from each congressional district to reach the summer schools and normal schools. The motion was adopted.

Mrs. Martin brought up the question of the expense of the outside delegates. She said something should be done to at least lighten the burden of the outside delegates and she moved the appointment of a committee to see what arrangements could be made by the exposition executive committee.

The motion was adopted and Mrs. Martin and Mrs. Cudaly were selected as the committee. The committee was instructed to report to the executive committee, and then the board adjourned.

The executive committee of the Board of Managers held a short session yesterday morning before the board meeting adjourned. All of the members of the committee were present except Vice President Kimball. Mrs. Frances M. Ford, the secretary of the board and of the committee, was installed in office.

The work of the committee was discussed in an informal manner after Mrs. W. P. Harford had been chosen as temporary chairman.

The method in which the work of the board should be formulated the subject of a prolonged discussion. The province of the Board of Managers being to assume full charge of educational matters in the broadest sense of that term, the discussion naturally turned on the classification of the various educational branches. The discussion was very general, but no definite action was taken before the time arrived for the entire board to meet and the committee adjourned without perfecting a permanent organization.

Applications for Concessions. The Department of Concessions is receiving a large number of applications from persons desiring the privilege of selling lemonade, cigars and similar articles on the exposition grounds during the inauguration ceremonies on Arbor day, April 22. Applications for these privileges will be received by this department until April 13 and should be addressed to A. L. Reed, manager of the department, Paxton block.

ORCHARD & WILHELM CARPET CO. LAST OF THE SERIES OF LUNCHEONS. They Will Close in Connection with a Sale of Easter Articles.

In the parlors of the First Presbyterian church on Friday a delightful time is expected in connection with the luncheon sale from 10 to 4, and the usual Friday lunch from 11:30 to 1:30 o'clock. This will fittingly close the splendid series of Friday lunches which the ladies of this church have been serving during the past six months.

These lunches have formed a most enjoyable part of the social life of the church and it has become quite the thing for friends and members of families to meet at them and to talk over the news and the development of the church social life secured as their compensation.

In connection with the lunches the ladies have also served refreshments and prepared them from week to week has been great, requiring considerable self-sacrifice on the part of the ladies, but the pleasure which has thus been secured to so many and the development of the church social life secured as their compensation.

It is a matter of deep regret to the many who have been accustomed to meet here from week to week that the time has come to close. But the double attraction on this Friday of an unusually good lunch and the sale of articles appropriate to the season, will help to reconcile them to giving them up for a time.

HE SIGNED AS SURETY ON A BOND. Having to Pay He Now Brings Suit Against the Principal.

Matthew Mullen of Salt Lake City has brought suit in the United States circuit court against Simon J. Lonergan of Broken Bow, Neb., to recover \$11,545.68, with interest from April 1, 1892.

The story of the money involved in litigation. They were beaten in a suit in the lower court of the territory, and appealed to the supreme court of the United States. To make this appeal it became necessary for them to give a bond, which they did, with Matthew Mullen as surety.

The parties were again beaten in this last appeal, and the defendants failed to pay the judgment of the court. The story of the money involved in litigation. They were beaten in a suit in the lower court of the territory, and appealed to the supreme court of the United States.

PLANS OF NEW RAILROAD

Effective Work Accomplished for Omaha by Commercial Club.

Division Headquarters for Omaha. Kansas City, Pittsburg & Gulf Decides to Open Offices Prior to the Road Reaching This City.

It is not generally known that for the past two months the Commercial club of this city, through its executive committee, has been exerting strenuous efforts to secure the headquarters of the Kansas City, Pittsburg & Gulf railroad for Omaha.

Every pressure has been brought to bear upon the president, S. H. Wells, and other officials of the road that will ultimately connect Omaha with the Gulf of Mexico. This movement has not been altogether in vain.

Although the headquarters of the entire railroad will not be brought here, it is now an assured fact that division offices will be located in this city.

This bit of interesting news has been under the care of the Commercial club's executive committee for some time and was first given publicity at Tuesday's monthly banquet by J. H. Dumont. The headquarters of the great north and south transcontinental line will remain in Kansas City, where the offices of the Missouri, Kansas and Texas Trust company, the financial ally of the railroad, are located.

The interests of Omaha, Martin and Stillwell, the leading business men of the new road, are well and they consider that point would be more central for headquarters than the northern terminus of the road.

Thomas C. Sherwood has been appointed general manager of the Kansas City & Northern railway, the northern branch of the Pittsburg rail road, and will establish the office of the northern division in this city and the affairs of the new road between here and Kansas City will be governed from here.

Length of this division will be 212 miles. Just where the division office will be located in this city, has not been decided by the management of the road, but will be several months yet before the road between Omaha and Kansas City is in operation, and it is learned officially that the division office will be located in Omaha a short time before the completion of the road.

RAILROAD MEN IN CONFERENCE. Talk of a Bureau of Statistics and Information.

