Russian Minister Asks Them to Observe an Expectant Attitude in Case Either Warring Nation Calls for a Truce.

ATHENS, April 20 .- The news of the cap-

ture of Damasi has put a new complexion upon the situation on the frontier, is a great encouragement to the government and is likely to have the most exhilarating effect upon the spirits of the Greeks, who had been greatly depressed by the reverses of their troops at Milouna Pass. This success, and the fact that the fall of Prevesa seems imminent, virtually offsets the calamity of Milouna. If the Greek divisions effect a union at Damasi, as is expected, there is almost nothing in the way of the immediate advance to Elassona. If Tyrnavo falls into the hands of Edhem Pasha and the Turkish troops sweep down upon the plain and adto Larissa to meet the force concentrated there under the crown prince, they will be between two grand divisions of the Greek army. This seems to have been the

object of Greek strategy. Should the Greeks succeed in reducing the forts at Prevesa, as now seems probable, and occupy the town with the large land force co-operating with the bombarding war ships, the road to Janina would be open and the Turkish troops in Epirus placed at the most serious disadvantage. The situation in the valley of Prevesa of the Turkish division in Albany is that so long as it remains in the hands of the Turks it makes possible a steady line of munitions and food supplies. With Prevesa in the hands of the Greeks this line would be promptly cut, and it would be prac-tically impossible to revictual the Turkish roops by the long route through Macedonia. On the other hand, the Greek troops could

be revictualed by sea. PLANS OF THE FLEET.

It is stated here in well informed circles that the eastern squadron of the Greek fleet, which will shortly be reinforced by the ironclad Spetzia, is planning an important move-This is probably directed against Salonica. If this is made with despatch, it is quite possible that the Greek ships could reach the gulf and shell the town of Salonica before the Acgean squadron of the Turkish fleet could intervene. The object of such small hill from which they fired but feebly a bombardment would be to cut off the at the Turks. Finally two Turkish mountain Macedonian line of supplies to Edhem Pasha's camp at Elassona. Should the Greek troops advance from Demasi to Elasconn the line of Turkish supplies cut at that point and render the naval move-ment unnecessary. And it is possible that the brilliant success at Damasi will cause modification in the program of the Greeks. Taking a general survey of the field tonight (midnight) the fortunes of war thus far are pretty evenly divided, but the chances for the immediate future are decidedly in favor

Another division of the Greek troops, it is reported, has traversed the Reveni Pass and captured three block houses. This division has almost reached Daniasi, where it will effect a union with the force that captured the town. The 20,000 troops under General Smolenitz displayed the greatest bravery. Reveni lies tweive miles northwest of Larissa. Edhem Parha, with a force variously estimated at from 10,000 to 14,000 troops, led seven assaults against it yesterday, but all were restantine has telegraphed here that the Turks at that point were completely and finally re-

In Athens greater attention has been paid to the operations in the neighborhood of Reveni than to those at Milouna Pass, The theory all along has been that if the Greeks could establish themselves at Damasi their road would lie open to Elassona.

The exact situation at Tyrnavo is somewhat in doubt. The news from that point is conflicting, but there is no confirmation of the rumor that the place has been captured by the Turks. What seems to have happened is that Tyrnavo was evacuated in order to send troops forward to Reveni and was then reoccupied by troops returning from Milouna. EARLIER ADVICES. MILOUNA PASS, April 20.—(Morning.)— Active preparations for a general advance have been in progress since daybreak. LONDON, April 20.—A telegram to the Times from St. Petersburg says that Count Muravieff, the Russian foreign minister, has dispatched a circular note to the powers, advising them to observe an expectant at-titude, in case either Turkey or Greece should request intervention. A dispatch to the Times from Cairo says: The Turkish government has called upon the khediye to expel all Greeks from Egypt. As the Greeks number 50,000 and are the chief promoters of commerce and trade their removal is desired by none save the old Turkish party. It is probable that France will undertake to protect them, and thus the expulsion will be avoided.

ELASSONA, April 19 .- (Headquarters of the Turkish army in Macedonia)-Night: The Turkish army this afternoon began cannonading Tyrnavo, the Greek town to the northwest of Larissa, and only about ten miles from the Greek headquarters, the Greeks having fallen back upon Tyrnavo. The whole chain of mountains from Tchaissza to the Milouna pass is now in possession of the Turks. The last brush on the hills was very brief, the Greeks making but little resistance. The Turks have captured several prisoners, including an Italian volunteer.

Desultory firing took place all the morning and finally at 1 p. m. today (Monday) Hairi Pasha sent four battalions to drive the enemy from the hill referred to. In twenty minutes it was all over. The resistance of the Greeks was feeble and many of them sur-rendered to the Turks. The prisoners were mostly young and sturdy men. After the capture of the last Greek position the Turks advanced, singing as they marched forward, and occupied all the remaining heights.

On reaching the summit of the hills of Tyrnavo, the Greek frontier town situated about ten miles from Larissa, the Turks observed that the Greeks were occupying a small hill from which they fired but feebly batteries were brought up to the summit of the hill occupied by the Turks and from that position began bombarding Tyrnavo. Under cover of this fire the Turkish infantry advanced and captured a spur opposite the Greek blockhouse. Orders were given to the Turks at 5 o'clock to take the blockhouse by assault. The death of Hafiz Pasha, the Turkish ommander who was killed in the fighting which took place in the Milouna pass Saturday, is greatly lamented. He was 80 years of age, and while advancing at the head of his troops was urged to dismount and rest. The old pasha replied:

"During the Russian war I never dis-mounted, and why should I do so now?" Soon afterward Hafiz Pasha was wounded in the arm, but he still remained in the saddle. Later a second bullet struck him on the hand, but yet the old warrior refused to retire. Finally a third bullet broke the government and added that he held written gallant pasha's spine and he rolled from orders from the department at Washington his saddle dead.

LONDON, April 20.—A special dispatch from Constantinople says that after a series of furious engagements Edhem Pasha, Turkish commander-in-chief, has occupied Tyrnavo, ten miles from Larissa, in force. The dispatch further says that General Abdu Azel Pasha was among the killed. In conclusion the dispatch says that Turks will now immediately advance by forced marches upon Larissa, the headquarters of the Greek army in Thessaly.

These are the men who will administer the public affairs of Omaha during the next hree years. The election yesterday was a riumph for good government and the republican ticket. In spite of the drenching rain that reduced the vote to a minimum and operated to materially lessen the republican najority, and notwithstanding the treachery of Broatch and his allies, who have persistently knifed Frank E. Moores during the campaign, the entire republican ticket was elected with the possible exception of two councilmen. Colonel Moores beat Howell by over 200 votes, and the other candidates won out over their fusion opponents by decisive najorities. The only consolation left to the fusion crowd was the election of Charles O. Lobeck and Frank J. Burkley as councilmen
