Failure of the Printing Board to Act Bothers Departments.

STATE PRINTER IS NEEDED JUST NOW

Work Must Be Done and the Giffelnls Are Ignoring the Law Passed by the Late Legis-Inture.

LINCOLN, April 27 .- (Special.) - There is some complaint being made by those in charge of the state institutions because of the slowness of the State Printing board in organizing and supporting a state printer or expert as provided by house roll No. 571. Until the board acts there is no way for the different departments to get needed printing done, except to order it, regardless of the new law. The University of Nebraska is already advertising for bids for the printing of the annual catalorue, as if no new provision had been made. Two or three persons who have applications in for the appointment as state printer are also complaining because the board does

SCHOOL DISTRICTS GO TO LAW.

Trouble Over the Division of License Money at Grand Island.

GRAND ISLAND, Neb., April 27 .- (Spe cial.)-The school district of Grand Island has been sucd in the sum of \$20,860. Four adjoining school districts each filed muit in the sum of \$5,215.24 yesterday afternoon. The petitioners, after setting forth that they are duly organized school districts with such and such boundaries, and outlining the boundaries of the school district of Grand Island and the city of Grand Island, allege that during all of the years of 1893, 1894 and ceived from fines and licenses under the utes of the state of Nebraska and of the ordinances of the city of Grand Island, passed in pursuance thereof, the sum of which is \$26,076.20. Their claim is based on the "provisions of section 4 of article viii of the constitution of the state of Nebraska then in force," they alleging that under the same "the said sum of money so received and collected by the said city of Grand Island for fines and licenses, as aforesaid, belonged in equal parts to the aforesaid five school districts, each of whose territory. or a portion thereof, was a part of the said city of Grand Island. Plaintiff further alleges that all of the said sum of \$26,076.3 so received and collected as aforesaid, b the city of Grand Island for fines and 1 censes, as aforesaid, was by micrake of W. R. King, city treasurer of the said city of Grand Island, and without the knowledge consent of the plaintiff turned over to and paid to the defendant and the said defend-ant received the same for the use and bene-fit of this plaintiff (four districts) and the defendant," and that the defendant had paid no part of said sum. is further alleged that the defendant

district had wrongfully converted to its own tase the said money, and "though often requested to do so by demand of the proper quested to do so by demand of the proper authorities has hitherto and still does refuse to pay the sum or any part thereof."

However, no such claim was ever made while the law under which it is now made was in operation, and though overtures for a compromise were made to the school district of Grand Island the officials of the latter prefer to fight the matter to a finish in the courts and a long legal battle will undoubtedly result. undoubtedly result.