General Passenger Agents Francis of the B. & N. railroad, Louis of the Union Pacific and Buchanan of the Elkhorn were the Omaha representatives at yesterday's meeting of western passenger agents. At this meeting was presented a scheme for the establishment of a passenger organization to be known as "The Western Passenger Bureau of Statistics and Information."

To all intents and purposes the association will resemble the Western Passenger association, which has retired from business out of deference to the opinion of the United States supreme court about the legality of the proposed transformation will be that Chairman Caldwell can no longer insure his rates agreed upon in the association. He may, however, keep all western roads informed of the passenger rates made and request them to conform to the general rates.

The scheme provided for the election of an executive committee of seven members and the retention of Chairman Caldwell and his forty clerical assistants. As heretofore there will be three divisions, the one covering the lines between Chicago and the Missouri river, another those between the river and the Rocky mountains, and a third consisting of all lines transacting business west of the river. Passenger men generally are of the opinion that the bureau of information will be formed, although there may be some slight changes from the scheme as it is now proposed.

RAILWAY NOTES AND PERSONALS. General Agent Nash of the Milwaukee is in Denver on a business errand.

Mr. and Mrs. John H. Stees of St. Paul and Miss Hollins of Philadelphia are the guests of A. H. Stees of the Union Pacific.

Actuary Alexander of the master-in-chancellor's office, Union Pacific, returned yesterday from a trip through Wyoming, Idaho, Utah and Montana.

Master-in-Chancellor Cornish of the Union Pacific receivership has gone to Boston, where he will be engaged in conducting examinations for the bond to give a bond, which they did, with Matthew Mullen as surety.

William E. Heathcote of the Union Pacific coal department returned home yesterday after a month's absence in the east. He was accompanied by Mrs. Heathcote, daughter of Mrs. Joseph Sibley of Pennsylvania. Since their marriage Mr. and Mrs. Heathcote have enjoyed an extended trip through the east.

ENJOYERS IN A BUTCHER SHOP. Destroy and Carry Away the Contents of the Room.

The butcher shop of M. Lessor, 112 North Twelfth street, was again entered Monday night. The burglar broke a pane of glass in a rear window and in this way reached the window catch and then raised the window. A set of scales was taken and dashed to pieces on the premises. A heavy register was carried away. This was the second time the railroad tracks in the southern portion of the city. It was badly damaged. No other property was stolen.

It is believed that the thief who was not entered for the purpose of burglary, but with the deliberate intent to destroy the contents out of revenge for the prosecution of the two Glover boys, a couple of weeks ago.

Thought to Be Demented. A woman about 50 years of age, gray-haired and poorly clad, was picked up by the police yesterday and taken to the station. She said her name was Catherine Heckard and that she resided at Elkhorn. She said certain parties had started to foreclose a mortgage upon her home, and that she had walked to this city in the hope of getting some one to loan her money with which to release the mortgage. She also talked of some party whom she thought had designs on separating her from her children.

Mrs. Heckard is thought by the police to be insane. She has a history of nervous troubles. The police have communicated with the authorities at Elkhorn in an effort to locate the family of the woman.

DRUNK FOR TWENTY YEARS. A correspondent writes: "I was drunk on and off for over 20 years, drunk when I had money, sober when I had none. Many of my friends I lost, and numbers gave me good advice to no purpose, but, thank God, an angel had come at last in the form of my poor wife, who administered some of your medicine to me without my knowledge or consent. I am now saved, completely transformed from a worthless fellow to a sober and respected citizen. Full particulars of this marvelous remedy will be gladly sent free for two two-cent stamps to cover postage. Write to Henry C. Hays, 66 Broadway, New York City."

TREE-PLANTING CRUSADE BEGINS.

Real Estate Exchange Discusses Beautifying the City.

The discussion of the best methods to secure tree-planting in front of the homes of Omahans in order to beautify the streets of the city for the coming exposition occupied the attention of the Real Estate exchange at yesterday's meeting. It was decided to take action on the subject of tree-planting throughout the city. The organization of the Board of Public Works was assured. If any household is in doubt where the trees to be planted in front of his home he should have the advice of an engineer of the Board of Public Works without charge.

Superintendent Adams of the city parks is to write a short article on "How to Plant Trees, and Where They May Be Obtained." These pamphlets will be printed by the Real Estate exchange and distributed throughout the city. The services of Hon. J. Sterling Morton will also be enlisted in the movement. According to a resolution passed at yesterday's meeting all real estate agents representing foreign property owners will at once communicate with the Real Estate exchange in order to cooperate in the purchase of sufficient trees to ornament the streets in front of their properties.

A. L. Reed announced to the meeting that he had just given an order for 500 trees to be planted in front of the houses owned by him, and several other real estate men said they would follow with a similar order. A special effort will be made to secure the planting of trees along the street car lines of the city.

The city was divided into districts and each member of the exchange given some portion of the city to look after, with a view to securing the cooperation of the Real Estate division made is as follows: First and Second wards, F. K. Darling; Third ward, W. H. Gates; Seventh ward, George N. Hicks and M. J. Kennard; Eighth ward, W. B. Taylor; Ninth ward, E. A. Benson; Tenth ward, Harry Westerdahl; Dundee Place, W. L. Selby and J. H. Parrotte.

Free Market Established.

The chairman of the Real Estate Exchange Bureau of City Decoration, George H. Payne, has issued the following announcement: To Free Dealers and Nurseries: The Bureau of City Decoration has established a free market at the southeast corner of L. Perrine and Douglas streets, and request all tree dealers to send their trees there for sale. They also request that the owners of all kinds of shade trees to the Board of Park Commissioners; all trees to be at least three inches in diameter, at a place two feet above the ground, must be straight, fit trees, with good roots.

We request all property owners to take this notice to the south of the east corner of Eighteenth and Douglas streets and select trees. A competent man in charge after Thursday morning, April 8.

LOCAL BRIEVITIES.

The city has begun suit against James O'Rourke to compel him to remove a lot of Twelfth and Webster streets, which is alleged to be a part of the public thoroughfare.

The Omaha Gas Manufacturing company has been granted permits for the construction of two brick tanks at Seventh and Leavenworth streets. They will cost \$2,500 each.

Members of the Hanson Park Methodist Episcopal church will give a concert at the church this evening. An unusually fine program is said to have been prepared for the occasion.

William O. Gilbert, administrator of the estate of Emily B. Hoepeler, has made application to the district court to set \$2,200 aside in order to pay the claims against the estate.

Articles of incorporation of the Omaha Gas company were filed with the county clerk yesterday in order to pay some of the claims against the estate.

Reverend L. Brit will talk on "Army Life and Experiences" at the Young Men's Christian association hall this evening. The proceeds of the lecture will be used in the erection of a monument in Forest Lawn cemetery.

A suit for \$1,500 damages has been begun in the district court by Mollie McLeod against a brick contractor for the amount of \$1,500 which she was financially injured to that extent by the grading of Third-fifth avenue, south of Leavenworth street.

The heavy rains that fell at work again and the down town district is being rapidly put in a presentable condition. The heavy rains of the last few days have washed away the mud and work and a large part of the winter's accumulations has been washed into the sewers.

Special meetings, preparatory to commencement, will be held in the Central United Presbyterian church Thursday and Friday evenings of this week. Rev. John McQuaid of the First Methodist Episcopal church will preach this evening and Rev. H. P. Eppy of the United Presbyterian church, South Omaha, tomorrow evening.

INJUNCTION CONTINUED IN FORCE.

Court Modifies Restraining Order in Associated Press Case.

The case of The Bee Publishing company against the Associated Press to enjoin the latter from making a contract to deliver news to any newspaper within sixty miles of Omaha, came up before Judge Keyser yesterday. The Lincoln Journal and World-Herald came in with a petition asking for the right to intervene.

Mr. Simeral, for the Bee, interposed a motion for a continuance in order that he might have time to consider defendant's petition. The case was quite exhaustively argued by Mr. Simeral for the plaintiff and by Attorney General L. Perrine for the defendant. The decision of the court was that the intervenors were entitled to file their petition for intervention, and the plaintiff one week to answer this petition and file a showing or plea and the intervenors one week additional to reply.

The restraining order was modified to the extent that in the interim the Associated Press may furnish news temporarily to such papers, but in all cases must make any contract of any description with the World-Herald other than the temporary delivery of the press reports. The hearing of the case was then set for Friday, April 23, at 10 o'clock a. m.

Approves the Plan. The following is a copy of a resolution adopted at a meeting of the executive committee of the Commercial club held Tuesday:

"Whereas, a bureau has been organized to beautify the city by getting trees planted and buildings painted, and generally improving the appearance of unimproved buildings, and whereas, the committee of the Commercial club has generally approved and endorses the work of the bureau, and whereas, it is the duty of all citizens to act promptly in this matter, so that the city will be put in presentable appearance before the exposition opens.

Given Thirty Days Each. Henry Boyle and Henry St. Claire, the two confidant men who were identified as the parties who worked a "con" game upon Soldier McLaughlin of southern Missouri and St. Peterson of Atlantic, Ia., a few days ago, were convicted yesterday in police court of the charge of obtaining money under false pretenses and were sentenced to thirty days in the county jail. An appeal to the district court was taken by the men. They secured \$30 from McLaughlin and \$250 from Peterson.

After the "Hot Tomale Men." Ladies' Inspector Hartigan yesterday morning caused warrants to be issued for the following "hot tomale" and "welterwart" peddlers on the charge of peddling without a license: Alonzo McKay, Mike Wilgus, Clarence Constantine, E. J. Woodcock and H. Brown. The men appeared before Judge Keyser on the first of the year, but were allowed additional time in which to raise the necessary money. They failed, however, to take
